REAL ESTATE AGENT

88 Great George Street

Telephone 1376

Property owners sometimes feel that they can save money by renting their own properties instead of employing an established Real Estate Agent. This is rarely the case, for the additional rentals received because of the less time that an agent takes in finding a satisfactory tenant exceeds considerably the agent's fee. In addition all advertising and leasing charges and worries are saved. In two days last week I obtained a satisfactory tenant for a house that had been vacant for months.

I have a large number of prospective tenants for houses and apartments, and shall be glad of more properties to offer both to rent and to sell.

MORNING STOCK LETTER

(Received over Pitfield and Co's Private Wire)

NEW YORK, June 18—The price of gold is the same as yesterday. There is a better tone to the London market but it is quiet. The action yesterday of the U. S. Labor Department in appointing a mediation board to try to settle the strikes of the independent steel companies should improve confidence. When the market acts as it did yesterday and closes practically at the top it is usually followed by a further advance. We would not expect more than a technical rally at this time and the probability is that yesterday's advance subject to minor profit taking will carry further market leaders will probably carry higher but we still believe a trading policy can still be followed because the probability is that before the market resumes an important upturn a sidewise movement will develop.

MINING

(By The Associated Press)

TORONTO, June 18—The Toronto share market lacked interest today. The early trade brought low prices among the golds while other groups held within a narrow range and the last hour or two developed a slightly better tone in the metals. Few changes were boarded in the junior oils.

Big metal producers were quiet with Noranda up 1-2 and Hudson Bay down a shade. Sherritt, Chromium and Pend Oreille closed slightly lower and Falconbridge firmed 20 cents. Eldorado weakened 8 cents.

Senior golds displayed more strength than the cheaper issues. Lake Shore finished the day at 49 1-4 for a gain of 1 3-8 and Hollinger, Teck Hughes and Wright Hargreaves gained narrowly. O'Brien held the chief interest as it swung down twice to 7.30 and each time recovered part of the loss. The close at 7.45 was off 30 cents net. Anglo-Huronian dropped 20 cents, and losses of 5 to 10 cents were recorded for Hard Rock, Big Missouri, Macassa, Pamour, Read-Authier, Siscoe, Sladen and Sylvanite.

Junior oils to show small gains at the close included A.P. Consolidated, Calmont, Foundation, Highwood and East Crest. Vulcan added 17 cents and Calgary-Edmonton and Okalta closed down 10 to 15 cents. Royalite added a point in broken lot sales.

Market Closes Lower After Early Rally

BY FREDERICK GARDNER
Associated Press Financial Writer

NEW YORK, June 18—(AP)—Stocks displayed further rallying tendencies in today's market but the forward tempo slowed perceptibly and many issues were unable to join the procession. Wall Street apparently was still pleased with the United States Government's intervention in the steel strike.

The list got off to a fairly good start only to meet increased offerings which knocked down leading steels, motors and coppers. There was a subsequent reversal of trend when utilities came to the fore. Oils and a few rails also were given a push.

Traders again cashed in part of their gains in the concluding hour and top marks of fractions to 2 or more points were lowered or cancelled in many instances before the sound of the final gong.

Transfers dwindled to 694,330 shares from 1,259,10; yesterday. The Associated Press average of 6 issues ended with an advance of .2 of a point at 64.6.

Canadian stocks followed an upper trend. Lake Shore advanced 1 5-8 points to 49 1-4. International Nickel 1 1-4 to 58 5-8 and Shawinigan a point to 27 3-4. Minor improvements were scored by Dome, Distillers-Seagram, McIntyre, Ford, Hollinger, Imperial oil and Massey Harris. Canadian Marconi, Walkers and Quebec power were unchanged.

Business news, on the whole, was to the liking of recovery proponents. Especially cheering was the week-end review of Dun & Bradstreet reporting an upturn in retail sales despite strike setbacks.

SUPER POWER MEANS Super Value

● The reserve power that is built right into a Westinghouse is of very real importance in comparing refrigerator values . . . For Westinghouse Super Power means dependable food protection no matter how hot the weather may get . . . It means greater operating economy too, because its percentage of operating time is reduced by the extra power . . . And, most important, it means extra years of service, since the mechanism is never operating under a strain to keep up with the refrigeration requirements. Let us prove these facts to you by actual demonstration.

APPLE BUTTER.

Wash the apples and cut them in eights. Cook them in a small amount of water until they are tender. Put them through a sieve. To each cup of pulp add 1-2 cup sugar and cook the mixture until it is thick. If the apples lack flavor a small amount of lemon juice and grated rind may be added. Pour into hot, clean glasses and seal. If desired, spices may be added to the fruit while it is cooking.

A very delicious apple and plum butter may be made in a similar manner by using about three times as many apples as plumbs.

Advises Hitler On Family Affairs

SHANGHAI, June 17 — (AP)—Sin Wan Pao, Shanghai's leading Chinese-language newspaper, advised Adolf Hitler and Benito Mussolini today to follow the example of General Yang Sen if they want to increase the German and Italian populations.

To prove its point, the paper published the record of General Yang, a leading War Lord.

"Only 40 years old, General Yang has a child for each year of his life", the newspaper said.

"Although 27 wives and concubines assist him in rearing his heirs the family has grown so big that the General often is puzzled over which is the eldest child".

The Italian government will aid the government of the province of Bolzano, near the Austrian border, in founding an industrial center in connection with exploitation of mineral resources.

Quiet Session On Montreal Stock Market

MONTREAL, June 18—(CP)—Stocks tended to drift at fairly even levels today as the market reacted to different pressure to establish a definite up or down trend.

Metals, rails and papers displayed steadiness while constructions and utilities were mixed volume was light on all divisions throughout the session.

Among rails and papers, Canada Car preferred Howard Smith and Bathurst were unchanged while Canada Car and C.P.R., at 16 and 123-4 respectively were each up 1-4, and St. Lawrence Corp. preferred up 1-2.

Steady to fractionally higher were Dominion Steel at 18, Dominion Tar, Gypsum and United Steel at 7, but Canada Cement lost 1-8, Dominion Steel preferred 1-2 and foundation was off 1 3-8 at 25 1-8.
