

56 Years Old Feels Like Boy

Another Tribute to Dodd's

"I was down and out," writes A. Faulkham, South Maitland, N.S. "My kidneys were in bad shape and I had pains in my back. I have taken twelve boxes of Dodd's Kidney Pills and find them very good. I am fifty-six years old and feel like a young boy. Dodd's Kidney Pills cannot be praised too much. Dodd's Kidney Pills strengthen weak kidneys, clear the clogged passages and revitalize the system.

British Boys Bid Farewell To Maritimes

(Special to The Guardian) MONCTON, N. B., Sept. 4.—"Tell the people of the Maritime Provinces that we are extremely grateful for the way in which they have taken us to their hearts and opened their homes to us. The boys are carrying away with them friendships which I am sure will be cherished by all of them in the years to come and they will go back to the Old Country with a greater conception of the unity of the Empire and of its greatness and also of the part of it which we have come to know and love, Canada."

This was the parting message delivered by the party of English public school boys who have been touring this part of the Dominion through their director, Mr. John Guise, as they left on the Maritime Express of the Canadian National Railways tonight for Quebec.

The railway station presented an animated scene as the boys prepared to depart. A day of sightseeing and entertainment culminated in a dance given by the H-Y of the Moncton Y. M. C. A. this evening which was resumed on the station platform to the accompaniment of a portable gramophone which the boys carry with them, and the skirl of the pipes. A party of shriners from Luxor Temple, in Saint John happened to arrive in Moncton en route to Fredericton with a pipe and fexes and they joined in the merry making. With the call of "all aboard" the boys joined hands in a circle with their hosts and sang, Auld Lang Syne, following which there was a scramble to board the train. The party was accompanied from Moncton by Aylre Breaux, Travelling Passenger Agent of the Canadian National.

BEAUTY IS WASTED IF POISE IS LACKING

Poise, like many other good things, doesn't seem important if you have it. But if you do not have it, its importance looms extremely large. Many an ugly duckling has overcome handicaps because she knew how to walk, how to sit, how to leave and enter a room and how to carry on a free and easy conversation with anybody and everybody. No matter how beautiful your face, figure and hair may be, their beauty will be wasted on a heedless world if you lack poise. It is nothing extraordinary to fall over furniture, stand on first one foot and then the other and stammer when you are spoken to. But, once you have passed the adolescent age, your muscles should be co-ordinated to give you a free and easy manner.

Health is half of success

Few men achieve their goal without vitality and drive. And so many are held back from their best by a common ailment: constipation. It dulls energy, often causes headaches, sleeplessness. It takes the vim out of your day's work.

Correct constipation by eating a delicious cereal. Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" to exercise the intestines, and vitamin B to tone the intestinal tract.

The "bulk" in ALL-BRAN is similar to that of lettuce. Within the body, it becomes a soft mass, which gently clears the intestines of wastes. How much better than using pills and drugs—so often harmful.

Two tablespoonfuls daily will correct most types of constipation. If not relieved this way, see your doctor.

ALL-BRAN also has iron for the blood. At all grocers. In the red-and-green package. Made by Kellogg in London, Ontario.

FROM THE 4TH WORLD SCOUT JAMBOREE

Canada's eight representatives joined the British county contingents in London as part of the Tapir Totem Troop of South Africans and Rhodesians.

Passing through Germany, the train was repeatedly stopped to receive a Nazi salute from lines of former German Scouts, compelled by Hitler to wear Nazi uniforms. The idea apparently was to spread Nazi souvenir propaganda. The seeming result was to cause the German lads to regret that they too were not on the way to Hungary.

Nazi souvenirs distributed through the train later were collected by a "mopping up" party and turned over to the gendarmes at the Austrian border.

A concerted "rush" of 20,000 Scouts of 33 countries and the British Empire was the climax of the enthusiastic reception given B.-P. as Chief Scout of the World.

Fine weather prevailed throughout, and many thousands visitors were at the camp each day, on the first Sunday 100,000.

In spite of Hitler's opposition Germany was represented by a group of Scouts who were hiking outside of Germany when the edict was issued. They had not heard of the edict "officially."

Two great opening religious services were held. Following Mass and the Blessing of the flags, Bishop Shvoy addressed some 10,000 Roman Catholic Scouts in Hungarian, French, German and English. At a Protestant service for some 12,000 boys the services and hymns were sung simultaneously in the same four languages.

B. I. S. DANCE—The Saturday night dance sponsored by the B. I. S. was one of the outstanding events of the week, almost two hundred being on hand to enjoy three hours of real dancing under the supervision of a trained orchestra in their magnificent pavilion which is electric cooled with the down draft system of ventilation. A feature of the evening's programme was the introduction of the Benevolent Irish Society's own orchestra which will in future supply all evenings of entertainment, under the capable direction of Miss Wilhelmina Gaudet, pianist, Violinists, Miss Leavett, Mr. R. Richard; saxophones, Mr. J. Coker, Mr. P. O'Brien; drums, Mr. J. Doucette; guitar, Mr. F. Morrison. Brother Joseph Malone, chairman of the Social Evening Committee, explained why it was necessary for the Society to own and operate its own orchestra pointing out that many patrons had requested and were responsible for the initiative of a society orchestra. Mr. Malone assured the large crowd that in future this group of outstanding musicians would have a far reaching influence among the music loving people of the Island and will be heard at a later date on the air as well as at other social functions. A request from the younger patrons seeking to have a beginners class open on Monday evenings will be given the earnest consideration of the committee and their decision will be announced through the columns of the press early next week.

TEACHERS CONFERENCE—The annual Fall convention of the teachers of the Charlottetown district met in P. W. C. on Tuesday, Aug. 29, with sixty teachers in attendance. The President, Theo. Ling, occupied the chair and opened the morning session by appointing the following committees: Resolutions, Roy Vesey, Allison McKinnon, Caroline Fraser; Question Box, Ruby Stewart, Catherine McKinnon; Nominating, Florence McRae, Catherine Beers, Hollis Jenkins; Peers, Pearl Weeks, Isabel Brown. Supervisor McPhail, after a few introductory remarks, chose as the subject of his address, "Grading," outlining his well-chosen subject on the blackboard. This was followed by a few timely suggestions by Supervisor Court. A paper on Primary Reading was ably dealt with by Harold Lawton, of Pownal. The morning session was brought to a close with a talk by Miss Bateson, representing the Carnegie Library, who outlined a plan for placing libraries in the populous centres of P. E. I. and urged the teachers to not only avail themselves of the opportunities offered by these libraries, but also to show interest in them in the rural districts. Miss Catherine McLean, supervisor of Junior Red Cross, gave a very inspiring talk on the work of that Society and urged the teachers to attain one hundred percent organization. Mr. H. H. Shaw, Chief Superintendent of Education, gave a talk in his usual interesting manner and later assisted in answering many of the questions from the question box. The following officers were appointed for the ensuing year: President, Theo. Ling; Vice President, Roy Vesey; Secretary, Helen Douglas. The convention was brought to a close by the singing of the National Anthem.

A notable event was a march past the Scouts, themselves in the stands, by nearly 50,000 "camp neighbours"—town officials, business men, artisans, farmers, women in the national holiday dress. The spectacle made a deep impression.

"Another splendidly successful demonstration of the international friendliness of youth" was one Canadian Scout leader's summary of the gathering.

Ford V-8 Triumphs IN COMMERCIAL TRANSPORTATION. 80 HORSEPOWER. AMAZES CANADIAN BUSINESS FIRMS WITH ITS ECONOMICAL OPERATION— SOLVES TODAY'S HAULING PROBLEMS. FOR the first time the performance that can be had only with a V-8 engine has been made available in a low-priced car. This is the answer to today's hauling problems. Some firms have adopted lighter trucks. They need Ford V-8 power. Others now carry lighter loads and make more trips. They need Ford V-8 speed. Others run fewer trucks, with heavier loads. They need Ford V-8 power and speed and stamina. These things mean a new trend in commercial haulage, met perfectly by Ford V-8 equipment at low cost. Ford V-8 trucks are not only low in price, but economical to operate and maintain. Their full 80 horsepower costs you nothing when not used; 35 to 45 miles per hour, at which trucks are usually driven, is the V-8's most economical range. This economy is so high as to place Ford V-8 performance within reach of any Canadian truck owner. The Ford V-8 offers you most for your money, in first cost and running expense. There are two truck chassis, 131 1/2 and 157 inch wheelbase and the commercial car chassis, 112-inch. Bodies meet every transportation need. See your Ford dealer. "The Canadian Truck". IN MEMORIAM

MR. W. WALLACE MACINTYRE

"In the midst of life we are in death." Never were these words brought home with deeper significance than on the morning of August 5, 1933, when the wife and family of W. Wallace MacIntyre gathered by his bedside to bid farewell to the husband and father. Deceased had been in failing health but bore his suffering with the patience and fortitude with which he had overcome the obstacles of life. The large number of friends that gathered to pay a tribute to the deceased testified to the popularity in which he was held and although he was not great in the sense of power and money his greatness lay in the simplicity of his nature and his importance lay in his apparent inability to think ill of any man and the vacant place that he left in his home and hearts of his wife, sisters

and family can never be filled on earth and to them a great man has been called back to the Master. The funeral services were conducted by Rev. A. P. McEllan and all that was mortal of a kind friend, a loving husband, brother and father was laid to rest in St. Andrews Cemetery to await the final summons "Come ye blessed of My Father possess the Kingdom prepared for you." He leaves to mourn, besides a sorrowing wife, six children, Mrs. Frank Jay, Mr. Stewart, Corneil and Augusta, Jamaica Plain, Mass.; Nellie, Kimble and Charles at home; two sisters, Mrs. Hargrave and Mrs. Mason, of Winthrop, Mass.

Painful Pimples Prevented Sleeping. Healed by Cuticura. "My face was very tender and every time I shaved it would break out in a rash of pimples that were hard and red. Sometimes the pimples would scale over when I scratched, and again it caused sore eruptions. When I shaved before going to bed they were very painful and prevented me from sleeping. I was troubled that way for a couple of years. I began using Cuticura Soap and Ointment and was completely healed after using three cakes of Cuticura Soap and two boxes of Cuticura Ointment."
