### FIRE IN MINE

((Continued from Page 1)

workmen most difficult. All day and night, both miners and mine of- ficials have been kept busy pouring water on the blaze and indications are that the fire will be out before daybreak.

Details of the fire, with those in charge of the mine too occupied to give much information, have been dif- ficult to obtain. The work of ex- tinguishing the fire is being conduct- ed under the direction of Joseph Far- rell, Manager of Princess Colliery. James Gouthro, a miner who was overcome by smoke and burns in the pit, was rescued with difficulty this morning and oxygen treatment ad- ministered in the mine for some hours before he recovered consciousness. He was removed to Harborview Hospital where his condition is reported as quite serious, but as satisfactory as can be expected. He is suffering from burns and the effects of the smoke fumes.

### HIS MAJESTY

he was host to his daughter, Prin- cess Mary, at tea. Later the Duke and Duchess of York dined with the King and Queen and then all four went to the theatre.

Although he had witnessed the same musical comedy three times be- fore, the King selected it again for the first theatre party in many months. When he and the Queen and their son and daughter-in-law entered the Royal box, the audience cheered for several minutes, delaying the rise of the curtain.

The King smiled and bowed. He wore evening dress with a white flower in his buttonhole. The Queen wore a gold tissue dress with a long train and a gild tissue wrap trimmed with fur. The Duchess of York was dressed in pink with an irridescent cloak.

ditions among Canadian miners.

Shortly before the close of the con- vention, which opened on Monday, A. R. Mosher, of Ottawa, was re- elected president and Vancouver was selected as the place of meeting in 1930.

**Says Railways Responsible For Much of Distress**

Charges that the railways were re- sponsible for much of the distress in the mining districts of the Do- minion were made by various speak- ers during the afternoon. Unequal distribution of orders was one of the factors stressed in the problem of un- employment. Orders made by the Canadian Pacific Railway Company it was charged, had to be filled with- in a three months period each year, necessitating extra workers in the mines. By equal distribution of or- ders, "legitimate workers" could be provided with work during the great- er part of the year instead of be- ing idle for nine months or forced to seek employment in other occupations

The "dumping" of immigrants in- to the mines was deplored. It was charged the railway companies "dumped" immigrants who had fail- ed at farm jobs into the mines. They worked for low wages—17 to 18 cents an hour—and long hours— 10 or 12 hours a day.

Two special sermons will be deliver- ed in Zion Church next Sabbath. With Thanksgiving in view, Mr. Fulton will preach from the words "For Ye Shall be a delightsome land." Malichi III. 12.

The topic in the evening will be "Is War a Moral Neccessity?" Prof. William James wrote, "What we now need to discover in the social realm is the moral equivalent of war; something that will speak to men as universally as war does and will yet be as compatible with their spiritual selves as war has proved itself to be incompatible." Appropriate music for this thanksgiving and Armistice Day will be rendered by the choir. The Cubs and Scouts are off to a good start. They will meet again Thurs- day evening.

### Schooner Ashore

(Canadian Press)

HALIFAX, N. S., Nov. 8.—The Newfoundland schooner Saucy Ar- ethusa went ashore on the "Breaks- ers" near Sambro early this morning and is believed to be a total loss. Captain Kennet Oxford and his crew of six, all of Newfoundland, took to a dory and were picked up by the Ocean Osprey.

The haze at "false dawn" is said to have caused the wreck. The schooner, owned by Alfred H. Ash- bourne of Twillingate, was valued at about $15,000 and insured. She was six days out of Harbor Grace with 2,700 quintals of dried fish for Hali- fax.

those of other citizens, yet these things are not allowed to divert us from the paths which seem set be- fore us. Our duty is plain, unity in plan of action for the welfare of our comrades and Empire, a comrade- ship which binds together the Em- pire and strives for the peace of the world.

Let us therefore ever labor to keep this spirit active until not only in Canada, but throughout the world it becomes the way of life.

To the returned men of this Pro- vince we would say that the Ca- dian Legion, B. E. S. L., desires to have in its membership every man and woman who have served Over- seas or in the Naval and Military Forces in Canada. Will you not join us in our endeavor to carry out the objects of the Empire League as epi- tomized by our late first Grand President Earl Haig? Unity, Com- radeship, Peace?
