

YOUNG GIRLS NEED CARE

Mothers, Watch Your Daughters' Health

Health is Happiness

From the time a girl reaches the age of twelve until womanhood is established, she needs all the care a thoughtful mother can give.

The condition that the girl is then passing through is so critical, and may have such far-reaching effects upon her future happiness and health, that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet from lifting heavy articles, and from overworking. Do not let them over-study. If they complain of headache, pains in the back and lower limbs, they need a mother's thoughtful care and sympathy.

"We Both Recommend"

Writes Mrs. Chase about Lydia E. Pinkham's Vegetable Compound:

"When my daughter was thirteen and until she was fifteen, she suffered every month so that she could hardly move about the house and when she would have these pains in school, she would have to be carried home. She also had headaches, dizziness, fainting spells, and nervousness in her back. I saw your advertisement in the 'Herald' and Lydia E. Pinkham's Private Text-Book upon 'Ailments Peculiar to Women' will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information."

A Little Book Helped Her to Decide

Milwaukee, Wis.—"My daughter took Lydia E. Pinkham's Vegetable Compound as she was so weak and did not feel like going to school. She was like that for a whole year before taking your Vegetable Compound. I found a little book of yours in our mail-box and decided to give her your medicine. She is now strong and well and attends school every day. We recommend your medicine to all mothers with weak daughters." Mrs. E. Kiczny, 917 20th Ave., Milwaukee, Wisconsin.

Learned Through Her Mother

Toronto, Ontario—"I suffered from the time I was a school-girl until I had taken your medicine, with pain in my left side and with cramps, growing worse each year, until I was all grown-up. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound, and low thank God I am that I have taken it, as I can relieve from pain and cramps." Mrs. H. A. Groulx, 11 Rowley Ave.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Canada's Great Inland Seaport

—Montreal, with a population of almost one million, has but 915 rooms in modern fireproof hotels.

These cannot accommodate the visitors—travellers, business men and pleasure-seekers—who, day after day, week after week, month after month, visit Montreal. More than fifteen hundred of these people will be able to find accommodation—comfortable, luxurious accommodation—in the new "MOUNT ROYAL" Hotel, which will be open about October, 1922.

This new Hotel will have 1,050 rooms, stores and offices, as well as a great convention hall, together with all the other luxuries and necessities that go to make a thoroughly modern hotel.

It will cost approximately ten million dollars. A study of conditions in Montreal will convince the most sceptical that "THE MOUNT ROYAL" will fill a long-felt need, and will undoubtedly be a most profitable enterprise for its shareholders.

We are offering the 8% convertible debentures, carrying a bonus of 30% of Common Stock, of The Mount Royal Hotel Company, Limited, and shall be glad to send descriptive circular on request.

To W. A. Mackenzie & Co., Ltd.

33 King Street West, Toronto.

Dear Sirs: Please send me a copy of the circular describing the 8% Convertible Debentures of The Mount Royal Hotel Company, Limited, and oblige.

The young people of the Georgetown Hockey Club are busy at present, practicing for the play. Without a doubt the play will be a good one, and a large attendance is expected.

CARNIVAL—The masque, added to what was held at the Georgetown Skating Rink, Thursday night, March 9th by the Georgetown Hockey Club, was one of the most successful ones ever put on. The companies were many and varied, from the babies to the most advanced. While some of the prizes thought that there was some justice in the awarding of the prizes but it is well to remember that in the contest of the kind, the decision of the ladies does not always satisfy all. There were many companies, and the limited number of prizes offered it was impossible for every contestant to receive this honor. The prizes of the ladies' company were Miss Marie Gordon and Miss Annie Macgregor, teachers of the Georgetown High School, and of the gentlemen, Mayor J. Howard Macdonald and Mr. Peter J. Solovien. The prizes were presented by the Honorary President of the Hockey Club, Mr. P. J. Solovien.
