Bang's Disease

At a recent meeting of the directors of the P. E. I. Ayrshire Club the following resolution was adopted:

"In view of the fact that all United States and Upper Canada buyers are demanding cattle free from Bang's Disease,—contagious abortion.—and as very little of this disease is found in Prince Edward Island, the Ayrshire Club is anxious to have all breeders of registered Ayrshires, test their cattle in order that outside sales may be facilitated. To this end the Club will pay a bonus of twenty-five cents per head on each registered Ayrshire tested under a private test. This bonus to apply to the first 400 head on which application is received by the Secretary. In the case of breeders having some animals tested for exhibition purposes, the club will pay the actual cost of testing the remaining registered animals in the herd, providing this cost does not exceed twenty-five cents per head."

The purpose of this plan is to give the breeders such confidence in their own cattle that they will not hesitate to come under the Federal Testing plan which will give each breeder an official Disease Free Status covering the disease.

In view of the fact that United States buyers are coming to this province in the very near future to purchase car loads of registered Ayrshire cows, it was decided to have the secretary maintain a list of all such cows for sale by the breeders in the province. It was hoped that the breeders would notify the secretary as soon as each cow reached salable condition.

It was also decided to make a special effort to have all non-registered pure bred cows over two years old, registered while the special low rates were in effect. These low rates are in effect only till November of this year.

As practically all outside buyers are demanding registered cows, which enter United States duty free, it was thought that with all eligible cows registered we would have more stock to interest these buyers.

PRESTON'S GOOD YEAR

PRESTON, England—(CP)—Preston North End, English Football Cup holder finished last season with a credit balance for the first time in years. Profit was 11,143 pounds ($55,715), compared with 6,906 pounds ($34,530) the previous year.

Kensington and Vicinity

Mr. Leigh Dingwell of Charlottetown was a business visitor to Kensington on Wednesday.

Mr. Oliver Campbell was a visitor to Charlottetown on Wednesday.

Mr. Ian Darrach was a visitor to Summerside Wednesday on business.

Premier T. A. Campbell, Hon. T. A. Crerar, Federal Minister of Mines and Resources, Hon. J. P. McIntyre, Minister of Public Works, Senator C. McArthur, Hon. A. E. MacLean, Mr. S. McKay, Mr. John Thompson and several engineers motored through Kensington on Wednesday on an inspection tour of Prince Edward Island's new National Park, as well as looking over other possibilities for further developments.

Congratulations from his many friends and admirers in this vicinity to Mr. Pete Kelly on his splendid performance in retaining his N. B.-P. E. I. golf title, in St. John, N.B. on Wednesday the 13th.

A large number of horse lovers from this vicinity attended the races in Northam on Wednesday afternoon and enjoyed an excellent afternoon's sport, with each heat turning out to be a thriller from the word go, until under the wire at the finish.

The School and Home Improvement Association's ice cream festival held on Thursday evening on the Kensington High School grounds, was greatly enjoyed by a large crowd of people from near and far. Music furnished by the Summerside Band, and other attractions furnished an excellent evening of fun.

Mr. Charles D. Howatt was a visitor to the capital on Wednesday.

H

Arrange Studies For Old England To Wider Leeway

By MOLLIE McGEE
Canadian Press Correspondent

LONDON, July 15—(CP)—Staggered holidays are a national innovation just around the corner in England. This may be the last year when seaside trains, boarding houses and beaches are crowded to the last inch for two short months and deserted during other weeks of finest weather.

Kenneth Lindsay, Scottish-born parliamentary secretary of the Board of Education, is one of the most eligible bachelors on the social list, yet he has been working overtime solving the problem of how to make it possible for families to go away when the children would normally be at school or taking examinations.

He has announced that at length the universities are on the point of agreeing on [illegible] ions of the dates of school certificate and higher [illegible] examinations.

Another new educational idea has been adopted by the Essex County Education Committee—whose jurisdiction extends over a heavily populated and not unduly wealthy area. In Essex they are establishing a pre-nursing course in nursing course in the technical schools, in an effort to remedy the serious [illegible] of hospital nurses in the country.

The [illegible] ll begin at 15 or 15 1-2 and [illegible] last four years. In the first year the student's general education will be continued with a view to determining whether she is suitable for a nurse. The fourth year will be spent practically entirely at the hospital.

Interest in [illegible]ranch movements and in the "Keep Fit" campaign in particular, is on the increase. For one thing it gives the newspapers and magazines all the leeway they desire for pictures of pretty girls in bathing suits, shorts, and briefest skirts. The pictures act as propaganda for gym classes and now no group program seems complete without physical jerks.

Yet with all this the authorities in charge of Olympia Horse Show were hard put to it to find a "dare girl", who had of course to be beautiful. In addition she had to be willing to be strapped on to a wild horse for a scene with the Spahis from Algeria.

"We can find girls beautiful enough," they said, "but none with sufficient pluck to be roped to the back of a horse with no control over the animal." However eventually the girl was found—in a Keep Fit class.

Wild horses could not drag most women to an ordinary law case in an English court, where—perhaps in deference to the picturesque wigs and cloaks, time passes slowly. Yet five women were included in the list of 100 students who put their names down for a call to the bar during the last days of June.

The British bar is still a bit doubtful about women and they have not as yet been admitted to the bench. They are left to themselves. In the sacred precincts of the Inner Temple—devoted entirely to lawyers' offices. Two engaging names follow one another outside one door: Miss Dorothy Dix, Mr. John Single.

SYDNEY ON TOP

SYDNEY—(CP)—Sydney defeated Melbourne by eight matches to one in the final of the Australian inter-university teams' golf matches at Rose Bay recently The golfers met as undefeated teams.

Sea View and Vicinity

Haying has commenced and the farmers are quite busy, many are finding the crop much better than was expected owing to the many showers of rain during the month of June.

Many friends are pleased to learn that Miss Pauline Coulson R. N., is daily improving following her treatment in Prince County Hospital.

Miss Nettie Barwise and Miss Ida Adams were recent visitors to Summerside and while there visited Mr. David Adams, who is still a patient in the Prince County Hospital. Many friends are pleased to learn that Mr. Adams is making such a good recovery and expects soon to be able to return home.

Dr. and Mrs. Frank Bowness and little daughter of Kensington were recent visitors to Sea View and spent a pleasant visit, the guests of Mr. and Mrs. Leigh Sutherland.

Mr. Harry Crozier, Master Morley Crozier, Darnley and Mr. Robert Sutherland, Sea View attended the horse races at Northam on Wednesday past.

Mr. and Mrs. Chester Buntain and family, New London were visitors to Sea View, on Wednesday afternoon the guests of Mr. and Mrs. G. Donald.

Mr. Roy Adams was a visitor to Charlottetown, Tuesday on business.

Mr. John S. Cousins, Miss Millie Cousins, Park Corner accompanied by Mr. and Mrs. John MacNutt, Darnley motored to Boston, Mass., recently. Mr. Cousins purpose is to receive treatment while in Boston, a host of friends trust it may prove helpful in restoring his health.

Mr. Edwin Murphy is preparing to build an addition to his store at Sea View Corner. this will prove a benefit to Mr. Murphy as his store was small for the business.

Mr. and Mrs. Edwin Donald and family were recent visitors to Charlottetown.

Mrs. Albert Simpson, Darnley, and Mrs. William Cousins, Baltic attended the annual Presbyterial which met in Tyne Valley recently.

Mrs. Joyce Thomas, Malpeque, is spending a pleasant visit in Darnley the guest of Miss Louise McKay.

Mrs. Colin Mountain entertained the members of the Darnley W. I. at her home in Darnley on Wednesday evening. There was a good attendance of members besides several visitors. In the absence of the president, Miss Margaret Blakeney, the Vice President Mrs. Arthur McKay presided and the meeting opened by singing Ode and repeating creed in unision.

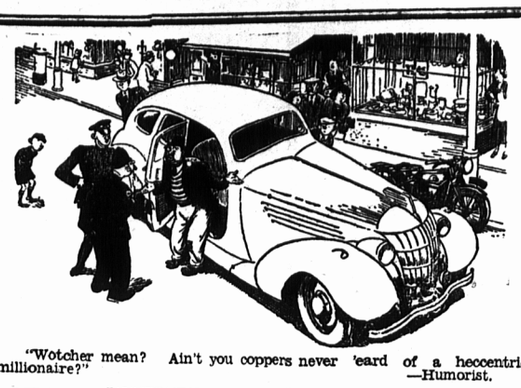
After the usual business discussion and report of committees it was decided to have the pupils of Darnley School treated with T. B test at a convenient time for those who have charge of this vention which was held in Malwork, this was left for future consideration. The district convention was discussed and many helpful suggestions were passed on. Several interesting numbers were given by the Program Committee and the singing of the National Anthem brought the the meeting to a close after which lunch was served by the hostess assisted by Mrs. Clarence Hickey. The Darnley and Sea View Mission Band met at the home of Mrs. Albert MacNutt on Saturday afternoon for their July meeting. There was a good attendance of members. President, Miss Jean McKay presided and led the devotional period, several of the members taking part in the Bible study discussion. The Missionary Committee also gave several interesting readings. All joined in a Prayer Circle and repeating of Band Motto. Hymns and benediction brought the meeting to a close after which tea was served by the hostess and a social hour followed the August meeting will be held at the beach in Darnley in the form of a picnic.

Many friends will be pleased to learn that June Burt, little daughter of Mr. and Mrs. Sam Burt, Sea View is making a good recovery following her recent operation in Prince County Hospital.

The people of Spring Valley have enjoyed Miss Alma Campbell, Irishtown as the teacher for their school for the coming year.

The people of Baltic district at their annual meeting increased the supplement for their teacher, Mr. John W. Murphy, Sea View, who has been engaged for another term of service. This is surely evident that Mr. Murphy's services as teacher were appreciated by the people of Baltic school district.

The sympathy of many friends in this community is extended to Mr. Andrew Tuplin and family in their sad and sudden bereavement.



"Wotcher mean? Ain't you coppers never 'eard of a heccentric millionaire?" —Humorist.

Opening Of New Fishing Plant At Cape Egmont

The commodious new packing plant built by the Fishermen's Union of Cape Egmont was formally opened on Thursday afternoon with a meeting and addresses by prominent speakers interested in the fishermen's union.

Mr. Napoleon Arsenault, president of the Union, presided and welcomed the guests. Rev. F. X. Gallant, parish priest at Egmont Bay, gave a short address of welcome.

Hon. B. W. LePage, chairman of the Fishermen's Loan Board gave a short address and expressed himself as desirous of co-operating with the fishermen.

Mr. Justice Arsenault also spoke, stressing the need for co-operation and described the work of Rev. Fr. MacQuaid at the farm at St. Dunstan's University. Other speakers were Mr. A. E. MacLean, M.P., Mr. J. Frank Arnett, Mr. Maxim Gallant, M. L. A., Rev. Nazaire Poirier, Mr. A. P. Arsenault, K.C. Mr. H. H. Acorn, Souris, Secretary of Fishermen's Loan Board; Mr. George Barbour, M.L.A., Mr. P. W. Turner, ex-mayor Charlottetown, and others.

The packing plant is a very fine building and was built by the Union with a loan from the Fishermen's Loan Board. The building itself cost within the vicinity of $2,200, not including the equipment inside, which is right up to the minute. This building was a long felt want for the fishermen of that district and they are very greatful for the assistance given to them by the board.

The ladies served a most delicious supper to the visitors.—S.

One Time Raider Likes Zealander

AUCKLAND, N.Z., July 14—(CP)—Count Felix von Luckner, Germany's "sea devil" of the Great War, sailed from this port after his recent visit with a crowd of admirers wishing him good-luck.

Before the Count arrived here in his yacht Seeteufel, to revisit the scene of his war-time captivity, a certain amount of hostility was expressed in some quarters. He was a prisoner here after his remarkable career of raiding Allied shipping in the war.

The Count's visit extended over ten weeks, during part of which he was engaged upon a lecturing tour. He was careful to avoid any discussion of politics, and confined his talks to his war-time experiences. His breezy personality and democratic ways earned him a host of friends.

There was a scene of enthusiasm at the wharf when the Seeteufel sailed from Auckland for Sydney in continuation of her cruise, the yacht being crowded with friends of the Count and Countess, who gave the visitors a demonstrative farewell.

"From the bottom of my heart, I want to thank the people of New Zealand, which is indeed a country of gentlemen, for their wonderful hospitality,' said the Count to newspapermen. "I will long to come back again; indeed, I must for I am leaving my heart here.'

A check of the averages show a general slump of batsmen who failed to get into training camps before March 1 . . . Average slump of the last dozen to sign them papers last spring, compared with their final 1937 mark, is 50 2-3 points . . . Henry Armstrong, black buzzsaw of the ring, has his eye on a California farm on which to spend his days when he puts his mittens in moth balls for keeps.

Large congregations were present at the Keir Memorial Church in Malpeque at both services past Sunday and listened with a great deal of interest to Mr. Lloyd Henderson of Freeland who is a Divinity student. Mr. Henderson is a student of rare ability and his message for the day was well delivered and greatly appreciated.

Mr. and Mrs. John MacNutt returned to their home in Darnley after a motor trip to Boston Mass., where they injoyed a pleasant visit with friends there.

Miss Annie Dyment Northam has been re-engaged for another years service in Park Corner School. This is the fifth term that Miss Dyment has served as teacher in this school showing her popularity and efficiency as a teacher.

The barn of Mr. William Brander, Sea View in some unaccountable way caught fire on Thursday evening, the fire was discovered about dusk with the flames bursting out in all directions, kind neighbors quickly gathered and by their strenuous efforts and the aid of fire extinguishers fought the fire until they got it under control, at one time it was feared the dwelling was in danger and all the furniture was removed but by the aid of so many willing workers the dwelling was kept from catching. Mr. and Mrs. Brander are indeed grateful to all who helped them save their home and other buildings. Mr. Brander's loss is partly covered by insurance. The origin of the fire is unknown.

Indian River School Closing

That co-operation is the keynote to success was exemplified in Indian River Thursday afternoon, June 30, when parents, ratepayers and all wended their way to the school, the occasion being the holding of the semi-annual examination. Great credit is due the teacher Mrs. Leona G. Cameron, for the excellent progress made by the pupils in all their subjects during the year, which of course can only be attained by parents, teacher and pupils working together. United we stand; divided we fall.

Prizes were awarded for regular attendance and highest average in the different grades.

At the conclusion of the examination, ice-cream and cake were served to all present. This was made possible by the financial assistance and generosity of the Women's Institute, who took this opportunity to treat their friends, also to relieve the teachers' purse of one half the expense.

The teacher, in a short but well worded speech, thanked all for their attendance at the examination, also the pupils for their attention to study during the year. She also stressed the need of regular attendance as a most important feature towards progress. Complimentary remarks were made by the trustees and others present, all agreeing that the examination was a success from every point of view, and all looked forward to much greater success this coming year, as Mrs. Cameron will have charge of the school again this year.

King's Prize Final Set For Today

(By Edwin Johnson, Canadian Press Staff Writer)

BISLEY CAMP, England, July 14—Rain drenched the rifle ranges tonight on the eve of the final for the classic King's prize and the wind-up of the fortnight's Empire meeting of the National Rifle Association.

The King's final is at the longest ranges of the meeting, 900 and 1,000 yards, demanding 15 shots at each distance from the 100 finalists who include five Canadians. Since final placings are determined by the aggregate scores in the second and third stages today's second stage winner and silver medallist, 24-year-old Lance-Corporal R. Greig of the Winchester College O. T. C. goes into the shoot with a lead over all.

Highest of the Canadians, Sgt. L. S. Vaines of Montreal, is only two points behind Greig, scoring 145 out of a possible 150 in the second stage today. Aircraftsman T. W. Gregory of Ottawa and Lieut. C. F. Kennedy of Hilden, Nova Scotia, qualified with scores of 142, and the remaining Canadians in the final are Captain T. E. Hayhurst of Windsor, with 141 today, and Lieut. G. A. Molecey of Vancouver, who also scored 141 in the second stage.

Directly after Greig in the hunt for the King's prize which carries $1,250 in cash and the N. R. A.'s gold medal, is a quartet with scores of 146, this group including Capt. J. A. Barlow of the West Yorkshire regiment, who won the classic in 1934. There are eight marksmen besides Sergeant Vaines with 145's.

Capt. W. Worsick of Winnipeg, adjutant of the Canadian team, went into a tie-shoot with 27 others for 22 places remaining in the "King's hundred." the King's prize finalists, and lost out. Three other Canadians were eliminated in the second stage proper, Sgt. N. L. Beckett of Hamilton with a score of 139, Sgt. R. Ziola of Ottawa 138, and Lieut. F. F. Morwick of Guelph, 136

Bisley's second great Imperial team trophy, the Mackinnon Cup, went to the team of 12 representing England, who finished the shoot at the long 900 and 1,000 yard ranges with an aggregate of 1,082 points out of a possible 1,200. Scotland and Rhodesia tied for second at 1,073. The Canadians aggregated 1,059. Wales had 1,029, Ireland 1,-018 and India. The first and senior team trophy, the Rajah of Kolapore's Cup, was taken by the Canadians yesterday.

The Junior Mackinnon, otherwise the Barnett Imperial challenge cup for teams of four from the colonies, was won by the Sudan with 347 at the same ranges as the Mackinnion itself. Burma had 340 and Jamaica was third with 338. Hong Kong finished with 333, Malay 331, the Gold Coast 326, Nigeria 309 and Ceylon 309.

Vaines, leading the Canadian challenge into the King's final is a 28-year-old native of England now working as a clerk in Montreal. It is his first trip to Bisley. He has been target shooting for eight years. Gregory is the youngster of the team, a 22-year-old native of Saint John serving at the R. C. A. F. station at Ottawa. His rank is aircraftsman, first class. It is also his first time here.

Kennedy, born at Hilden, Nova Scotia, is only 23 and has been rifle shooting for four years He was at Bisley last year, winning the Canadian High Commissioner's silver salver.

Captain Hayhurst, in reaching the final of the King's prize, achieves a long-time ambition. His father, Private T. E. Hayhurst of Hamilton, was the first man from overseas to win the King's prize, scoring his success back in 1895 when the competition was the Queen's prize. The younger Hayhurst, who is 36, is making his first trip to Bisley.

The last of the Canadian finalists, Lieut. Molecey of Vancouver, is 32, a native of Scotland and a rifleman of 15 years' experience. It is Molecey's sixth trip to the N. R. A. meeting, and his fifth as a member of the Canadian team.

It is nine years since the last Canadian triumph in the King's prize. Lt.-Col. R. M. Blair of Vancouver won it in 1929 for the sixth Canadian victory in the classic.

Cattle Trade With U.S.A.

During the past number of years there has developed a steady and profitable trade in shipping registered dairy cows from Eastern Canada to the New England States. The fact that cows carrying registration enter duty free, while grade cows are subject to a high duty, narrows the demand to pure breds almost exclusively.

With Prince Edward Island a disease free area insofar as tuberculosis is concerned, and with our very low percentage of reactors to Bang's Disease, we have great advantage over other areas in attracting United States buyers. The only difficulty is that we are never in a position to guarantee a full car lot to any prospective buyer. There are United States buyers who would gladly purchase at least two car loads of cows per month in this province if we had the stock in sufficient numbers. Prices would range from $100.00 up, depending on individual merit.

It is unfortunate that we do not cater to this demand. In the face of this opportunity we find many farmers with pure bred cattle who have neglected to keep up their registration. Many cows now classas grades and consequently worth about $60.00, would be worth double this amount if they were registered and available for this United States demand.

At the present time the Ayrshire Breeders have an opportunity to catch up on their registration. The fees for all cows over two years have been set at a very reduced rate to remain in effect till November of this year. With all eligible cows registered, we would have something to induce buyers to come here for their requirements.

DOWN THE BACK STRETCH

(Continued from page 7,

In the July 1st races at Shawinigan Falls, Quebec, we note the name of Raoul Potvin occurring frequently as a driver. He won the Free for All with Grattanette in straight heats, best time 2.11, and was second in the 2.16 Pace and placed in other events. Potvin raced here in 1920 and will be remembered by plenty of horsemen.

Prince Oakie 2.07, that started seventeen times last year, racing 53 heats in which he was 27 times first, 8 times second, 6 times third, 3 times fourth and 12 times unplaced, was bought out of a pasture field two years ago with cattle, $110 being handed out for him. The cattle purchaser saw Prince Oakie tearing around the pasture and recognized that he had speed. He was recently sold to Homer D. Biery for $2,000.

Last year's Canadian champion three-year-old pacer, Dazzle Direct 2.11½, is owned by John Brigham, Kerwood, Ontario. He is a bright bay gelding sired by Grattan Direct 2.06¼, by Grattan Royal 2.06½ out of Tony Patch by Dazzle Patch 2.09¾ by Dan Patch 1.55. Dazzle Patch was heralded and believed to be a greater pacer than his sire, the immortal Dan Patch, and M. W. Savage, proprietor of the International Stock Farm, was a greatly disappointed man when Dazzle Patch failed to live up to expectations. He actually paced a half-mile in .55¾ seconds, but some foot trouble developed which prevented his going on and demolishing the marks of his sire.

The following is from an Experimental Farm's note: — "Who should raise horses? In the writer's opinion every farmer should aim to raise at least enough horses to take care of his needs, and others with the necessary facilities would find it an interesting line to intensify on their farms. The raising of horses is like any other enterprise. It is the study and application of the details that will lead to success. The horse industry in Canada suffered a steady decline in population of almost 5,000, or 14%, between the years 1926 to 1936. The United States reports a decline of 28% for the corresponding period. In Quebec during the same period the horse population declined from 368,590 to 266,600. The past two years there has been a return to horse breeding and it is expected that the decline will be made up pretty well in the near future."

Race-goers at the Provincial Exhibition will be provided with more accommodation this year through the building of a new bleacher, replacing the one at the east end of the centre grand stand. It will have 50% more capacity. Thirty-seven new stalls will be built at the south end of the parking ground to replace those destroyed by fire. Other improvements to grounds and buildings will bring expenditures to over $5,000.

The list of events for the Provincial Exhibition races August 16-17-18-19, has been printed and forwarded to horsemen throughout the Maritimes. Already entries are coming in and it is believed that all events will fill well as in the past. A large number of horses are expected to make the trek from Cape Breton, while New Brunswick and Nova Scotia will be heavily represented in the following classes:

Free For All Trot and Pace—purse $500.00.

2.11 Trot and Pace (three seconds allowed trotters)—purse $400

2.14 Trot and Pace (three seconds allowed trotters — purse $400.00.

2.16 Trot and Pace—purse $400.00

2.19 Trot and Pace—purse $400.00

2.22 Pace (for pacers who have not taken a record of 2.13 or better in a race)—purse $350.00.

2.14 Trot—purse $400.00.

2.17 Trot—purse $400.00.

2.22 Trot (open to trotters who have not taken a record of 2.13 or better in a race)—purse $350.00.

Two Year Old Trot and Pace Prince Edward Island Futurity.

Three Year Old Trot and Pace Prince Edward Island Futurity.

The Provincial Exhibition Association will give $500 to be distributed among the winners along with the amount paid in for these Futurities. Entries close July 30th which is not too far away. Write Secretary J. W. Boulter if you have not received an entry blank.

There will be the usual special prizes for drivers and owners, the British Consols Trophy and $20 for the leading driver; $10 to the second driver; $10 to the winning driver in each race; prizes for caretakers; fastest heats; $50 for breaking the track pacing record of 2.05½ and $50 for breaking the track trotting record of 2.08¾.

Friends of Harry Murphy and his good pacing mare Rosebud 2.17½, will be glad to know that she has recovered from the accident which laid her up for a couple of weeks and is now receiving regular training at the Charlottetown track. Harry would have fitted in nicely at Northam but for the unfortunate injury.

It is not every day that one can purchase a horse and win him out practically in his first start, but that happened when Mrs. John C. Mix of Sherburne, N. Y., bought Prince Regent this spring. He won his first three starts, one of them a $5,000 trotting stake, and took a record of 2.04. Vic Fleming, the Canadian reinsman, trained and drove him.

Visitors to the United States are Mr. and Mrs. J.R. McKenzie, Christ Church, New Zealand. They are taking in the Grand Circuit chain of races and will return in September to their native land. Mr. McKenzie is one of the officials of the New Zealand Trotting Association and breeds horses and races a large stable, owning among others U. Scott, winner of the two-mile championship recently. Harness horse racing is making great strides in New Zealand and their best horses compare favorably in speed with those in the United States.

Kensington Team In Second Place

Playing a far superior brand of ball to their rivals, Kensington pounded out a 12-3 win over the Red Sox last evening to go into second place in the town league. Practically from the first ball pitched it became evident that Kensington were going to be hard to head off and before the first inning was over they had pushed over three runs. Williams was driven from the mound in the 5th. to be replaced by Bernard who met with little better handling. Ray Arsenault on the Kensington mound excellently supported by his backstop Reg Phillips struck out 8, wlaked two and allowed only four safe blows. Jay was batting champion of the night getting a single, double and home run, in four trips to the plate to drive in a total of 4 runs. Jay's homer went clear across the road in direct centre field before it even bounced to be one of the longest and perhaps the longest hit ever made on the school diamond. The lusty larruper was also playing great ball at first base. The next game will be played on Monday evening between the Vitamannas and Kensington.

SUMMARY

Earned runs, Kensington 3. Red Sox 2; home run, Jay; two base hit, Jay, Kashetsky, Williams. A. Landry; runs batted in, A. Landry, 1; Darrach 2; Clow 1; Jay, 4; Kashetsky 1; stolen base, Kashetsky 1, A clow 1; R. Clow 1; left on bases, Kensington 4, Red Sox 7; hit by pitched ball, Phillips (Williams); Webster (Bernard); base on balls, Kashetsky 2; (Williams), Ready, (Bernard; H. Durant, (Arsenault); A. Landry (Arsenault); struck out, by Williams 1; by Bernard 1; by Arsenault 8.
