### HER LITTLE SON WAS DYING

Gave Him "Fruit-a-lives" And Saved His Life.

CAMPBELLVILLE, Ont., May 5th, 1913. "Our little boy, Lawrence, was sorely affected with Chronic Indigestion, and the doctor did not think he would recover. He started with a sore mouth and it developed into this other trouble. Everything he ate just passed right through the system without change. He cried incessantly and life was a misery to him. My husband had been using "Fruit-a-lives" for Indigestion, getting much benefit from them, and I thought what did him good, might help our boy. We tried "Fruit-a-lives" giving Lawrence 1/2 a tablet at a dose, and the result was marvellous. Today, he is the picture of health, and he is perfectly well!"

### 300,000 POUNDS OF FISH NOW AT DIGBY

DIGBY, N. S., March 7.—Two more of the Digby fleet were in from Brown's Bank Monday night, with big trips of fresh fish—the Dorothy M. Smart, Capt. William Snow, with 100,000 pounds, and the Albert J. Lutz, Capt. Arthur Longmire, with 85,000 pounds. These two trips together with the Dorothy C. Snow, reported in on Sunday, makes a total catch of 300,000 pounds completely filling up a bare market. Every pound is needed to supply the demand, from the Upper Provinces, the Lenten season doubling the usual demand for fresh fish and frozen haddies. Heavy shipments will go forward by the St. John boat during the next ten days. The Loran B. Snow, Capt. Arthur Casey, is also reported on the way to Digby from Brown's with a big trip. Captain William Snow reports that he was on the Banks several days before he dared let a dory leave the vessel. The weather was something wicked, he says. Both he and Captain Longmire agree with Capt. Ansel Snow that Briar Island Light is far from being a satisfactory aid to mariners navigating the Bay, the old light being more powerful than the present one, which was installed a short time ago. Capt. Longmire reports leaving twenty-seven vessels on Brown's mostly Americans. His own vessel came up the Bay against the south-easter minus head sails carried away on the Banks.

The three-masted schooner Sawyer Brothers, lumber laden, Annapolis for the West Indies, and the steamer Granville, Annapolis for St. John, sought shelter here tonight from the southeaster which has been prevailing since Sunday morning. Reports from along shore mention no casualties, but the big ice field which has blocked all St. Mary's Bay ports for weeks, is being driven out to sea by the southeaster.
