

CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this Province. Mrs. Jos. B. Arsenault, Wellington, is visiting friends in this city.

Mrs. Wellington Cook, Moncton, is visiting in this city the guest of her brother Matthew McCourt.

J. B. Gaudet, Miscouche, was in the City yesterday and registered at the Queen Hotel.

The racing program at Exhibition today includes three year old class, 2.40 class, 2.30 class, trot, and all stake races have immense lists.

About two hundred arrived in the city on the S. S. Northumberland last evening, the majority of whom came over to attend the P. E. Island exhibition.

The Bazaar in charge of the Ladies of St. Joseph's Sodality opened last evening. Tea was served at six o'clock and a goodly number availed themselves of the dainties prepared by the ladies.

The home of Alexander Horne, Queen Street, City, will be the scene of a very pretty event, and one of much interest in social circles here, which is the wedding of his youngest daughter, Miss H. Louise, to J. Yeo, also of this city.

The Peoples Theatre last night played to capacity houses and the show was one of the best witnessed at this popular pleasure resort for some time.

The new reel "The Baggage Coach Ahead" was a most pathetic story by the Edison people. It was the story of the familiar song known to most people and the music by Mrs. T. ...

The Chapel of Notre Dame convent was the scene of a very pretty wedding yesterday morning when Miss Marion Elizabeth Trainor, only daughter of P. H. Trainor, of this city, became the wife of Thomas Ernest O'Connor of Somerville, Mass.

The wedding was performed by Rev. J. B. McIntyre of St. Dunstan's College, assisted by Rev. Maurice McKeown of the Cathedral staff, and the chapel was beautifully decorated for the joyous event.

Late tonight the naval authorities declared that the number of victims is greater than at first supposed, the official estimate is now given as between 350 and 400 dead, or missing. The work or rescue was quickly begun.

After having suffered from leprosy for twelve years, during which time he walked the street, worked and had unlimited opportunity to transmit the disease, Ludwig C. Dreyerow, a tailor, is dead at his home here.

Two drunks were arrested in this city yesterday and will appear this morning. At the police court in this city yesterday, V. McLeod, R. Flanagan and O. Trainor, charged with assaulting Capt. J. McDugan on Sept. 19th, were fined \$10 each. P. Scott, for being drunk was fined \$5.

Mrs. R. Gaudet, Wellington, is visiting friends in this City. The racing program at the Exhibition today, omitted from Stanley Bros and will be three year old class, two forty class, two thirty class trot. All stake races have immense entry lists.

"Hump" Campbell, of St. Francis Xavier college, and Michael Thomas, of the Abegweit A. A. A., Charlottetown, champion ten mile amateur runner of the maritime provinces, will run five miles in the college rink, Antigonish, on October 19. Although Thomas won The Herald and The Mail's ten mile road race last year, and despite the fact that he had been making better time this summer than ever before, many people believe that Campbell will get his "goat" in Antigonish. "Hump" is much better at five miles than ten, and it takes a fast man to beat him. In 1909 he was beaten by only three feet by the famous "Bob" Fowler, of Roxbury, Mass, and last year he defeated the speedy Palmer of the Wanderers, at Antigonish. Campbell and Thomas have been training all summer for The Herald and The Mail's race on Thanksgiving Day, and when they meet on the 19th of October, they should be in the pink of condition. This race, it is understood, is being staged so as to give the men a good workout before the ten mile grind in Halifax.—Halifax Ex.

Eczema 25 Years Cured by "Cuticura"

Mrs. J. B. Renaud Montreal

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, 'try them if you like but I do not think they will do any good.' At the time my leg was pained from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches.

"I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for this wonderful cure that Cuticura brought me. I always recommend it most highly as a sure and economical cure for skin troubles."—Mrs. J. B. Renaud, 277 Avenue St. Montreal.

For more than a generation Cuticura Soap and Ointment have afforded the simplest and most economical treatment for skin and scalp troubles. Sold by druggists and dealers everywhere. For a liberal sample of each, with 32-p. book, send to Potter D. & C. Corp., 49 Columbus Ave., Boston, U.S.A.

BATTLESHIP ROLL CALL

(Continued from Page 1.)

oomed ordered the bugler to sound he saved qui (let him save himself who can) and shouted to the men to jump for their lives.

At 5.35 the first explosion occurred. It was followed by three others at five minute intervals. Then came the final explosion, the terrific reverberation of which shook the windows of the whole city and was heard for a radius of many miles. The Liberte was rendered asunder, her bows were thrown high in the air, and then the vessel slowly settled down and in 19 minutes nothing was visible but the top work.

Those still on deck were hurled skyward amid a shower of iron and steel. The boats of the rescuers were sunk, and serious damage was done to the Republic which lay at anchor close by. Two of her decks were stove in, and one of the Liberte's armor plates were hurled against her port side, and demolished the cabin of an absent ensign.

For a few minutes after the final explosion an intense black cloud of smoke hovered over the harbor. When it shifted a horrible spectacle met the eyes of the people of Toulon, who awakened by the first explosion had hurried to the shore. The twisted upper works of a mangled and twisted wreck, among which struggled the seamen from the rescuing boats that had been sunk by the flying debris or sucked down in the maelstrom.

Late tonight the naval authorities declared that the number of victims is greater than at first supposed, the official estimate is now given as between 350 and 400 dead, or missing. The work or rescue was quickly begun. An ambulance station was installed on the arsenal, and Admiral Marin Darbel, Maritime Prefect went to the wreck and superintended the work of extricating those imprisoned under the shattered steel. The first body recovered was that of an officer which was hauled from under an awning with a boat hook. Up to this evening forty bodies have been taken out, and 95 injured have been transferred to the hospital.

It Will Pay You to Investigate Our Stock and Prices Before Buying Elsewhere. NATIONAL CLOTHING CO. THE ONE PRICE STORE.

Of the former there are many in large number of poses and a great variety of photographic mounts. Of the latter special interest will center around a number of sunset and moonlight views of Brighton recently taken by Mr. Laver and finished in a most effective manner. He shows interior views of a high order and a display of colored works is especially meritorious. The whole is nicely arranged around a sepia enlargement of a photo of His Honor Lieut Gov. Rogers which forms a centre piece and the booth will well repay a visit. Coming downstairs the Magnet Separator's booth is approached. This splendid machine consisting in its strongest points simplicity and durability, and in its qualities easy running and clean skimming. It's superlative scene, when portrayed by a lot factors are double supported by a square gear, one piece skimmer, rotary strainer, and it is thoroughly Canadian. C. S. Corkman, Maritime Manager, and L. H. D. Foster, P. E. I. representative, are in charge. Opposite this is G. Ballingall with the New Emprass Range—one easily the farmer's favorite—excelled for heating and strong in heating qualities, and the Capital Separator. He demonstrates four sizes in the latter all specially noted for their clean skimming, easy turning and washing propensities and their extreme durability. Carter & Co's display of wallpaper in their booth on the eastern side of the building invites attention. Here are shown, a large variety of shades patterns and style, wall paper for hall, dining or sitting room, parlor, bedroom or in fact any room. The leading manufacturer for Carter & Co. is Colin McArthur & Co., Montreal, and their productions embody the very best in distinctive brass and other serviceable metal work in this line.

FOOD AGAIN

A Mighty Important Subject to Everyone. A Boston lady talks entertainingly of food and the changes that can be made in health by some knowledge on that line. She says: "An injury to my spine in early womanhood left me subject to severe headache which would last three or four days at a time, and a violent course of drugging brought on constipation with all the ills that follow. My appetite was always light and uncertain and many kinds of food distressed me. "I began to eat Grape-Nuts food two or three years ago, because I liked the taste of it, and I kept on because I soon found it was doing me good. "I ate it regularly at breakfast, frequently at luncheon, and again before going to bed—and have no trouble in sleeping on it. It has relieved my constipation, my headaches have practically ceased, and I am in better physical condition than at the age of 63 than I was at 40. "I give Grape-Nuts credit for restoring my health, if not saving my life, and you can make no claim for it too strong for me to endorse." Name given by Canadian Postum Co., Windsor, Ont. Read the little book, "The Road to Wellville," in pkgs. "There's a name for it." "The above letter is a true one and full of human interest.

FRENCH GOVERNMENT MUZZLES THE PRESS

PARIS, September 25—The government today issued another warning to the press threatening the severest measures under the penal code against journalists and correspondents who give publicity to information concerning the movement of the army and navy.

MANITOBA'S FULL RETURNS

WINNIPEG, September 25—There is absolutely no doubt that the conservatives have 8 and Liberals 2, in Manitoba. With all results in the liberals win Dauphin and retain Provencher. There will be a recount in Provencher that may give the seat to the conservatives.

PROVINCIAL EXHIBITION

(Continued from Page 1.)

gradulations for the showing. upstairs is another exhibit of public interest—The Hillshore Consolidated School. Here is the best showing of garden vegetables yet seen from this school while their manual training, drawing, kindergarten and cut flower exhibits reflect equal credit on the energetic principal, Mr. Crockett, the teaching staff and the pupils themselves.

The West Kent School Manual Training exhibit, also in the gallery is deserving of praise. The work shows efficient training on the part of Mr. Barlow and apt and conscientious pupils.

In the gallery the Ladies' Fancy work is shown and a magnificent display of feminine handwork is exhibited. Handmade woolen and cotton goods, and the domestic departments are filled with specimens of real merit in each class.

The art section is smaller than usual this year but the entries include some excellent products of pencil and brush.

In the balcony of the main building J. A. S. Bayer, Photographer, occupies a prominent position with a showing of his photographic product. Always enticing, this year the booth seems to be centre of attraction on that floor, but it cannot be said that a pretty face or a ring and beautiful scene, when portrayed by a photographer with artistic inclination, does ought but prove alluring.
