Joy: "Happy the man," says Dr. Lyman Abbott, "who finds a peculiar joy in undertaking a difficult and disagreeable task, and in achieving it." Loving one's work goes a long way toward success, but it needs to be backed by the ability to do well what one does not love.

Success: Success and suffering are vitally and organically linked. If you succeed without suffering it is because someone else has suffered before you; if you suffer without success it is that some one else may succeed after you.—Dr. Edward Judson.

**Tryon and Vicinity**

The ladies of the Baptist Sewing Circle met at the home of Mrs. John Lyman of Tryon on Tuesday evening, April 26th. There was quite a large attendance and the evening was pleasantly spent in sewing and knitting. An excellent lunch was served by the hostess in her usual capable manner, which was greatly appreciated. At the usual hour the members returned to their homes highly pleased with the delightful evening spent.

Mr. Max Lefurgey of North Tryon, had the misfortune on last Saturday evening to lose their brooder, brooder-house and one hundred and seventy-five baby chicks by fire. Before it was noticed the fire had gained such headway that all efforts to save the building and its contents were fruitless. It is supposed that the fire originated from the brooder-stove.

Miss Adelaide Foley, who has been spending the past few weeks visiting her grandparents, Mr. and Mrs. Herbert Thompson of Tryon, is now paying a short visit at Mr. and Mrs. Gus Waddell's of North Tryon, before returning to her home in Port Elgin, N. B.

The cars are again "on the beat" in Tryon and vicinities, and the sound of their engines and the honk of the horns are surely a welcome change from the sleigh bells of a few weeks ago.

We are glad to see Mrs. Christie Lord of Tryon up and about again after her recent indisposition.

Some very nice catches of herring have been made by the fishermen of Tryon and vicinities during the past week. The lobster fishing season is also on, but due to unfavorable weather the catches have not been big.

Mrs. Elmer Dawson and son Kenneth, of Augustine Cove, were Sunday visitors to Tryon.

Mr. Hans Jensen of Tryon, is now engaged in erecting a dwelling house on the property of the late E. A. MacPhee, which he has purchased.

The "flu" has been prevalent in North Tryon for the past two weeks and many are confined to their homes with the disease. D.
