

LOCAL BRIEFS

The S. S. Stanley leaves Pictou for Charlottetown this morning.

The dredge Prince Edward will be towed to Charlottetown by Batt Bros tugs as soon as the weather is suitable.

Mr. N. Rattenbury, received a telegram yesterday stating that the Lake Huron had arrived at Liverpool at 11 o'clock yesterday morning.

Thos. Hodgson, & W. T. Bowness, now comprise the firm of Hodgson & Bowness, General Storekeepers, having bought out W. S. Newman, Bedeque, P.E.I.—Maritime Merchant.

Mr. J. M. DUNCAN vice principal of West Kent St. school at Charlottetown, will lecture in Montague tonight on Evolution. The proceeds to go in aid of the band. There will also be a pie social in connection with the lecture.

A missionary meeting was held in the Methodist church Little York last night under the auspices of the W. M. S. The night being a beautiful one the attendance was very large. Revs J. J. Teasdale and J. W. McConnell, who addressed the meeting returned last night.

The funeral of the late W. Critchlow Harris, Sr. will take place this afternoon at three o'clock to St. Peter's church, Rev. Jas. Simpson, priest incumbent officiating. The pall bearers will be H. J. Cudall, Thos. May, W. H. Aitken, W. H. Stewart, Hon. F. De St. D. Brecken, W. H. Crookill. The interment will be made in St. Peter's cemetery.

The Social Hall for young men on Grafton Street was opened up last evening in a manner which augurs success for the undertaking. The room was crowded with boys and young men who enjoyed the musical and literary entertainment provided. Lunch was also dispatched with apparent relish. The rooms will admit boys under 16 on Monday and Friday nights. Other evenings are especially for young men. Good reading and games will be provided, and music in abundance. Contributions of magazines or cash will be thankfully received by the treasurer, Mr. J. K. Ross and duly acknowledged.

THOUGH he had been a good while ill few of his many friends were aware that Mr. William Boyle of Prince Street was so near the end of his life's activities when his death was announced last evening. The tidings will be learned with unfeigned regret by many readers of this notice. Mr. Boyle was well and favorably known to the people of Charlottetown. He had in middle life carried on an extensive tanning business on the Lower Spring Park Road. In his energetic pursuit of this trade Boyle's tannery became known throughout the island, while he as proprietor accumulated a goodly share of wealth. In his business relations he was kind and generous toward his employees, honest in his dealings with customers and won the respect of all. He was a worthy and active member of the First Methodist church in which he was also for many years a class-leader and trustee. A widow, formerly Miss Faught of this city, and two children survive him. Dr. Boyle of Harbor Grace, Newfoundland, now in this city is a son, and Mrs. George Hughes a daughter of the deceased. They have the sympathy of many friends in their bereavement. Mr. Boyle was 72 years of age. The date of his funeral will be announced later.

The fancy table at the Kindergarten Hall, Dec. 7th, will be stocked with all kinds of pretty and useful articles. Come and buy needlework toys, purses, china, purses, vases, pictures, in fact anything you want.

One hundred and six pupils were in attendance at the School for the Blind, Halifax, last term. Sixty-three were from Nova Scotia, twenty-nine from New Brunswick, six from P. E. Island and eight from Newfoundland.

Rev. A. L. GEGGIE, when at Detroit, was admiring the Illinois badge of the C. E. delegation from that state, which consisted of the British and American flags crossed. A Yankee remarked,—"You see the British flag is behind the American," to which Bro. Geggie, of Truro, replied,—"The Americans always like good backing." The Yankee owned up;—"That's one for you, Scotie."

ARRANGEMENTS are completed for what promises to be a very interesting meeting in the 1st Methodist church this evening at eight o'clock. The two Methodist congregations of the city will unite in holding a meeting in the interest of the Twentieth Century Thanksgiving Fund, when addresses will be delivered by Rev. Dr. Carman of Toronto, Rev. Dr. Brecken of Sackville, Mr. W. E. Dawson, Mr. J. D. Seaman, and Mr. J. T. McIlhish. This is a meeting preparatory to the services of Sabbath Nov 12th.

The survey of the Murray Harbor railway is being pushed forward as fast as possible and tenders will be called for the grading of the line as soon as the engineers have finished their work. Two additional men have arrived from Moncton to assist the Engineers. About six miles of the road has already been surveyed and the remaining four will be finished in a few days. The new road will have very few curves and will be one of the best pieces of road in Canada. The line of survey commences near Mr. Mutoche's farm and goes through Mt. Herbert, Mt. Allison and ends near Lake Verde, 11 6.10 miles from Southport. The work of straightening the curves between Loyalist and the curves at Colville is also being rushed along a large gang of men being employed at the present time. Superintendent Sharp thinks that the work in that particular section of the road will be very satisfactory. The distance between two points is about three miles. When the road is rebuilt it will materially shorten the distance.

THURSDAY's number of the Maritime Merchant contains a good photo of Mr. Geo. C. Cook, the late parser of the S. S. Halifax. In speaking of Mr. Cook the Merchant says:—"Mr. Cook has joined the army of toilers—not that he was not a worker as parser of the Plant Line 'Halifax.' As proprietor of the Boston Trading Co., general commission merchant and dealer in fruits and produce, with offices at 47 Upper Water Street, the Merchant wishes Mr. Cook much success. We have no doubt that he will achieve the success he merits, for he is very popular, and as parser of the 'Halifax' for many years became one of the best known men in the province. He is a Canoe man by birth, being the son of the late Thomas C. Cook, who was collector of customs at Canoe and a well known business man highly respected along the Eastern shore. When Mr. Cook left the 'Halifax' he was not permitted to get off the steamer without receiving a handsome gift and an appreciative address from men with whom he had sailed for so many years. His connection with the Plant Line was very pleasant, he having been held in high esteem by the management, who regretted exceedingly to part with him."

I. O. O. F. Willey Lodge No. 27 meets to night at eight o'clock.

C. O. F.—Court Charlottetown meets to-night in Forester's Hall, Prowse's Block. Important business initiation.

HOCKEY. The annual meeting of the Victoria Hockey Club will be held in the Y. M. C. A. on Monday next the 13th inst.

"DAN" SMITH, a first-year student in Dalhousie College broke his collar bone Wednesday afternoon, while playing football.—Halifax Herald.

INTEREST in the football game on Monday is growing every day and those who have watched both teams practicing predict a very fast and close game. Everybody should go and encourage the grandest game on earth.

The Rev. Dr. Carman, General Superintendent of the Methodist Church, will take the following appointments in the Summerside District, viz:—Bedeque, Monday, Nov. 13; Margate, Tuesday, 14; Summerside, Wednesday, 15; Tryon, Friday, 17.

We are told that the Municipal Council's supply of hay for the sanitary stables the coming winter was imported from Prince Edward Island. The Turbay men who have to stand shivering throughout the cold winter days, trying to sell a load of hay might ask Mr. White, who is a member of the Municipal Council, is this not the case.—St. John's Telegram.

On Tuesday evening next, the first Concert of the season under auspices of the Y. M. L. A. of St. James' Church will take place in St. James' Hall. The concert is under the directorship of Prof. Earle—programme later. The young men trust the congregation will extend to them the same liberal support as heretofore by securing season tickets which are now on sale by members of the executive.—10 2.

In speaking of the Twentieth Century Fund the Wesleyan says:—"The Christian Guardian mentions two little girls in Ontario, who were so taken with the desire to help the Twentieth Century Fund that they gathered apples and picked potatoes till they earned a dollar each to give to that Fund. A similar incident is told of the son of one of our ministers in P. E. Island, a stirring 'small boy,' who hired himself out at twenty-five cents per day towards the dollar which was to secure his name a place on the Historic Roll."

The Maritime Merchant in referring to P. E. I. produce on the Halifax Market says:—"Since our last report, and up to this writing there have been no new arrivals of schooners from the island with produce but some produce has come in on the steamers and some vessels are expected to arrive shortly. It will be the middle of the month or later before business sets in in any degree of volume, but it is thought that the usual quantities will be required at Halifax and the outlook is for a good demand. This week's prices are:—Potatoes 28c. 25c. There are not any quantities of P. to 30c.; oat 37c. to 38c., and turkeys E. I. turkeys in the market P. E. Island, mess pork \$15.25; Thin mess, \$10 to \$11; rumps, \$14.25; pigs feet, \$5.00 and jowls \$10.00.

The tug Anson M. Bangs, arrived in port from Montreal early yesterday morning, having in tow the dredge Fen McCoon, owned by Hughes Bros., & Bangs, prominent contractors of New York. The dredge for the past year has been engaged on a large contract in Buffalo. She was towed through the Welland canal and down through Lake Ontario to the St. Lawrence River and thence to Montreal where she was taken in tow by the tug. They left Montreal at 6 o'clock on Sunday morning and arrived in port as above stated. The dredge is said to be the largest and most powerful one in the world and cost the owners over \$100,000. She has been principally used where the water was 90 feet deep and will lift 14 square yards to a dipper 90 to 130 feet deep, with two hoists to the minute. The scoops used are 200 feet long, 40 ft. beam with a carrying capacity of 1500 square yards, equipped with steam dump and power for the general working of the scow. The tug is a very fine boat and is fitted with all the modern appliances known to navigation, besides being very powerful. She is commanded by Captain Chester, Capt. Bunker is the general coast wise pilot. The tug was supplied with coal yesterday and will sail at an early hour this morning.

As a general rule, the most successful man in life is the one who has the best information.—Disraeli.

Our Two Drug Stores

are controlled and managed by graduates in Pharmacy, who have spared neither time nor expense in endeavouring to learn the drug business in all its branches. The fact that the most intelligent persons in the city are our customers, goes to show that the discerning public are alive to their own interests and also accounts for the large measure of success which has attended our efforts to give the best possible service, the best drugs, at as low a price as possible considered with their purity.

Johnson & Johnson DRUGGISTS

Where Quality Counts.

There's hardly any department where honest quality means so much as in FURS. Of course there are plenty of "cheap furs." You hear of them often—maybe see them sometimes. Then there's a rarer variety.

"Good Furs Cheap"

That's the satisfactory kind and its the only kind you will see HERE. The furs we sell are satisfactory furs. They're honestly made of honest skins. They're made up by the most skilful and reliable furriers that we know of. That they are correct in style goes without saying—they wouldn't be here if they weren't. Every article is carefully inspected before it leaves the factory and carefully inspected again before we put it into stock. If it isn't honestly good we won't sell it, won't have it at all. We would like to show you how much goodness and style—your fur money can buy—will you give us a chance?

MOORE & McLEOD.

See Our Fancy Oak Goods?
