Hickey's Black Twist

Hickey's is unequalled for flavor and quality.

What's in a Name

Is there anything in a name? Well, you can just bet there is. For instance, just let somebody speak the sacred name of "Mother" and note the quick response from all that is best in your inner self. Why, there are names that you naturally accept as the standard of quality — something that is supreme in its class, a superman or a superarticle. When you think of Pianos you think of Ye Olde Heintzman. All the world has heard of Caruso. Everybody knows that the highest in musical art in America is given at the Metropolitan Opera, New York.

There Is Everything In a Name

Yes there is something in a name. But only because the firm or article has made good. Because it leads. Because it has won the confidence of the public by sheer merit. Now when you think of "Music" it is second nature to think of "Miller Bros." as this firm has been promoting "Music" on Prince Edward Island since 1868 and is still "going strong."

We Life Up to Our Name

The name "Miller Bros.," is a proud inheritance. Your grandfather had faith in it, your father accepted it as synonymous with music and now today you, and the present generation, naturally think of "Music" and Miller Bros., simultaneously. There is a reason for the unusual significance of this name and that reason is THE HIGHEST STANDARD OF VALUE IN EVERY PURCHASE. Whether it's a string for a violin or a grand Piano you get the same "Miller Bros.," value in every purchase. "Music" on the Island has developed greatly, so have we to keep pace with the times. Our 54 years of experience will give you "better music" and as for prices, well we wouldn't be in business this long if we hadn't used the public right—doesn't that stand to reason. We have the biggest stock in our history right now and we are no further away than your "Mail Box" or telephone.

IN MEMORIAM

MISS BERTHA J. CROSBY

Many Guardian readers will learn with deep sorrow of the death of Miss Bertha J. Crosby, which took place suddenly yesterday morning at the home of her brother, Mr. Heath E. Crosby, Bonshaw. The late Miss Crosby was a graduate nurse and resided for some years in Lawrencetown, where she practised her profession. Early this summer, in somewhat delicate health, she came home for a rest and a short holiday, and appeared to be making good progress towards her usual good health, but death came suddenly and unexpectedly, presumably from a heart affliction.

The late Miss Crosby was the only daughter of the late Mr. and Mrs. Andrew C. Crosby. She was a lady of beautiful and exemplary character, devoted to her profession, a friend to all who knew her, a dutiful daughter and loving sister. During her absence from her home, she renewed her early friendships by occasional visits home and by all her friends as well as by her immediate relatives her death will be very keenly felt. There are left to mourn five brothers, namely, Hon. C. W. Crosby, Commissioner of Public Works, Charlottetown; Messrs. Herbert and Beecher, Denver, Colorado, and Heath and Abner, Bonshaw to all of whom The Guardian tenders sincere sympathy. The funeral will take place this afternoon at one o'clock from the home of her brother Mr. Heath Crosby, to the family burying ground, West River.
