LLOYD GEORGE HITS BALDWIN PROTECTION SCHEME

The Former Premier Lauds Canada and United States as Friendly Countries

(Canadian Press) LONDON, Nov. 11.—Hon. David Lloyd George, who seemed to be a dormant political volcano when he sailed westward for the United States a few weeks ago, returned to Great Britain today from his tour of Canada and the United States ruminating as though he might erupt during the approaching battle between the free traders and the protectionists.

Mr. Lloyd George, who was a passenger on the steamer Majestic which arrived at Southampton from New York, told the reporters who met the liner that he was as staunch and uncompromising as ever in his stand for free trade.

He called Premier Baldwin's recent pronouncement in favor of protection, "a piece of incredible folly." There were signs both in Southampton and London that the wave of enthusiasm over the little Welshman which is reported to have exhilarated him everywhere he went in America, had crossed the Atlantic with him. He drove a mile through solid ranks of cheering people in Southampton after he landed and every seat in the Music Hall of that city, where the freedom of Southampton was conferred on him, was occupied.

When he arrived at the Waterloo station in London tonight thousands of persons surrounded his car, singing Welsh melodies and cheering him with all the ardor that could be given a returning conqueror.

"It is always a fine pleasure to be home again," shouted Mr. Lloyd George to those who demanded a speech from him. He declined to make an address and when his automobile drove away it was followed by another outburst of cheering.

In his speech at Southampton Mr. Lloyd George was effervescent with enthusiasm over what he had seen in Canada and the United States. He held up the neighborly and friendly spirit of these two countries to his hearers as an object lesson for Europe, "with her fortified and patrolled borders and her hates, envies and quarrels."

ARMISTICE DAY CELEBRATED IN THE CITY YESTERDAY

Memorial Service Held at Cenotaph on Queen Square Sunday Morning—Inspiring Address by Capt. the Rev. G. C. Taylor.

Before a large concourse of people gathered around the cenotaph, temporarily erected and draped in white and purple, surmounted by a soldier's cross, on the site of the monument to be erected on Queen Square, Armistice Day was fittingly and solemnly observed yesterday morning.

The veterans of the Great War, forming up at the G. W. V. A. rooms, Grafton Street, at 9.15 a. m., headed by the G. W. V. A. band and under the command of Col. A. McKinnon, D. S. O., paraded in a body to the cenotaph, the line of march being Queen, Prince, and Grafton Streets.

Forming around the cenotaph, where the Premier, and members Mayor and City Councillors and the great crowd of citizens had gathered, the service was begun upon the arrival of His Honor the Lieutenant Governor and the playing of the National Anthem.

His Honor in a short address fittingly expressed the deep sense of gratitude to Divine Providence for victory achieved and of remembrance of those who had paid the supreme sacrifice in the great struggle, with which all present were imbued.

After the united singing of the hymn "Abide With Me" led by members of the city church choir, under the direction of Prof. Fletcher, the address of the day was delivered by Capt. the Rev. G. C. Taylor, who concluded his remarks at 11 o'clock, when the two minutes silence was observed. Then followed the placing of poppy wreaths and flowers, the singing of the hymn "O God Our Help In Ages Past", the sounding of the Last Post by Bugler Chas. Hine, and "God Save The King."

Wreaths were placed in loving remembrance on behalf of the Pro-

GENERAL CURRIE'S MESSAGE FOR ARMISTICE DAY

(Canadian Press) MONTREAL, Nov. 11.—The following Armistice Day message was issued by General Sir Arthur Currie, who was commandant of the Canadian Corps in France:

"Today the business of every life ceases for a little space while we bow our heads in reverent memory of those who died on distant seas and fields for the honor of Canada and the preservation of the British Empire. Nor shall we in this solemn hour forget those comrades who though they did not make the greatest sacrifice are still in suffering of mind and body paying the price of freedom.

"From our hearts goes forth the prayer that God may comfort and bless all those whose loved ones sleep in the hallowed graves 'Over There'. Our dead are gone from us, but their spirit remains with us, a cherished possession to the end of time. And as the mighty seas lift the struggling waves shoreward, so shall the force of the traditions created by the men and women of Canada in the Great War lift our country over all obstacles until finally she reaches the pinnacle desired for her. Let us in this short time of thought consecrate ourselves anew to the service of mankind, our country and God.

"Signed A. W. Currie."

Conditions Good Says Immigration Minister

(Canadian Press) Toronto, Nov. 11.—Addressing members of the Canadian National Newspapers and Periodicals Association, at their annual meeting today, Hon. J. A. Robb, Minister of Immigration, told them that the Department of Immigration needed help and co-operation as much as did the Department of Trade and Commerce.

"In Canada today conditions are good," said Mr. Robb. "Canada today is socially and economically sound. Today there is a scarcity of good labor and the call from farm and factory is for more labor."

DEPOSITORS TO STAR SHELL TO RECEIVE 25 PER CENT COMBAT RUM RUNNERS

Money to be Furnished by the Different Canadian Banks. Scheme of N. J. Prohibitionist is Said to be a Success.

(Canadian Press) TORONTO, Nov. 11.—G. T. Clarkson, liquidator of the Home Bank of Canada announced today that they had received notification that the Canadian banks had agreed to furnish money to pay the 25 per cent dividend to depositors and this would be done just as soon as the necessary legal formalities had been completed.

The completion of these formalities, he added, "will be proceeded with at once and the approval of the courts sought authorizing the liquidators to borrow an amount from the banks necessary to pay the dividends.

"In the meantime dividend sheets are being prepared but they cover sixty thousand names and all necessary adjustments have to be made relative to the set-offs and claims against individual depositors. It is probable that they will be completed within ten days or two weeks at least, but as soon as completed arrangements will be made to pay depositors the money."

Need Not Work Overtime Says Judge

(Dominion News Service) LONDON, Nov. 11.—Has a workman a right to refuse to work overtime? This was the important question raised in the Stoke-on-Trent County Court. John Edward Cox, colliery timberer of Hanley, sued the Shelton Iron and Coal Company for two days' wages. His case was that, because he declined to help in removing debris due to a fall of roof, he was suspended for two days. H. W. Adams, for the company, contended that they were entitled to ask the man to carry out their lawful commands. Judge: Within working hours, but not otherwise. Mr. Adams: If a servant does not carry out my reasonable commands, even outside his working hours then I am entitled to dismiss him. Judge: What an extraordinary proposition. That sort of thing means going back to a state of slavery. "I do not say whether the man was morally justified in disobeying, but he was certainly legally justified," observed the judge, in giving him judgment for the two days' wages.

A STONE WEEPS.

Truly awful is Fyvie Castle, Aberdeenshire, Scotland, the ancient home of Lord Leith. It possesses a secret chamber which has not been opened for centuries; a "Green Lady" ghost, which appears when misfortune or death threatens the family; and, built into the wall, a "weeping stone," made famous by Thomas the Rhymer, which weeps in wet weather and dries its tears in fine.

U. S. AND FRANCE NOW AT PARTING OF THE WAYS

Proposal to Enlist the Co-operation of the United States Toward a Solution of the Reparations Problem Has Collapsed—France's Attitude Caused the Negotiations to End.

(Canadian Press) WASHINGTON, November 11.—France and the United States came definitely to the parting of the ways today on the proposal to enlist United States co-operation toward a solution of the reparations problem.

Premier Poincare was advised by Secretary Hughes, through Ambassador Jusserand, that restrictions would be placed upon the French view of the reparations problem. The State Department refused to go beyond this point in disclosing the purport and result of recent conversations with the Ambassador in which detailed explanations of the French attitude were made. No formal invitation to participate in an expert inquiry is before the Washington Government and a declaration is, therefore, not in order. In the circumstances, no invitation from the Allied Powers now is expected.

There is no doubt that such an invitation, if presented under the French restrictions, would be declined. President Coolidge feels that the French limitation on the inquiry plan useless and futile. He believes the French restrictions would reduce the inquiry into a mere audit of German accounts, that the United States could serve no useful purpose by participating in an investigation that could not produce broad and comprehensive plans for economic rehabilitation of Germany and adequate payments by Germany on reparations accounts.

EX-CROWN PRINCE LEAVES EXILE HOME FOR SILESIA

(Canadian Press) PARIS, Nov. 11.—While the Inter-Allied council looked on with alarm, the former Crown Prince Frederick Wilhelm left his exile on Wieringen Island, Holland, before dawn this morning and returned back to his estate in Silesia from which he had been driven in 1918.

His departure was a surprise to his father, the former Kaiser, who was finally dashed to the ground and a revolution robbed them of their royal dignity in the Fatherland.

CONSPIRACY OF HEADS CAUSE OF STRIKE

So Declares Former Member of Workers' Executive.

(Canadian Press) SYDNEY, N. S. W., Nov. 11.—A conspiracy by union officials brought about the June strike at the steel plant, was the opinion expressed to the members of the Royal Commission, at this afternoon's session by Thomas Keating, a former member of the steel workers' executive, and at present an operator in the billet mill at the steel plant. The June strike, which has been avoided, Mr. Keating stated, but there was too much desire on the part of the Union officials to bring about a cessation of work.

As far as the fiasco at the mill mill in February was concerned, union officials simply lost their heads at the time, and the walkout which occurred could have been easily avoided. Questions of much greater concern to the employees had been settled by Superintendent W. H. Bischoff previously, and with satisfaction to the men, the witness contended.
