—GUARDIAN AGENT.—Mr. W. A. Millman is Guardian Agent in Alberton, and he will be glad to receive news, adv and renewal subscription and advertising.

—SUBSCRIBERS should renew a week or two before the time they have paid for has expired and thus not miss an issue, as all papers are discontinued promptly on expiry date.

—POPE-PERRY.—The marriage was solemnized yesterday morning at the Parochial House, Summerside, by Rev. J. C. McLean, of Miss Nellie E. Perry, eldest daughter of Mr. and Mrs. Frank Perry, Queen Hotel Summerside, and Mr. Warren H. Pope, of Pictou. Mrs. McQuarrie, sister of the bride acted as bridesmaid while her brother Mr. Stanley Perry, supported the groom. After the ceremony and a wedding breakfast at the home of the bride the happy couple left by the S. S. Empress for a short honeymoon trip to St. John and other Maritime Cities. The bride who is very popular among her friends was the recipient of a large number of costly and elegant presents. Mr. and Mrs. Pope will reside in Pictou. The Guardian joins in congratulations and good wishes.

A GENTLEMAN UNAFRAID

The Guardian has received the announcement of the death of Mr. C. W. Post, chairman of the well known Postum Cereal-Company, Ltd., Battle Creek, Mich., so widely advertised in these columns. The following tribute gives a concise idea of the esteem in which the deceased gentleman was held. Here, where Charles W. Post wrought so large a miracle; here, where his great genius and his great personality touched men directly; here, where his kindness was known to have been of the full measure of his wonderful abilities—here, the shadow of a heavy sorrow rests. For he is dead.

Philosophies halt, and comprehension fails, in the presence and the suddenness of the tragedy. The reflection of his life in the hearts of those who knew him—his justice, his consideration, his understanding; his strength which was all gentleness for the weak; his abiding faith in people; his love for the town and his passion that it might be made more largely the home of thrifty and beauty and contentment—the reflection will be looked upon for an estimate of him.

But for a little while there is the numbness which the news has brought. Clear-eyed and strong, he moved about his great purposes. Clear-eyed and strong, he knew men and helped them. And so it seems he must still be moving—a very valiant knight; a gentleman unafraid.—A. L. Miller.

Get a Bigger and Better Crop with Unmixed Fertilizers

How About a Good Big Potato Crop?

There is a mint of money in potatoes for the men who plant intelligently and use modern methods in farming. The Charlottetown markets are offering from 50c to 55c per bushel and all over the Dominion there are corresponding high prices. And these prices won't be lower for some months. To secure the biggest possible crop, the ground will have to be fertilized—and none but our UNMIXED fertilizers will give absolute satisfaction. These fertilizers supply the ground with the very elements of nutrition that are required, and can be supplied in combinations to suit every crop, and the varying needs of every square inch of soil under cultivation.

How to Apply the Fertilizers

One acre of potatoes, yielding 200 bushels, consumes the following plant foods: potash, 74 lbs, phosphoric acid, 21 lbs, nitrogen 46 lbs. All this has to be paid back before you can expect good returns from next cultivation.

Result of Fertilizer Tests on Potatoes

A farmer at Glenfinnan secured a profit of \$40.50 per acre solely by using our Unmixed fertilizers. Another farmer at Little Harbor had a profit of \$54.40 per acre clear gain over the unfertilized fields. A man at Trilby tried two fields side by side. The field fertilized with Unmixed fertilizers showed a clear gain of \$44.75 per acre over the unfertilized fields.

USE THIS FORMULA ON YOUR POTATO CROP
