EQUIPMENT CHECKS STARTING SYSTEM, FERRETS OUT PARTS NOT DELIVERING POWER
Motorists of Charlottetown receive the very finest service from BATT & MacRAE Auto Electric Service, 171 Grafton St. This is demonstrated in a forcible way by the type of equipment the firm possesses. BATT & MacRAE keep abreast of the latest improvements and when new devices that render a better service to the motoring public make their appearance BATT & MacRAE endeavor to install that machine or tool.
They have equipment that gives a money-saving service to car owners. Here your automobile can obtain a complete ignition and carburetor check-up. Their equipment checks voltage and the amount of current that finds its way into the battery. It shows if the charging circuit is functioning properly.
Motorists will readily see that a thorough check-up, which can indicate easily the condition of the whole ignition system, can save money, trouble and gasoline through the discovery of parts that are responsible for loss of power.
Arrange with BATT & MacRAE today for a complete ignition and carburetor check-up.

If one is not familiar with the various cuts of meat and their relative values, any employee of this firm will gladly explain them.
This popular store is locally owned and under the management of the owner, MR. HENRY PETERS, who has had a great deal of experience in this business.
