BESIEGED WITH LETTERS.

NEW YORK, Aug. 22—Mrs. Madeline Force Astor is fairly besieged with letters proposing marriage, or begging for money. Her mail has assumed such stupendous proportions that she has found it necessary to detail one of her servants to assist her private secretary in opening and sorting the mail.

Several of the letters are from impudent foreigners, who would woo the young widow. The begging letters ask all the way from \$1 to \$500,000. The person who asked \$500,000 wished it to start a Socialist Colony. Most of the begging letters were apparently from people who would make a business of writing wealthy people.

The little girl had been suffering for some time with rheumatic fever and notwithstanding the best medical attendance and kind and loving care she constantly grew weaker until the end came, and amidst the tears of those whom she regarded as her parents and brothers, the pure young soul took its flight to God. THE WAY OUT

Change of Food Brought Success and Happiness.

An ambitious but delicate girl, after failing to go through school on account of nervousness and hysteria, found in Grape-Nuts the only thing that seemed to build her up and furnish her the peace of health. "From infancy," she says, "I have not been strong. Being ambitious to learn at any cost I finally got to the High School, but soon had to abandon my studies on account of nervous prostration and hysteria. "My food did not agree with me, I grew thin and despondent, I could not enjoy the simplest affair for I suffered constantly from nervousness in spite of all sorts of medicines. "This wretched condition continued until I was twenty-five, when I became interested in the letters of those who had cases like mine and who were getting well by eating Grape-Nuts. "I had little faith but procured a box and after the first dish I experienced a peculiar satisfied feeling that I had never gained from any ordinary food. I slept and rested better that night and in a few days began to grow stronger. "I had a new feeling of peace and restfulness. In a few weeks, to my great joy, the headaches and nervousness left me and life became bright and hopeful. I resumed my studies and later taught ten months with ease—of course using Grape-Nuts every day. It is now four years since I began to use Grape-Nuts, I am the mistress of a happy home, and the old weakness has never returned." Name given by Canadian Postum Co., Windsor, Ont.
