—The latest news, first of all.

—Mrs. John R. Larkin, Richmond, returned home Saturday evening from a very pleasant visit with friends at Chatham, N. B.

—John M. Clark, spent Sunday at his home in Summerside and returns to Charlottetown this morning to attend to his contract work.

—Wm. G. Whitehead, Graham's Road, returned Saturday evening from St. John where he was attending the meeting of the Presbyterian Synod.

—It is reported that a company has been formed in Summerside to build and operate another rink and that the location will be in the western part of the town, near the Court House.

—V. W. Haywood, Vancouver, B.C., arrived in Summerside Friday evening on a visit to friends and relatives in this Province. Mrs. Haywood came to the Province in the spring time and lives with her parents, John and Mrs. Woodside, Hamilton.

—John M. Clark, Summerside, has been awarded the contract for the erection of a smoke stack for the buildings of Falconwood Hospital for the Insane. The structure will be twelve feet at the base and one hundred feet high. This will be the second largest smoke stack in the Province and will require one hundred and twenty five thousand bricks. Work on it will begin today.

—Four hundred barrels of oysters were part of the Empress' outward cargo from Summerside Saturday.

—Just three years ago, last night, since the big fire in Summerside. During the time that has since passed Summerside has not been asleep. Over fifty new buildings have been erected on the burned district, besides three fine church buildings. Outside of the fire zone a number of fine residences have gone up and permanent sidewalks have been placed. A water and sewerage system has also been installed and many other improvements are continually being made.

—There are at least two small boys in Summerside that are not slow to act when there is an opportunity of making even a few cents. Last Saturday two lads called at the office of a Water street man, offering a small string of fish for sale at three cents for the bunch. They were told to go to the man's house with orders to say to Mrs. — if she wished to have the fish to leave them and return and get the pay. They went to the house, sold the fish to the lady for five cents spot cash on delivery, then returned and collected the three cents from Mr. — if any teacher or parent, in the town, is interested in knowing the names of these lads the representative of the Guardian will tell them.
