THE SENSATION OF BRITISH ELECTIONS

A Defeated Unionist Publishes all the Correspondence with the Conservative Whip Relating to the Campaign Fund—Threatens Further Exposures.

LONDON, Jan. 18.—(Special)—Thomas Gibson Bowles, the defeated Unionist, has created the sensation of the campaign by publishing all the correspondence with Acland Hood, the chief Conservative whip, dealing with the campaign funds. He gives particulars of the notorious Hooley's contribution which was afterwards returned and insinuates that his own opponent in the present election received aid from the Conservative funds because the party did not want Bowles' support. He threatens further exposures which may lead to disqualification.

WANT ROOSEVELT SUCCEED HARPER

CHICAGO, January 17.—Talk of electing President Roosevelt as the successor of the late President Harper at the head of Chicago University has become strong in university circles. It is declared to have been one of the hopes of Dr. Harper during the last months of his life that President Roosevelt might take the head of the university at the conclusion of his presidential term. To bring this about it will be necessary to alter the constitution of the university, which declares that only a Baptist may be president.

BIG CHIMNEY THROUGH ROOF

NEW YORK, January 17.—Fifteen persons sleeping on the top floor of a tenement house in East 43rd street had a narrow escape from death when 30 feet of a big chimney, seven feet square, fell from an adjoining factory and crashed through the roof of the dwelling. Although several tons of brick tumbled through the roof of the tenement no one was injured. Many telegraph and telephone wires were attached to the chimney. These became heavily coated with ice during the storm and the chimney gave way under the unusual strain.

ANNUAL MEETINGS OF CITY CHURCHES

Zion Church Trustees Last Night Reported Prosperous Year—Good Work in Baptist.

The annual business meeting of the Charlottetown Baptist Church was held in the schoolroom Wednesday evening. The pastor, Rev. G. R. White, presided and gave an extended report of the year's work. He spoke hopeful and encouraging words.

Reports were also submitted from all departments of church work, the tenor of which showed that the different church organizations were alive and in a healthy condition.

The Trustees reported large improvements in church property, the largest item being the installation of a new and up to date heating plant, and much credit was given to the contractors Bruce Stewart & Co., for the very excellent and satisfactory manner in which the work was done.

The Treasurer's report called forth considerable kindly discussion. It showed that there had been received:

For current expenses \$1831.60
For other purposes viz Missions 98.50
Woman's Missionary Aid Society 172.15
Sunday School 130.68
Mission Band 35.28
Thinkie Club 155.74
B. Y. P. U. 30.88

Total \$3406.92
The Trustees and other officers of the church were appointed, concord and harmonized by a feeling of deep interest in the welfare of the church both financial and spiritual. Thus the good work goes on.

The annual congregational meeting of Zion Church last night was a large and thoroughly representative one. The chair was occupied by F. J. Nash and D. B. Rogers was Secretary.

A number of matters of interest to the congregation were discussed and votes of thanks were passed to the choir and Trustees. The old board was elected.

The following is their report:—
We, the Trustees of Zion Church, in submitting the annual report of our financial year, desire to thank Divine Providence for the abundant blessing

St. PETERSBURG, Jan. 18.—(Special)—The Socialist workmen today elected another workmen's council whose president issued orders threatening with death all who refused to abstain from work on Red Sunday anniversary. He

says the blood of our brothers cries aloud for justice but the proletariat bids its time to mingle the blood of the oppressors with that of the victims of January 22nd. Troops are taking up positions in the suburbs and industrial sections and orders have been issued to quell all rioting.

JAP. COUNTERFEITERS CAUGHT

WASHINGTON, Wash., January 17.—Three Japanese counterfeiters have been placed under arrest by a secret service officer and hundreds of dollars worth of spurious \$5 and \$10 gold pieces with the paraphernalia used in their manufacture captured. MUST FACE DANGER SAYS THE GOVT.

MONTREAL, January 17.—"The Dominion government has decided to require us to send our turbine steamships, Victorian and Virginian to the mail route this spring. Until the St. Lawrence is open they are to leave their mails at Halifax and then go on to St. John," announced Hugh A. Allan. "This decision has been made despite our representations that those 12,000 ton vessels, when so loaded as to be seaworthily ballasted, to face bad weather, may not find enough water under them at their berth in the harbor of St. John when the tide there is at its minimum lowest death. We have been having careful soundings taken thereat," added Mr. Allen, "up to the 31st of December last, in consequence of the serious nature of reports made to us of their experiences by the captains of the two turliners when they made their first and only visits to that port last spring."

PROTEST AGAINST LAWLESSNESS

CHICAGO, Jan. 17.—Protests, loud and insistent, came from Chicago pulpits Sunday against the lawless conditions which were held responsible for the murder of Mrs. Franklin C. Hollister. This crime, added to the killing of three other women within a few months, roused the ministers and congregations to demand that better protection be given by the police to women.

Mayor Dunne, who returned during the day from Denver, joined in the appeal, saying that the city needed more policemen. He declared it to be the duty of the council to provide the means for putting a large enough force of policemen out to cover the city thoroughly.

Richard Ivins, the father of the murderer, began to work up a defense for his son. His plea will be insanity. He said the young man had acted queerly.
