No Fear Now of Offense!

So Sweet and Clean Inside! No Offensive Vapors From the Pores

Once a person realizes the wonderful properties in *cascara*, no other laxative in the market would ever be considered.

It's no trick to "clean out the bowels." Dozens of things will do that. But a little natural cascara purifies the system clear through. Cleanses even the pores of your skin. Renders perspiration as inoffensive as so much dew! The old-fashioned way was "salts." They get action, but they take the mucous membrane along with the waste matter! Mineral oils are gentler, but they leave the bowels with a film of poisons for the blood to carry off through the pores. But when you cascarize the system, you get rid of all the poisons *by normal muscular action of the bowels.*

If you have the habit of taking medicine for constipation, or even for auto-intoxication, stop it. For a candy cascaret is a delightful form in which to take cascara; children love them, and the taste tempts most grown-ups to have "more."

And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warmest weather! Try a cascaret tonight—see how you feel next day, and for days after! With the skin fresh and fragrant. All druggists, 10c and 25c.

"MY OLD DREAD of unpleasant vapors when I was excited or warm used to spoil a party for me. It was even worse after a purging. It was a good friend who told me the wholesome sweetening of one or two—

CASCARETS

To remove lime, which accumulates on the inside of a teakettle, boil a strong solution of vinegar in the kettle, then rinse thoroughly before putting water in.

Salt, moistened with vinegar will remove burnt marks from enamel saucepans and dishes, but they should be soaked in cold soda water for a few hours first.

It is not extravagance to keep on hand a variety of seasoning and flavoring. It may mean a small outlay in the beginning, but it requires so little for any one dish that the supply will last a long time.
