EDEN OUTLINES THREE POINT PEACE POLICY

INSURGENTS OPEN OFFENSIVE ON MADRID

ARTILLERY CLEARS PATH FOR ADVANCE

Government Forces Repulsed In Counter-Attack. Rebel Planes Shot Down.

MADRID, Nov. 5—(AP) — The Spanish Fascist Insurgents stormed to the gates of Madrid tonight. Government militia fought to keep the attacking Moors and Fascist troops from breaking through into the very streets of the capital.

The roar and clatter of cannon and machine guns shook the city, while overhead Government planes fought off Fascist bombers.

Insurgent shells screamed over Madrid's suburbs with Government batteries replying with a heavy barrage.

Planes Brought Down

Two of the Insurgent attacking warplanes were blasted from the sky by Government ships. One of the Fascist pilots saved his life by crashing the plane in a tree top. The other Fascist ship crashed in flames, its crew trapped in the wreckage.

Government officials said the injured pilot was an Italian and that one of the planes was made in Germany and manned by Germans.

Some of the city's terrified residents, their ears ringing with the sounds of nearby battle, sought refuge in subways and basements, while others ran through the streets beside their men marching to the front.

The Insurgent attack, for weeks an ever-narrowing semi-circle south of Madrid, was converged into a solid front driving toward the heart of Madrid through Getafe, eight miles south of the capital.

Insurgent troops shelled Government field headquarters south of Cerro de Los Angeles, less than 10 miles south of Madrid.

Forces Converge

WITH THE INSURGENT FORCES NEAR PARLA, 11 MILES SOUTH OF MADRID, Nov. 5, —(AP)—Their paths cleared by artillery and aviation, three lines of Insurgents advanced in triangular formation on Madrid tonight.

The right wing occupied Getafe.

Enthusiastic Welcome To Conservative Speakers At Strand Theatre Meeting

Re-elected

EX-MAYOR SAMUEL KENNEDY.

President of the Queen's County Conservative Association.

Queens County Association Meeting Unanimously Indorses Record Of Late Bennett & MacMillan Governments. Federal Politics Eloquently Reviewed By Hon. R. B. Hanson.

As a result of an enthusiastic and widely representative meeting of the Queen's County Conservative Association last evening, it was decided to get in touch with the Prince and King's County Associations with a view to calling a general public meeting of the electors of the province during the coming summer of 1937.

This meeting will provide the first opportunity for general public discussion of the actions of the provincial Liberal administration now functioning with dictatorial powers unique in the history of Canada. By reason of the absence of any Opposition in the Legislature, the secrecy shrouding the Government's financial transactions and the failure of its parliamentary supporters to insist on implementing the campaign promises of 1935, it is believed the opportunity for free discussion at a public meeting next summer will be warmly welcomed by taxpayers all over the province.

Notwithstanding adverse weather, combined with road conditions denounced by several speakers as a disgrace to the province, last night's meeting of the Queen's County Association in the Strand Theatre was an unqualified success. Party representatives gathered from all parts of the county. They indorsed unanimously the policies and achievements of the late Bennett and MacMillan Governments, denounced with equal emphasis the tactics by which the electors were misled by Liberal campaigners last fall, and expressed fullest confidence in the future prospects of the Conservative party, federally and provincially.

Ex-Mayor Samuel Kennedy, M. B.E., who presided at the meeting, was re-elected to office, along with vice-president Charles Moran and secretary R. R. Bell.

Mr. Hanson's Speech

Hon. R. B. Hanson, LL.B., K.C., former Minister of Trade and Commerce in the Bennett Government, the chief speaker of the evening, gave a comprehensive review of the federal situation.

Conservatives, Mr. Hanson pointed out, have always stood for certain definite principles. Liberalism, on the other hand, has been defined as "a state of mind." "Its outstanding feature in England," he added, "has been the application of the doctrine of laissez faire and the practice of that doctrine has brought about in the Old Country the virtual obliteration of the Liberal party. Its place has been taken by a system of semi-socialism. In this country what does Liberalism stand for? Isn't its most outstanding characteristic summed up in one word—Opportunism?"

Illustrating his remarks in this connection, Mr. Hanson cited the criticism of Liberals when in opposition to the sugar and sales taxes. The Finance Minisetr has not only retained the sugar tax but has increased the sales tax by two per cent, notwithstanding the explicit assurances of his party that this tax would be reduced.

The King Government, instead of retrenching in railway expenditures, had placed the whole transport system of Canada under political control—a course which Mr. Hanson predicted could only end in extravagance.

He reviewed the benefits derived by Canada under the Empire trade agreements. The Washington agreement signed hurriedly by Premier King, he said, was not good enough for Canada, the chief beneficiaries on this side of the line being certain Hebrew gentlemen in control of Canadian whiskey distilleries.

Premier King's Geneva speech was also denounced by the speaker as misrepresenting the attitude of loyal Canadians toward their responsibility in the matter of Empire defence.

A detailed report of Mr. Han-

TURNIP PRICES DISCUSSED BY DIRECTORS

Directors of the Central Farmers Institute announced following a meeting yesterday that from available information it was learned that "persistent heavy shipments of turnips especially by water had resulted in flooded markets and hence lower prices than the market should warrant."

The meeting had been called to "discuss the present unfavorable market re turnips." Due probably to unfavorable weather conditions and bad roads only a small number of the directors were present.

Lack of co-ordination between producers and shippers and lack of proper storage facilities by many farmers was blamed by the directors for a good deal of the unsatisfactory market conditions. It was felt that until co-operation had been realized and storage provided for the market would continue to be panicy.

A turnip shipping organization composed of clubs somewhat similar to the Live tock Marketing Board was suggested as a possible remedy for the present condition, which directors described as "very unsatisfactory."

Woodstock Farmer Is Still Missing

WOODSTOCK, N.B., Nov. 5 — (CP)—Search for Cordon P. Bull, Lower Woodstock farmer missing since Tuesday afternoon, continued unsuccessful today.

With a snowstorm making visibility poor, a large party carried on the search. Residents of the neighboring Indian reservation helped to drag the nearby St. John River.

Had Relatives In Province

PICTOU, N.S., Nov. 5—(CP) — George Murdock, 63, a native of this town, died tonight after a brief illness. His wife, formerly Miss Sarah Darby, of Prince Edward Island, a daughter and a son survive.

Hurl Bricks Through Windows Of Embassy

LONDON, Nov 5—(CD-Havas)—Three demonstrators were arrested tonight when a crowd assembled in front of the German Embassy and hurled bricks through the windows in protest against the execution in Hamburg yesterday of the Communist Leader, Edgar Andre.

Police soon reestablished order and announced the demonstration was of "no great importance." The arrested rioters will appear at Bow Street police court tomorrow for a hearing.

BERLIN, Nov. 5-(CP-HAVAS)—Edgar Andre, well-known German Communist leader and writer, was executed at Hamburg yesterday, it was announced today.

Andre was executed for his role in clashes at Altona in July, 1932, where four policemen and 11 Communists were killed.

Three Children Perish In Fire

MADAWASKA, Me., Nov. 5—(AP) —Three children of Mr. and Mrs. Joseph Pelletier perished today in a fire which destroyed their home while Mrs. Pelletier visited a sick neighbor.

Gilman, four, and Alcide, two, died as they tried vainly to open a door, the knob of which was broken. Four-months-old Doris died in her cradle, crushed when a chimney fell upon her

GoodDemandForCanadian Certified Seed Potatoes

OTTAWA, Nov 5—Good demand from many countries for Canadian certified seed potatoes is reported by the Department of Agriculture. Ever since harvest these potatoes have been moving out, starting in Nova Scotia as early as the third week in August.

Nova Scotia has exported all available Bliss Triumph seed potatoes, chiefly to Cuba and Bermuda, also to Florida, a new market. All Katahdin and Garnet Chili varieties have been sold, the former going to the Argentine, the latter to Bermuda. Judging by the present movement, the bulk of Irish Cobblers should be sold by the end of November.

New Brunswick has exported 235,000 bushels of certified Bliss Triumph potatoes from the 1936 crop to Cuba, Florida and Panama, and smaller lots to the West Indies. Shipments of Green Mountains to the Argentine and Uruguay, a comparatively new market exceed 120,000 bushels and in addition there is a fairly large movement of Green Mountains to Maine.

In Prince Edward Island the heavy shipping season is only starting and cargoes are being assembled at the various ports. The Island has the largest acreage in Canada of certified seed potatoes but the crop is somewhat later than in Nova Scotia and New Brunswick. Already shipments have been made of Bliss Triumphs to Cuba and Floria, and of Irish Cobblers to the United States.

Roosevelt Plans Caribbean Cruise

HYDE PARK., N. Y., Nov. 5(AP) —Summer White House officials said tonight President Roosevelt may attend the opening of the Pan-American peace conference at Buenos Aires, Dec. 1., but would reserve a final decision until the latter part of the week.

Marvin McIntyre, secretary to the President, told newspapermen the President would leave from a southern United States port Nov. 17 for a sea trip and that it was possible, but by no means definitely determined, the cruise would be extended a week or more for a one day stop at the Argentine capital.

No decision had been reached, it was said, just where the President will cruise on his post-election vacation, but it was likely to be in Caribbean waters.

Island Woman Dies Suddenly

SAINT JOHN, N. B., Nov. 5-(CP)—Mrs. Olive Sydney of Summersaorth, N. H., died suddenly at a rooming house here today. Arriving from New Hampshire yesterday, she intended to join a son, Theodore Burke, at Elmsdale, P. E.I.

Believed Victims Of Poisoned Liquor

WINNIPEG, Nov .5 —Police investigation into the deaths of Mike Hrinyk, 54 and Tony Olynych, 56 was under way here tonight. The men died in hospital today after, it was believed, they had drunk poisoned liquor found in a lane.

Supports League But Sees Need Of Armed Britain

Stresses British Desire For Friendship Of Both Germany And Italy.

LONDON, Nov. 5—(CP Cable)—Neville Chamberlain, Chancellor of the Exchequer, tonight advanced his scheme for regional pacts "to help maintain peace in those portions of the world most subject to stress and strain."

Winding up a debate on Foreign Affairs in the House of Commons, the Chancellor said the Government would like to see negotiated an Eastern European pact similar to the proposed Western agreement.

Britain was not prepared to participate in such an Eastern pact, but that, Mr. Chamberlain added, did not mean Britain would give a free hand to any other country to do what it liked or would undertake not to interfere in any circumstances.

Cardinal Aims

Foreign Secretary Eden launched the debate, declaring the cardinal aims of British foreign policy to be:

(1) Strengthening the authority of the League:

(2) Negotiation of a European settlement.

(3) Re-equipment of British defences.

The Foreign Secretary stressed the friendly relations existing with France and Belgium, said Britain reciprocated the expressed desire of Germany for friendship between the two countries, and asserted Britain did not wish to threaten or attack any Italian interests in the Mediterranean.

Winston Churchill, who with a number of other Conservative right-wingers precipitated the debate by moving an amendment to the address in reply to the Speech from the Throne, declared the next 12 or 18 months might be Britain's last chance of averting European conflict or even a world war.

UPHOLDS LEAGUE

He urged that Britain stand by the League of Nations and try to bring into Geneva the largest possible number of peace-seeking but well-armed nations to "overawe any potential aggressor."

He suggested that if Germany feared Russian aggression the Reich should enter the League.

In his lengthy review of the Government's efforts, Foreign Secretary Eden said "I suggest two things as Great Britain's alternatives:

"First, strive to lead the world back on the path of peace through toleration, observance of international order and respect for and support of such order.

"Second, re-equip ourselves and rearm."

He was cheered as he continued: "If Great Britain shows strength and unity, there will be peace."

Some quarters, said Eden, considered it fashionable to sneer at the League. "It is our hope and intention to prove that these sneers are unjustified."

"Because there has been one fail-

K. Of C. Division Is Announced

MONTREAL, Nov. 5-(CP)—Knights of Columbus authorities announced today division of Canada and Newfoundland into two provinces.

The first province will include Newfoundland, Nova Scotia, New Brunswick, Prince Edward Island, Quebec and Ontario, and the second, Western Canada.

MONTREAL, Nov. 5—(CP)— L. Emile Grothe was re-elected deputy grand master of Champlain Province of Knights of Columbus today. The Province takes in Quebec, Ontario, New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland.

ADVISORY COUNCIL IS RE-ORGANIZED

A meeting was called in the Confederation Chamber of the Provincial Building on Wednesday evening, Nov. 4th, for the purpose of re-organizing the Provincial Advisory Council on Agricultural Services.

This meeting was attended by Provincial, Dominion Experimental Station, and Live Stock Branch officers, as well as representatives of the different cattle, sheep, swine, poultry, horse, and co-operative associations. The Chairman reviewed the activities of the Council in the past and requested the opinion of those in attendance as to the advisability of re-organizing the Council. After some discussion it was decided to re-organize and the following officers were elected:

Honorary President, Hon. W. H. Dennis, Minister of Agriculture.
