

Important Provincial News of the week for Saturday Subscribers.

MONDAY

The S. S. Minto arrived in Georgetown Saturday morning at nine-fifty-five. She brought over one car of seeds, one car way freight, thirty five passenger and eighty bags of mail.

At the Police Court in this City Saturday morning the prohibition case against Roy Essery was adjourned until this morning. W. McVay was fined four dollars or ten days for fast driving on the streets. E. White charged with same offence was dismissed. C. D. Rankin confessed to a breach of the Prohibition Act and was fined \$100 and costs.

The Crystals hockey septette of Summerside, champions of the Prince Edward Island League, have wired to the management of the All-St. John team asking for dates for matches here. The Crystals would provide a fine attraction. Manager Clawson wired back, assuring the Summerside boys a good guarantee. If cold weather comes the matches will take place this week. The game would not be for the Starr trophy but would give the holders of that silverware an opportunity to show their abilities against one of the fastest teams in Eastern Canada.

A correspondent writing the Guardian from Point Prim speaking of an invention of a dirigible airship by John McDonald of that place says "All dirigible airships that have been developed and have flown in any degree have carried a car of cars in which the operator, engines and other mechanism are contained, and can only fly for a limited time. John McDonald of Point Prim has invented a dirigible machine which differs from these in the fact that when gas escapes the machine will keep on flying and the airship remains in the air. This combines the main principles of both the heavier-than-air and the lighter-than-air types. Mr. McDonald is having his invention patented through the firm of Victor J. Evans & Co., Washington, D. C.

Court Prince Edward, I. O. F., Kensington, on Tuesday evening, at the close of their regular meeting, tendered a reception to Bro. Wm Morrison, on the eve of his departure for the West. A large number of the members and their friends were present. After all had partaken of delicacies, provided for the occasion, Chief Hanger Lockhart took the chair and an excellent program was rendered. The songs of Woodside, H. Morrison and W. Morrison were greatly appreciated. Reading were given by Messrs. G. W. Morrison and Kenir and were received with enthusiasm by the audience. They certainly showed that the two gentlemen were thoroughly conversant with the matter and it was evident that both had spent considerable time in studying the subject. The member present was called upon to speak and all showed marked ability. All united in wishing Mr. Morrison a happy journey and continued success in his adopted home. Court Prince Edward is in a flourishing condition and several new members have recently been initiated.

The postponed meeting of the S. D. C. Mock Parliament was held on March 4th at 7.30 p. m. The adjourned debate on Hon. Owen Higgins Resolution re-Maritime Representation was resumed by Hon. S. J. McDonald, who expressed himself with his old time vigor. He dwelt chiefly on the question of representation by population which was raised by the Opposition and proved that this principle is not applicable in all cases. J. E. Gillis (North Toronto) spoke at great length against the resolution. He dealt effectively with the argument of representation and declared in a spirit of lofty patriotism that the sacredness and inviolability of the compact entered into by the provinces must not be broken except by the mutual consent of those provinces. The word readjustment was not used by mistake by the leaders of the upper provinces for the same word was used in the case of every other province except British Columbia. The Premier whose recent indisposition has prevented him from attending the House for some time past, was in his place and replied to the arguments of the preceding speaker. Shortly before the House rose a dramatic scene occurred. The ministry resigned office and the curtain rang down on the Government party after a highly honorable and useful career.

SLEEPING DRAUGHTS AND SOOTHING MIXTURES

A mother should never give her child a sleeping draught, soothing mixture or opiate of any kind except on the advice of a doctor who has seen the child. All these things contain poisons and an overdose may kill the little one. When you give your child Baby's Own Tablets you have the guarantee of a government analyst that this medicine does not contain one particle of opiate or narcotic and cannot possibly do harm—but always do good. The Tablets promptly cure all stomach, bowel and itching troubles, and give healthy, natural sleep. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. A. A. McNeill, Ellerslie, has received a letter from her aunt in the United States stating that her grand-father, the late Nathaniel Strang, had left property to his heirs, which has not been looked after. Mrs. Thomas Reeves, Lower Freetown, is one.

One of the most interesting hockey matches of the season took place at the Summerside rink Friday night between the Miacmas of Lennox Island and the Pioneers of Summerside. The play was swift and exciting. At times the Miacmas showed that they were fully equal to their opponents, but the fact that they were not accustomed to the rink was somewhat against them. The game resulted in a victory for the Pioneers. Score, 3-1. Many were of the opinion that if the game were repeated the result would be the reverse.

A very enjoyable afternoon was spent at the public examination of Ringwood school on Thursday, March 3rd. A large number of the parents and ratepayers were present and the children were examined in their various branches by the visiting teachers, Miss Hogan, South Shore; Miss Mabel MacKenzie, Straburg; Mrs. Mutch and Mrs. Newson. After being examined in the various branches a program was rendered by the children consisting in part of solos, dialogues and readings at the conclusion of which candy was served by the teacher, Miss Ida McKenzie. Speeches were then delivered by A. S. McNeill, Arthur Wright, Owen King and C. Newson, all speaking of the excellent work and progress of the scholars under the careful management of the teacher. All speakers agreed that they could not find words wherewith to express their appreciation of the teacher in the school work and also in getting up such an excellent program which was so well given by the children. So one of the pleasantest afternoons in the history of Ringwood school was brought to a close by singing the National Anthem.

The annual meeting of the New Glasgow Dairying Company was held on March 1st. James Arthur, President, occupied the chair and in his opening remarks stated that the past season had been a record one, the output being larger than that of any previous year, also that they now own the banner factory on Prince Edward Island, the gross value of the dairy products, \$24,601.32, being greater than that of any other single factory in the Province. The secretary's report also showed the businessness of the company to be in a flourishing condition. The full board of directors was re-elected, namely: James Arthur, president; Jos. Bazall, vice-president; Braham Gallant, Walter Bunting, Donald Andrews, Albert Parkman, Abraham Blythe, secretary. Some of the largest prizes received for milk as follows: Joseph Bagnall, \$462; Walter Bunting, \$392; James Arthur, \$323; Oliver LePage, \$363; Robert Bagnall, \$355; Richard Stevenson, \$307; and in an order named, Donald Andrews, Albert Laird, John Moffat, J. Bagnall, Eldon McKay, Albert Parkman, Theo. Pineau, William Rodd and James Dickieson from \$260 to \$300.

Division No. 100, Sons of Temperance, Cape Traverse, presented the following resolution to S. and Mrs. McEachern and family on the occasion of the death of their daughter, Ethel: We, the members of Star of Hope Division of Sons of Temperance, do hereby extend our deepest sympathy to you and your family during the weeks of Ethel's illness, earnestly hoping and trusting that God would restore her to you and us; but now that He has called her into His own presence we bow to His divine will. We share your pain and how our hearts are broken for the loss of the one who has not yet forgotten to feel grateful for His gift of a true and noble life. Ethel was always, even from childhood, a help and inspiration to us in the cause of temperance reform. We look forward to a bright career for her, and to many years of efficient service, but the Master planned otherwise. We know not how short is our day of sorrow, or our hours of toil. She has been called to higher service and to greater happiness, free from all pain and suffering. We know our loss is her gain. Blessed be the dead that die in the Lord, for they rest from their labors, and their works do follow them. So has a faithful worker passed into the joy of her Lord. For the years of her faithful endeavors and joyful service, for her sweet fellowship and filial love, we thank God. May the God of comfort, comfort your hearts, and help us each to labor earnestly while it is yet today. This was signed by: W. T. Costain, Henry A. Brown and Ella A. Costain, the committee.

The sad news was received by wire in this city on Saturday afternoon of the death of Dr. James H. Bradley of Camrose, Alberta. The telegram lacked any definite particulars as to the cause, but death must have come suddenly as only a short time since the deceased's parents, Sergeant and Mrs. Bradley, Douglas street, City, received word from their son who was then in good health.

The deceased, who was only thirty-four years of age at the time of his death, was a graduate of McGill, completing his studies in 1898 and passing a highly creditable examination in medicine. After graduation he took up his residence in North Wiltshire where he practiced his profession for four years, at the expiration of which period he left for the Canadian West and located in Camrose where he established a large practice. He was a man of kind disposition, and was popular wherever known. It is remembered that the late Dr. Bradley suffered a heavy loss by fire about a year ago when everything he owned, including his clothing and surgical instruments, was destroyed during his absence.

The Guardian joins with the hosts of friends of Sergeant and Mrs. Bradley and family in expressing sincere sympathy in their sad bereavement. The blow is a severe one as Dr. Bradley was their oldest son and brother and was especially dear to them. Besides his parents the deceased is survived by one brother, William, in Brodieville, Saskatchewan, and four sisters, Mrs. Louis Lowe, and Miss Katie in Winnipeg, and Misses Margaret and Angelina at home, as well as many others more distantly related. The body will probably be interred in Camrose.

While two little boys, each aged six years, sons of S. Acorn and Arthur Jenkins, were playing on the ice on Seaford Acorn's mill pond, near Pownal, a few days ago, young Jenker Moshier of Bristol recommended a moment's hesitation. Mr. Acorn's boy grabbed a stick lying on the ice, held it out to the other lad, pulled him to the edge and hauled him out on to firm ice.

The youngster was nothing the worse for his involuntary dip. When asked as to what course he would pursue had the stick not been handy, he quickly replied to the effect that he would have caught him by the hair of the head and pulled him out. The rescued lad expressed his gratitude with the words, "You are the best boy ever lived."

The ages of the principals in this deed of heroism make the act a most remarkable one, and the little lad who showed such cool presence of mind in a time when quick action was most needed has shown himself to be possessed of all the qualities that are necessary to merit a Carnegie medal even though he is of such tender years.

The following amounts are acknowledged under the heading of Mission Room Receipts in the last Wesleyan:—Bideford \$30; Souris 10; Mount Stewart \$21; Cornwall \$30; Pownal \$20.

Before John A. McDonald, Stipendiary Magistrate for Queen's County yesterday, the prohibition case against John A. Croken, of Emerald and the assault case of McQuarrie vs. McQuarrie of Rice Point were dismissed.

On sabbath last in the Methodist Church at York a large congregation assembled to listen to the Rev. Mr. Morgan, a returned missionary from China, and J. F. Wheat, Postmaster of Charlottetown, in the interests of the Laymen's Missionary Movement. The audience was greatly interested. A liberal offering was made for the general missionary fund. The choir did excellent service. The pastor of the church presided.

At the close of the regular service in the Methodist church in Hanover, N. B., last Sunday evening, a three-quarters of an hour song service was held under the leadership of R. A. March, assisted by the full choir. The solos were sung by Mr. March, and the solo parts by the choir, the people joining freely in the choruses. At the close the thanks of the congregation were tendered to the choir, and so successful was the service that it will be continued next Sunday evening.—St. John Exc. Many in this City have delightful memories of Mr. March's beautiful voice.

A fairly large and representative meeting of the members of the congregations of the First Methodist and Grace Methodist Churches was held in the basement of the first named church last evening. John F. Wheat occupied the chair. Very eloquent addresses were delivered by Rev. E. W. Morgan, a returned missionary from China, Rev. George J. Bond and Rev. T. Marshall. The following resolution was moved by W. C. Turner and seconded by Dr. J. H. Avers: The laymen representing the two Methodist Churches of Charlottetown, together with those of Cornwall, York, Pownal and Winstown Churches, desire to convey to the Missionary deputation their very grateful appreciation of the valuable services rendered by them to the cause of Christian Missions during their visit, together with the principles and aims of the Laymen's Movement for Missions commands our heartiest approval and we are confident that their timely and most inspiring addresses of Sabbath and this evening will not fail to advance the work of the cause in which the Christian churches are so deeply interested at present. At the conclusion of the proceedings refreshments were served by the Ladies Aid Society.

From a Shadow To Robust Health

Is the Change Dr. Williams' Pink Pills Made in a New Brunswick Woman

Anaemia—bloodlessness—is a trouble confined largely to women and growing girls. Its victims are pale; they lose all strength—the least exertion greatly fatigues them and they suffer continually from headaches and depressed spirits. Nothing will cure anaemia so quickly or so surely as Dr. Williams' Pink Pills—they have cured thousands of cases, not only in Canada but throughout the whole world. They do this because they make good blood. Among those cured by these Pills is Mrs. T. Chalmers Bartley, West Florenceville, N. B., who says: "At the age of sixteen I fell away to a mere shadow. I had scarcely any blood and suffered from all distressing symptoms of anaemia. Doctors did not help me in the least, and acting on the advice of a friend I began taking Dr. Williams' Pink Pills. They effected a remarkable change in my condition; indeed I really believe they saved my life, as I have been well and strong ever since I took them. I also recommended the Pills to a neighbor's daughter—who was similarly run down, and they also completely restored her health."

Every woman and growing girl should take Dr. Williams' Pink Pills occasionally. If you are ailing from any of the many troubles which afflict you or your sex they will cure you; if you are not ailing they will protect your health and keep you young and strong. Dr. Williams' Pink Pills are sold by all dealers in medicine or direct at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

At the Police Court in this City yesterday the prohibition case against Roy Essery was further adjourned until Wednesday morning at eleven o'clock. William Power and E. Hennessy, who were arrested Sunday morning for creating a disturbance on Richmond Street, were also remanded until Wednesday morning at ten o'clock.

At a meeting of the King's County alliance held at Montague it was moved by S. M. Martin, Heath-eride, seconded by Rev. R. E. McPhee and carried unanimously that Fredrick Mosher of Bristol be recommended to the Provincial Government as a prosecutor for King's County.

Edward Foley, South Shore, lost a valuable horse while crossing the North River ice from Charlottetown Saturday. In the spot where Foley lost his horse two parties broke through several hours previous to that time he crossed, and had much difficulty in saving their animals.

The body of the late Gregor McAusland, formerly of Bloomfield, who died in Boston on February 28th, is expected to arrive in the city to-day and will be forwarded to his former home for interment. Mr. McAusland left this province about four years ago and married shortly after taking up his residence in Boston. He leaves a father and mother and three brothers and seven sisters. Mrs. Irvin Ferguson, City, is one of the sisters.

At a public meeting of the ratepayers of St. Louis, Palmer Road and surrounding districts held on Wednesday evening the 2nd inst and which was specially called to consider the advisability of repealing the present act which prohibits the use of motor vehicles in this town, a resolution favoring the repeal of the present act and the adoption of a proper regulating act, was almost unanimously carried. The meeting was a large one and the question was ably gone into.

The following Schedule of rates to be charged for brokerage at all frontier ports, as follows, will be in force in this Province:—

A correspondent from Dingwall's Mills writes: P. MacDonald, Cardigan, has returned home from visiting friends at the Hotel, the Hotel, the Hotel, which hauling wood got a valuable horse slightly injured.—Wm. Gillingwell Fortune Bridge while skating on James Aitken's pond at a late hour broke through, and but for presence of mind of Lucy Aitken, the young man might have been the worse for the experience. The school, Miss Christine MacLeod, Valleyfield, Mrs. J. O'Donnell tendered a reception and dance on the 8th to the young people of Fortune and Rollo Bay. How about the girls that left early disappointed at the fact and pushing business this season, Mr. MacMillan the horse-buyer was fortunate in securing two of Fortune's finest horses. One of John MacDonald, Fortune Bridge and the other of Jas. Simonds, Fortune Head.—Fred Simonds at the City Hospital and his wife, who fell from his barn last Sunday.—We are pleased to learn E. Johnstone is doing a successful business in the boot and shoe trade. No wonder! Even the bears wear shoes now.—John Conroy has been appointed night-watchman for Fortune Bridge and vicinity.

On Tuesday evening Feb 8th the Angel of Death visited Hampton and claimed as its victim an aged and respected resident in the person of Michael McIver, Kinkora. About three weeks previously Mr. McIver was taken ill with heart disease but with medical skill and loving care he improved, but the end came suddenly on Tuesday evening. During his illness Mr. McIver was attended by his pastor, Rev. Dr. Curran of Kelly's Cross, who administered the last rites of the Catholic Church of which Mr. McIver was a consistent and faithful member. Mr. McIver was 73 years of age and was an ardent and successful farmer, a loving and devoted husband and father and will be much missed in the community in which he lived. His funeral which was largely attended took place on Friday, Feb 12th to Kinkora Cemetery where he was buried beside his wife who predeceased him last July. Burial services were conducted by Rev. J. J. McDonald. He leaves to mourn a sorrowing family of six daughters and three sons.—Mrs. C. Clark, San Francisco, Cal; Mrs. M. E. O'Regan and Michael in Maine; Lauretta and Charles in Dorchester, Mass.; Margaret, Josie, Cecile, and Eugene in the home-stead. All of whom have the sympathy of all in their sad bereavement.

On sabbath last in the Methodist Church at York a large congregation assembled to listen to the Rev. Mr. Morgan, a returned missionary from China, and J. F. Wheat, Postmaster of Charlottetown, in the interests of the Laymen's Missionary Movement. The audience was greatly interested and prompted by the addresses. A liberal offering was made for the general missionary fund. The choir did excellent service. The pastor of the church presided.

On Friday evening March 11th a very pleasant evening was spent at the home of Mr. and Mrs. Austin Morgan's, Alexandria, by a party of young people from Charlottetown. Upwards of thirty of them went out in specially chartered sleighs. The journey out was accomplished without mishaps, except for the upsetting of one of the sleighs. Fortunately no one was hurt. Arriving at their destination, the remainder of the evening was spent in playing games and in music. Supper was then served in fine style, and heartily partaken of by all. In the "wee sma" hours of the morning the party, after having given three cheers for Mr. and Mrs. Judson, broke up and retired to Charlottetown.

The members of the Summerside Baptist congregation held an enjoyable social at the home of Mrs. Henry Scates, St. Eleanor's, last evening. There was a large number present and a good program was prepared.

Are Your Children Puny?

Suggestive Letter to Parents

Nature is often at fault. Stupidity and thoughtlessness of parents are responsible for many of the half-dead men and women we meet. Their fathers and mothers did not supply the aid that would have set their body activities into full force to develop vitality and rugged strength. Mrs. Timothy Bristow writes a letter that should set thousands of parents thinking. "My boy and girl, fourteen and sixteen years old, looked pale and puny. They seemed not to care for play like neighbors' children. They were too fatigued and lacked something I would have liked to see them possess. I don't know what put it into my head, but I gave up making cookies and sweet dishes, and it didn't take me long to see they were eating more of the right kind of food. I just thought I would give them some of my own tonic, 'Ferrozone,' and was delighted with the result. Such an appetite it gave them! They grew fairly fat and had a lovely pink color. I think when such a good tonic as Ferrozone is available, there is no excuse for delicate children. Certainly lots of nourishing food, and Ferrozone, will give a child a great chance to grow up hearty and strong." And Ferrozone is a good tonic for old folks too—it's full of nutrition and blood-building properties, and makes the weak strong very quickly. Try one or two tablets with your meals. Fifty cents per box, six for \$2.50, all dealers or The Catarrhozone Coy., Kingston, Canada.

The following are the Souris market prices:—Potatoes per bus, 30 cents, oats per bus, 40 cents, pork per lb, 10 cents; beef per lb, 6 cents; butter per lb 22 to 24 cents; eggs per doz, 22 cents; hides per lb, 9 cents and hay per ton, 10 dollars.

Dealers in Montague yesterday were paying forty-two cents a bushel for oats, twenty-two to twenty-five cents a bushel for potatoes, ten dollars a ton for loose hay, ten and a half cents a pound for pork, twenty-two cents a pound for butter, and twenty-one cents a dozen for eggs.

The Forty Hours Devotion in St. Paul's Church, Summerside, closed yesterday. The mass of Reposition being celebrated at 8 o'clock. During the exercises, Father McLean was assisted by Father Monaghan, J. J. McDonald, Arsenault and Boudreau.

With the snow slipping away so rapidly and the hauling becoming bad the price of mussel mud has gone up to \$5 per car at Summerside. Formerly it was only \$3 a car. Farmers are still anxious to have it. Some are paying the freight on it for a twenty-five mile haul by rail and taking it a distance of 5 miles by team.

Dealers in Summerside yesterday were paying thirty cents a bus for potatoes; twenty-two to twenty-five cents a dozen for eggs, four fifty a ton for loose straw, forty-one cents a bus for white oats and forty-four for black; oats, eleven cents a lb for pork and ten dollars a ton for loose hay and nine cents a lb for hides.

There were two prohibition cases before Stipendiary Magistrate at Alberton yesterday. The first case was against Frank R. Vuzzo, who was up for second offence, convicted and fined \$200 and costs. Second case against Joseph H. Skerry for first offence, convicted and fined \$100 and costs. Cases were referred by Prosecutor Darrach. The defendants in either case did not appear and are reported to have left the country.

The Seed Fair for King's County was opened in the hall at Georgetown on Monday afternoon at 1.30 by His Honor Lieutenant Governor McKinnon.

As the judges proceeded with the placing of awards in the hall the afternoon program was carried out at the Court House. Hon. John Richards, Commissioner of Agriculture presided. He congratulated the people on holding the Fair and spoke of the benefits resulting from the selection and use of good seed and the necessity of growing our own seeds. He also spoke of the growing of clover seed saying that if there were a sufficient number of farmers went into the growing of clover for seed that the department would consider the assisting in getting a clover huller, an expensive machine indispensable in the cleaning of clover seed.

J. E. Sinclair was the next speaker. He gave an account of agricultural methods as practised in Denmark especially the hog raising industry and its relation to dairy farming.

J. A. Clark, Superintendent of the Experimental Farm, gave a description of what he intends doing in the farm along experimental lines. He spoke on the Benefit and Value of Good Seed to the Farmer describing in detail the methods used for prevention of smut in grain and recommending a solution composed of 1 pint formalin to 50 gallons water, enough to treat 50 bus oats. At a meeting at the hall at 5 p. m. the judges explained reason for placing awards under different exhibits. S. J. Moore, Truro, assisted by J. A. Clark, judged the oats and Timothy. R. Robertson Superintendent of the Experimental Farm at Nappan, N. S. judged the potatoes and Donald Innis, N. B. wheat and barley.

The evening session met at 7 p. m. with Mr. Annear, President of the King's County Exhibition Association in the chair. First was an address given by His Honor Lieut. HOSE NOTES.

Ex-Mayor Prowse has sold his handsome mare, Rosewood, by Parkwood, to Mr. I. Gillis, for three hundred dollars. Mr. Gillis is fortunate in securing such a beautiful driver. There are but few Parkwoods now in this Province, and it is most unfortunate that a producer of such exceptionally valuable and stylish carriage and show horses should have ever been permitted to leave. There is no doubt that had the Province Government known six years ago, as much as the general public knows now, they would never have allowed Parkwood to be exported to New York.

Cough's, Colds BRONCHITIS

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble. The wonderfully-soothing vapor of Catarrhozone instantly reaches the furthest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs. To permanently cure your winter ills, your coughs, sneezing, and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitute and imitations. Look for Catarrhozone only. 50c. and \$1. at all dealers. Catarrhozone Just Breathe It.
