WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching, tells, with other symptoms, such as nervousness, headache, pains in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

For six years I have been doctoring for female weakness, heart and nerves, liver and kidney trouble, but in Lydia E. Pinkham's Vegetable Compound I can safely say I have found a cure.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

THE PRINCE COUNTY GUARDIAN

Offices in Summerside J. Frank Lafferty, Manager and in Alberton Herbert Clark, Manager.

—Hugh McDonald, Summerside, has returned from Sydney.

—Dr. Lefurgey, Summerside spent Sunday in Kensington.

—Mrs. C. J. Willis, Summerside, returned Saturday night from Amherst.

—Mrs. Pugsley of St. John arrived Saturday on a visit to Dr. and Mrs. Kier, Kensington.

—Mrs. Frank B. Wright of Bequeg will be at home Tuesday, Wednesday and Thursday of this week.

—There were twenty-five passengers going and fifty-five returning by the Empress to Summerside on Saturday.

—The schr. Arthur M. Gibson with 600 tons of hard coal from New York arrived in Summerside early Saturday morning.

—A rare treat is in store for all who attend the Recital by one of America's greatest Readers Mrs. Southwick, Alberton June 8th.

—The Str. Kilkeel arrived in Summerside early Saturday morning with a cargo of coal for the Railway and left again late the same evening for Port Hastings. This is the third trip within a week this steamer has made to Summerside bringing about 300 tons of coal each trip.

—A crowd of gypsies composed of two men, two women, two younger women and about 1/2 or seven children who have had a camp on the outskirts of Summerside left there for the western part of the Island on Monday last. Somewhere near Miscouche they entered a barn from which they are alleged to have stolen and destroyed several articles. On Thursday last the owner lodged a complaint and on Friday afternoon Constable H. R. Moase of Kensington arrested the two men at Egmont Bay and brought them to Wellington where they decided that the best plan for them was to pay for the damages done. It is so reported that one of the women entered a house near where they had their camp and finding that the women of the house was alone with several small children, demanded from her one dollar or she would take one of the children. The Island has no use for such characters as these.

—In view of the several petty burglaries that have taken place in Summerside lately, it would be advisable for the merchants to keep their back doors and cellar hatches securely fastened. One of the special police while on his regular rounds on Thursday night last found two cellars with hardly any fastening at all. The first cellar he found open he went all through the cellar found the door of a vault, which was full of books, open. From the cellar he went up to the first store where a lot of valuable goods were stored besides opening into an office. From there he went to the second floor from the doors between the cellar and second floors being fastened. In the second cellar he found open, it being that of one of the stores of the town, he found a lot of goods stored and the hatch between the cellar and the store could be unfastened with a small stick. The third place with a poor fastening that was discovered was that of one of Summerside's budding grocers and the policeman says that it would only be a minute's work to open the door leading from the warehouse to the main store.
