NICHOLSON-SMITH WEDDING—A very quiet but pretty wedding took place at the home of Mr. and Mrs. Wm. E. McDougall, Hunter River, at 7 o'clock on the evening of Wednesday, February 17th when Miss Annie B. Smith youngest daughter of Wm. Smith of Hunter River was united in marriage with Duncan Nicholson of Clyde. The ceremony was performed by Rev. R. H. Stavert in the presence of quite a large number of friends and relatives. The bride was attended by Miss Ruby McDougall while the groom was ably supported by Robert Smith brother of the bride. The wedding march was well rendered by Mrs. D. M. McLeod. After the ceremony was over the young couple accompanied by quite a number of the relatives and friends drove to the home of the groom in Clyde, where supper was served and a very pleasant evening was spent. A large crowd of well dressed charivariers assembled to do honor to the newly married couple and added much to the pleasure of the guests of the evening. On the evening of January 31st, a large number of the residents of Hunter River and vicinity assembled at the home of Mr. and Mrs. Wm. McDougall and tendered a miscellaneous shower to Miss Smith. The evening was pleasantly spent in music and games. Shortly before breaking up Miss Smith was blindfolded and led into the dining room and made to kneel before the table. When the covering was removed from her eyes she found the table loaded with a great many useful articles. Miss Ruby McDougall then proceeded to present her with the various gifts and to read the many pieces of original poetry which accompanied them. Among the many other gifts was a beautiful chair with a purse of money attached presented by the boys of Hunter River. Miss Smith was very much taken by surprise but in a few well chosen words thanked her friends for their kindness. After a hearty lunch had been served and extended to Mr. and Mrs. McDougall for the use of their home all joined hands and sang "Auld Lang Syne." The singing of the National Anthem brought the gathering to a close. The Guardian joins in wishing Mr. and Mrs. Nicholson many years of happy wedded life.

Dr. Harrigan's Advice to Nerve Exhausted People. It's worth your while to read what a New York specialist has to say about the nerve and brain cell builder that Dr. E. Hughes sells so much of these days. He writes: "Let those who are weak, thin, nervous, anemic or run-down, take natural unadulterated substances such as Bipro-Phosphate and you will soon see some astonishing results in the increase of nerve energy and strength of body and mind. Bipro-Phosphate is a pure organic phosphate such as good physicians prescribe to create abundant nerve force."

Wonderful Growth for the New Department of the Y. M. C. A.

The Great War, in addition to putting a tremendous responsibility on the Young Men's Christian Association, opened some remarkable opportunities.

Up to the year 1920, the Young Men's Christian Association preferred to concentrate its attention on evening or day classes at its buildings rather than to teach by correspondence, though there has been a constant demand on the "Y" for correspondence courses. When the National War Work Council decided to make a considerable part of the unexpended War fund available for free courses for deserving ex-service men, it immediately became evident that thousands of men would not be able to attend resident classes in colleges, technical or business schools, or even the "Y" classes. So provision was made for opening a new department for teaching by mail, this department to work wherever possible with evening classes in the many "Y's" throughout the country.

The growth of the new department has been hardly short of marvelous. For this reason the correspondence school division has now become a permanent part of the Y. M. C. A. work. The first enrollment was taken last March and today more than 15,500 students are busy at their studies, most of them ex-service men. The greater part of a four-story building in New York is now occupied by the new division of the educational work. More than 185 courses have been made available, affording such a variety that any young man desiring to use his spare hours to advantage can select a study suited to his ambition. Courses are sold at reasonable prices, it being the purpose of the "Y" not to make profit but to give the largest amount of service for the least expenditure of money.

WOULD NOT CANCEL BRITAIN'S WAR DEBT

NEW YORK, N. Y., Feb. 24.—Former United States Senator Albert Beveridge, of Indiana, yesterday, flatly opposed the proposed cancellation of the Allied debt of the United States. He suggested that Great Britain "might reduce" her liabilities by transferring to this country her possessions in the West Indies, South America and Bermuda. France, he added, might do likewise, giving to the United States Gauduloupe, Martinique and St. Martin.

Speaker Duffy On Canadian Nationality

(Continued from Page two)

The London Times never issued any propaganda that was not intended to assist the ruling class in England and let us hope that this is some indication that English Statesmen are beginning to remove the scales of ignorance and prejudice from their eyes and to see the Irish question in its true light, not only as an injustice to Ireland but as lowering England in the estimation of her sister nations of the world, and proving that hers was but a hollow boast when she says she went to war to protect the independence of small nations. When this time arrives, then may we in Canada, throwing aside all prejudice and smallness join with the mother country in wiping out forever this blot on England's otherwise fair name. In this way we will perform the work of real patriots both to England and to Canada and make one great step forward in the work of world-reconstruction now sadly retarded. After that we have another great work to perform in the welding of this Canada into a nation in truth and reality.

Let us then wipe away the distinction of Irish, Scotch, English, French and every other nationality; let us forget the distinction of faith that now too often keeps us apart, and unite as Canadians all for the rebuilding of our country and the glory of our Empire.

The Minister of Education said that he was expecting a report from the superannuation commission within three weeks.

GREY HOPES BRITAIN AND U. S. WILL EVER BE BEST OF FRIENDS

LONDON, Feb. 24.—Viscount Grey, at a dinner given in his honor by the National Liberal Club last night, said he was one of those who believed there would be little pleasure or interest in living in the world if there was war between Great Britain and the United States. The fact was plain to him that there would not be cordiality between the two countries so long as
