VISCOUNT ASTOR

Toploe, Bucks, England

28th May, 1941

Dear Mrs. Crozier: On Friday May 18th I returned from Plymouth to the hospital, and was told that your son was dying. He seems so young and I could not bear the thought of it, so I prayed and stayed with him as long as I could. He did not seem to be suffering, and he loved the ice-cream which I was able to take him each day. He also liked the "All-day-suckers" which some one had sent from America, and even some fruit and vegetables. We talked to him and his brother and I saw I am often made him smile. The sister and I had such devoted care and attention; everyone loved him. I was so sorry for your other son; he was so gentle and kind, and now I am glad that he was able to be there. I thought you would like to know that everything possible was done, and I am sure you will not return for "God's Guest", as someone put it.

I feel so strongly that your boy is now happy and well, away from all this suffering and with God in his peace.

I have often thought of you, and how I wish I could see you. I would be to me who have five sons, to know how well he was looked after, and how his face brightened during the growing period in the camp. Dr. Gunn considered it was better to have two or three children in a pen as this gave them exercise and stimulated growth. Housing problems were also under discussion.

The last ranch visited was that of Mr. Peter G. Clark. Mr. Calbeck spoke here. His subject was selection in breeding. He stressed the importance of quality and gave different points in choosing breeders for the best type of fur. Mr. Clark showed the visitors round his ranch. There was much interest taken in his system of feeding. Mr. Clark opened up a discussion on the question of parasites. Sanitation and good feeding should eliminate the trouble. Mr. Clark said he had not treated an adult for internal parasites for a long time.

At the conclusion of the discussion refreshments were served and a social time enjoyed.—S.

Dear Mrs. Crozier: I am the Baptist Chaplain for the district in which your son was working and it felt to me to see that all possible was done to make his last hours peaceful and happy. He passed peacefully to his Eternal Rest on May 25th 1941 and was buried by the Rev. J. G. Howatt, Wilmot, P.E.I., in Brookwood cemetery near Woking, Surrey, England. His brother Rowland was there and a friend of his. He was given full military honours and he deserved them. The Baptist order of burial service was used and an officer, firing party and some 20 men

S'ide Fox Field Day Great Success

The first fox field day of the season was held yesterday in Summerside and was attended by about 100 visitors. Prominent speakers were: Mr. W. R. Staw, Deputy Minister of Agriculture; Dr. C. K. Gunn, Suppl. of the Experimental Fox Station at Summerside; Peter G. Clark, D. O. Stewart and George A. Calbeck. Keen interest was taken in the new types of foxes at the three ranches visited. Among those who attended were several Charlottetown foxmen. They included Messrs. Gordon MacMillan, W. Chester S. McLaughlin, Frank Mackay and George Lyle. The field day opened at the ranch of Geo. A. Calbeck at one o'clock. There about twenty platinum types and silver were inspected. Mr. Calbeck explained to the visitors the method of ranch feeding and the general management of the ranch. Mr. Clark gave an interesting and informative talk on market conditions. He was quite optimistic about next season's crop of furs and felt sure the present stock would be cleared before the new pelts came on the market. He said the stocks were low as dealers were just buying from hand to mouth owing to war conditions.
