GOOD HUSBAND AND WIVES ed. Mere man, on hearing this, thereupon gave it as his opinion Dix defines him thus: "A man who can tell a good story, who laughs at those good stories, who keeps his small change loose in his pockets, and who believes—or pretends to believe—in the myth that a woman is a mystery who must be worshipped, but never solved." Washington Star.

—PAINFUL ACCIDENT.—Vernon Durand, son of Mr. and Mrs. Ben Durand, had his arm broken near the wrist on Saturday when cranking a car.—H.

—HOLIDAY VISITORS.—The gasoline schooner Fannie Powell II, Capt. Le Blanc with a load of pleasure seekers spent Sunday in town. The schooner is owned by the Boston Lobster Co. of Boston with present head quarters at Yarmouth, N. S. The officers are negotiating with the different owners for the purchase of lobsters. The schooner left on Sunday at 5 p. m. for Shediac, N. B.—H.

—PAINFULLY INJURED.—While a party of motorists were coming in from the west on Thursday night they were attracted by the loud screams of a woman sitting by the side of the road near the railway crossing at St. Eleanors. On going to ascertain what was the trouble they learned that the woman was suffering from a broken leg. They quickly got her into the car and rushed her to the Prince County Hospital where she is under treatment. The woman, whose name is Mrs. Young, had only arrived on the train that evening from the United States to visit the family of Mr. Oliver McCormac. Through a misunderstanding, it appears, there was no one on hand to meet her and in the dark she walked off the end of a small bridge, taking a drop of two feet, with the result that her left leg was broken in two places. The accident is deeply regretted.

—WEDDING BELLS.—A very pretty wedding took place at Jamaica Plain, Mass., on August 3rd, when Peter, son of the late Fidelio and Mary Perry, formerly of Tignish, P. E. I., led to the altar Miss Mary, daughter of Mr. and Mrs. Redmond, of Iona. The bride looked charming in a beautiful embroidered dress of fawn georgette and carried a bridal bouquet of roses. Her cousin, Miss Louise Shea, of Somerville, Mass., acted as bridesmaid and was becomingly attired in grey, and carried carnations. The marriage was solemnized in the Church of the Blessed Sacrament by the Rev. Father Kelly. The ushers were the three brothers-in-law of the groom, Arthur Chaisson, of Jamaica Plain, James Mansfield and Michael Cullen, of Dorchester, Mass. After the ceremony was performed, the bridal couple, with their friends, motored to the Copley Plaza Hotel in Boston, where a wedding feast was partaken of. The gifts were numerous and costly, amongst the long list being \$50 in gold, a gift to the bride from her aunt, and a beautiful mahogany chest of silver to the groom, from the New England Telephone Co., where he is employed. The happy couple sailed in the S. S. Governor Dingley for an extended tour of the provinces, where they will incidentally visit their former homes, and on returning will reside at 92 Hayden St., Roxbury, Mass., with the best wishes of all their friends for a long, happy and prosperous life. H.

—WRINKLES VANISH BEFORE YOUR VERY EYES!

Just think! In your mirror, before your very eyes, you see the wrinkles, age lines, and sagging vanish from your face! And it's such a simple and harmless treatment. Just mix a spoonful of powdered tartro with a spoonful of lemon juice. Apply to your face and watch the most marvelous change take place—in less than 15 minutes. See the horrid wrinkles, worry lines, creases and bagginess quickly disappear. It is a wonderful, tried and true. Only the actual experience could make you believe it.

The application is easily washed off. The result is far better than the most expensive and exact face massage could ever give—and the treatment costs less than three cents! Procure an original package of powdered tartro from your druggist, try it, and you will have the surprise of your life.

—THUNDER AND LIGHTNING struck the Eastern part of the Island Thursday night, the result of the suffocating heat of the day. Light showers fell during the night the first rain, practically for many weeks. There was no rain, East, on Monday night, just a sprinkling that dampened the ground and lowered the dust. Thursday night's rain was light, but joyfully received.

—NO EGGS.—The dry weather has caused the hens to go on a strike. They almost stopped laying in Eastern Kings and are in an early moult. Owing to the dry weather they get no worms, slugs or insects. The writer's twenty or more hens, fed once grain in the morning and allowed to forage in the fields, lay two and three eggs a day for the past couple weeks. Very few eggs are coming into Souris, the price is 20c a doz., more than merchants can afford to pay for the class of eggs about three-fourths and seconds, and seconds are only worth 16c wholesale.
