GENERAL BOOTH MAY COME TO HALIFAX

HALIFAX, June 19.—Staff Captain White, of the Salvation Army, and Colonel Howell's efficient assistants in the Army's financial department, spent yesterday in Halifax. Staff Captain White's headquarters are in Toronto, and his field includes Quebec, Ontario and the maritime provinces. In conversation with the Herald yesterday afternoon, this popular officer said that his visit to Halifax was in connection with the rescue home. There are between forty-five and fifty inmates in the institution and it is in a flourishing condition. Adjutant Ogilvie, who is in charge, is an officer of eighteen years' experience and a most efficient worker. Captain White confirmed recent reports from London that General Booth will visit Canada this fall. It is the intention of the general to sail from Liverpool for Montreal about the ninth of September and is due to arrive in Canada on the 22nd. He will make a tour of the Dominion and although no definite arrangements have been made, that great captain of humanity will probably come to Halifax before his return to the old land. General Booth is now in his eighty-first year and is enjoying excellent health.

THE SECOND DRAFT OF THE STATION SHEET

WOODSTOCK, June 18.—The second draft of the station sheet was completed last night by the standing committee of the Methodist conference. Changes from the assignments as presented in the first draft were made in some of the pastorates and those affected now stand as follows: Springfield—Rev. James Crisp. Pownal—Rev. E. Stiles. Vernon—Rev. G. Orman. South—Rev. W. E. Johnson. LAYMEN'S CONFERENCE. The annual session of the Laymen's Association of the Methodist conference of New Brunswick and P. E. Island met in the school room at 2 p. m., President J. N. Harvey in the chair. The matter of missions was decided upon by the executive committee as the theme to be promoted. It was found that only two districts in the conference gave more to missions than they received. They were St. John district and Summerside district. The missionary giving this year have very largely increased, due in a large proportion to the efforts during the year of the laymen's movement. The amount raised during the year was 28 per cent greater than the previous. There was an increase in every district except one. They must not overlook the work done by the Women's Missionary Society. The ladies have done a noble work. During the year the president attended the great congress at Toronto where representatives from Sydney to Vancouver assembled, representing all the evangelical churches. The president was honored by a place on the national committee that formed the great national policy of the congress. The report of the secretary-treasurer, R. D. Smith, was submitted. The following committee was named to draw up a constitution and by-laws: E. R. Machum, chairman; J. N. Harvey, Arthur C. Powers, James Tamont, J. Hunter White. The election of officers resulted as follows: J. N. Harvey, president; J. Hunter White, first vice-president; R. D. Smith, secretary-treasurer; executive committee as follows: J. M. Palmer, C. A. Sampson, E. R. Machum, M. E. Hamilton, Jos. Bullock. MINISTERS RECEIVED

A SERIOUS MISHAP IN CHIPMAN DISTRICT

Near Coal Creek, on the Construction Line of the Grand Trunk Pacific. Two Italians Were Killed and Twenty More Injured.

ST. JOHN, June 20—(Special)—Word was received this afternoon regarding the serious mishap near Coal Creek, in the Chipman district, on the construction line of the Grand Trunk Pacific. Some time during Friday a supply train, bearing dynamite, ties, rails, tools, and a large crowd of Italian workmen left Corbeville for the end of the construction. Through a slight accident in the locomotive, the train got beyond control of the engineer, and dashed ahead full speed. When approaching a high trestle the engineer managed to reverse the levers there, and jumped. Many workmen also jumped. Three rear cars were hurled forty feet down from the trestle, but fortunately the dynamite being on the forward cars did not explode. Two employees were instantly killed, and two others reported very badly hurt, and about twenty, more or less seriously injured. All of the victims, excepting the engineer, were Italians.

SPARTA, Ga., June 20—(Special)—While sixteen children attending a Sunday school picnic, at Martin Springs, were standing under a tree to escape a passing shower, a bolt of lightning struck the tree, and every child was rendered unconscious. WERE DRIVEN BY ANGRY MOB

From the Village and Nearly Injured for Taking Church.

ULYSSES, Neb., June 20—(Special)—Bishop Bonacum, Father O'Brien, and Father Kline, were driven from the village by an angry mob of two hundred persons. The Bishop and his priests came to Ulysses to take possession of the church over which father Murphy had charge. Sympathizers of Father Murphy, and others, joined the mob, and would have done violence to the Bishop and priests, had it not been for the strenuous efforts of Father Murphy, who counselled them to do no violence. So threatening, however, was the mob, that Father O'Brien, Bishop Bonacum, and Father Kline left the village. Their flight was followed by an automobile, full of the enemies of Bishop, eventually overtaken, and the priests forced to get out and walk.
