Important Announcement

We wish to announce to our many customers and to the public, generally that our recent disastrous fire has compelled us to adopt a new policy in merchandising: Beginning on **Tuesday, June 1st, 1915** we will inaugurate a **Strictly Cash Business** at both our stores.
A number of our customers have always dealt with us on this plan and as it is the most beneficial for everyone concerned we hope that all will now avail themselves of the mutual benefits which must naturally accrue from a system of this kind.
This new system when in complete operation will mean as follows:—One price on each article to everyone, or a saving of about 20 per cent. to the purchaser.
Quick turnover of goods for cash which will give us more power in buying, thus enabling us to give you better goods at lower prices.
New stock arriving daily thus insuring you of getting new goods at all times and at money saving prices.
Being able to supply the wants of all and compete with any catalog price.
The closing out of our booking system which is a large bill of unnecessary expense to any retail store: this expense heretofore had to be added to the price of the goods and paid for by the customer.
Satisfaction to the purchaser, because he buys what he needs at the best possible price; and satisfaction to us because we get paid for our goods and carry no book accounts.
This is the system which is now adopted by all up to date retail business houses, and a trial will prove its money saving usefulness and adaptability to our conditions, and we feel after reasonable trial will be acceptable to our many friends and customers. As our running accounts fall due June 1st and Dec. 1st we must insist on prompt settlement to enable us to meet our heavy liabilities as a result of our severe loss. Persons owing us by judgments and notes of hand will be required to settle promptly.
We take in exchange everything that the farmer or fisherman has to sell, and we will endeavor in the future, as in the past, to meet their requirements by judicious selection of an up to date stock.

B., assisted by Ensign Hardy and Lieutenant Thompson. The hall was filled on both occasions to hear the genial Brigadier and Mrs. Taylor. One of the doctrines of the Army is optimism and this was emphasized especially at their Saturday night meeting, Mrs. Taylor singing with much effect, "Walking in the sunshine" and the members testifying that the Spirit of God illumines the soul of man, and keeps them looking on the bright side of things even during adversity. As an instance the wonderful sight of the bush burning but not being consumed, was mentioned. The path of the just is as the shining light, which shineth more and more into the perfect day.
