

CENTRAL REALTY CO., LTD, NEW GLASGOW, N. S.

ESTIMATED PROFITS.
Assuming that the returns from income property, building and sale of houses and sale of lots will yield \$12,000 per year, and profits from purchase and sale of properties for quick turnover would be \$3,000 per year.
Based on the above, the profits would stand as follows:
From income property, building and sale of houses and sale of lots \$12,000
From purchase and sale of properties..... 3,000
\$15,000

Interest on Bonds..... \$5,000
Sinking Fund..... 2,000
8,000

Balance available for Common Stock, equal to 7 p.c. on present issue, \$7,000
Net earnings would be nearly twice the bond interest and sinking fund requirements.

In addition to the above, the assets and earnings will gradually become greater, owing to the natural increase in value of properties now owned by the Company.

Hear the New Edison Blue Amberol--The Indestructible Record

The new Blue Amberol record is a decided treat to all owners of Edison phonographs. It is indestructible, but not like the common kind of so-called "wearever" records. The Edison Blue Amberol cannot get harsh, scratchy or screechy. It is clearer, sweeter and has a more mellow tone than the ordinary Amberol.
Before putting it on the market it was

Played 3,000 Times in Laboratory Tests--

It was the intention of the Edison people to devote but the very best talent to making Edison records. They tried to make records on its list that you will want to play 365 days in every year.
The new Blue Amberol cannot be broken, never wears out and is so sweet, mellow, and pure in tone that you will take a new interest in your phonograph.
Same price as regular Amberols..... 65c

ARRESTED THEIR BENEFACITOR

GENEVA, Jan. 2 (Special)—Two French gendarmes were recently dispatched from Grenoble to arrest a shepherd who lived in a little hamlet in the Dauphine Alps, which, owing to the recent snowfalls, was very difficult to attain. The gendarmes lost their way, and were in danger, as they had wandered near precipices at the Embrun Gorge. Their cries for help were heard by a peasant, who came to their aid, and, producing a rope, tied the gendarmes together. One of the gendarmes, indeed, fell over a precipice, but with the aid of the rope he was rescued.
Eventually the guide conducted the two gendarmes to the ordinary path. The officers embraced him, but on inquiring his name they reluctantly arrested him as being the very man for whom they had been searching. The guide is accused of a minor offence, and in view of his brave conduct he will most probably be acquitted at Grenoble.

DRESS HINTS.

For trimming blouses there is a new plaited shadow lace frilling, black lace over white.
The latest thing in knitted goods is an evening wrap for an elderly woman made semi-surplice style, opening down the front and edged with knotted fringe. Two colors are employed, and in one pretty model they were black and Copenhagen blue.
La blouse Bulgar, which is the latest Paris creation, is a Bulgarian jacket, with its curiously colored embroidery, that is worn over any simple blouse or one-piece dress.

TWO MOTION-PICTURE SHOWS IN ONE THEATRE.

A double-show motion-picture theater, claimed to be the first of its kind, has been opened in Cleveland. It is equipped with two picture curtains or screens, and two picture machines, and two shows are run simultaneously. The patrons enter the theater and take seats on the right side, from which position one screen is in view. When the complete program has been shown on this screen, it is only necessary to move to a seat on the opposite side to see an entirely different program, and all for a single admission.—From the January Popular Mechanics Magazine.

A New Year Resolution

The best New Year's resolution you could possibly make is to say that you will not put in another year with the old style system of home heating. Persuade yourself that you will do away with the hot carrying stunt, the ash shifting feat, the coal attending grid and regiment of pretty worries that attend looking after a score of stoves and carrying ashes and coal all over the house.

All you need to do is install our Hot-Air Heating System and good heat and comfort will come into your house to stay.

For full information regarding this system, write, call or phone 393-J.
