HAS a Savings Account been of any real benefit to you? What we mean to ask is whether or not you have so used your opportunities that you are now a better and richer man for having started a savings account? Have you saved and placed money in sound securities, paying regular interest, and thus supplementing your own earnings?

Depositors of this company are encouraged to invest their savings safely in bonds, debentures and mortgages, where the interest earned will be larger than paid by savings departments, and where the temptation will not be nearly so great to draw money and spend it foolishly.

If you really want to be better off in a year than you are today, come here with your funds and we will advise with you regarding investing it, even if the amount does not exceed \$100. We will suggest municipal bonds or mortgages, as each is best suited to your requirements.

Disheartening Effect of Piles It is not only the itching and stinging of piles that is to be dreaded, but also the depressing and debilitating effect on the whole system.

From almost the first application of Dr. Chase's Ointment you get relief from the annoying itching and burning, and gradually the ulcers are healed up and the disease thoroughly cured.

Even the most severe cases of long standing yield to the soothing, healing influence of Dr. Chase's Ointment. Surgical operations are no longer necessary, for, as a matter of fact, Dr. Chase's Ointment has cured cases that were not cured by operations.
