LIBERAL MANIFESTO ISSUED

(Canadian Press)

HALIFAX, August 1—An 18 point programme covering the policies of the Liberal party in the present election campaign and the course of action proposed should the party be granted power on August 22, was issued today by Angus L. Macdonald, opposition leader and candidate in Halifax south.

Ranging from castigation of the present Franchise Act to the general declaration that "what is needed above all else in Nova Scotia is more aggressive and progressive leadership," the manifesto promises to "restore responsible government," hold an economic enquiry into "conditions which cripple the economic life of Nova Scotia," and pledges the party to immediate payment of Old Age Pensions.

Tariff Readjustment

In respect to unemployment relief that the federal tariff policy is one of the main causes is expressed, together with a pledge to press for tariff readjustment.. As immediate and temporary measures, the adoption of a public works programme is urged, and belief is affirmed in the principle of unemployment insurance.

"To the Liberal party, Nova Scotia is indebted for practically all of the social legislation now on the statute books of this province," the statement affairs. Specific reference is made to Mothers' Allowances, which, it is declared, were "forced" on the Rhodes Government by the Liberal party in 1930, to legislation providing a minimum wage for women "passed by the Liberal Government in 1924 and merely proclaimed by the Rhodes Government in 1930," to public health in respect to which it is declared that expansion of the department's usefulness will be sought; and to workmen's compensation. In this connection the manifesto pledges an investigation to determine whether the act can be made more beneficial.

Education

Coming to education, attention is drawn to the clause in the Liberal platform "pledging free school books for pupils of the public schools to and including grade eight."

Much Needed Rain Comes In New Brunswick

(Canadian Press)

FREDERICTON, N. B., Aug. 1—Parched root and grain crops in central New Brunswick received a substantial rain today after several weeks of very little rain, and high temperatures. A down pour was experienced in York County and other parts of the central area around eleven o'clock this morning and more showers were forecast for tonight and tomorrow. The forest which also were in a dangerous state due to the hot, dry weather over an extensive period, will receive much benefit.

Potatoes and other root crops were most in need of the trady rain. In some localities the dearth of moisture caused potato plants to die in the hills and a curtailed yield was feared. Grains had made better progress in most parts of the province but also was in need of rain.

!!Your Asthma Too.—The efficacy of Dr. J. D. Kellogg's Asthma Remedy is not something that is merely to be hoped for; it is to be expected. It seldom fails to bring relief, and in your own individual case it will do the same. So universal has been the success of this far-famed remedy that every one afflicted with this disease owes it to himself to try it.

The opposition rejoices in the creation of a Department of Labor, "though it regrets that the Government has placed at the head of that department not a deputy minister but a secretary only."

The Liberal party, says the manifesto, "deplores the haphazard methods of the present Government in dealing with the coal industry and condemns the making of unfounded promises." An investigation of coal and tseel operation with the aim of placing them on a sound foundation, and the seeking of additional markets for coal and steel products, are promised.

Agriculture

Reorganization of the Department of Agriculture with a view to making the province more self-sustaining in agricultural, dairy and poultry products is another project outlined. Repeal of Bill 151, which provides for regulation of the pulpwood cut, is promised, and the statement goes on to charge the Rhodes-Harrington Government with indifference toward the fisheries, and to declare the Liberal intention of pressing on the Federal Government "such measures as will ensure greater prosperity of the industry."

Highways

"The Liberal party believes that at no distant date the Provincial Government must embark on a gradual programme of hard surfacing the main highways of the province," says the reference to highways. "In the meantime, active steps must be taken to eliminate the dust nuisance on gravel roads."

EXTENSIVE

(Continued from Page 1)

Early in the day, the Dominion Bureau of Statistics at Ottawa issued its crop survey. in which it was found a general need of rain existed from one end of Canada to the other. The Maritime Provinces reported rains badly needed for late crops and pastures.

The hit and miss storm of yesterday was confined solely to parts of Ontario and Quebec, however, and while it will benefit the districts it touched, it did nothing to alleviate conditions in other sections.

The constable was taking the offender's name and address.

"Why do you always lick your pencil before you write down the particulars?" asked the latter.

The constable frowned ominously. "To make the case look blacker," he said.

Board Of Trade Council Meeting

A Council meeting of the Board of Trade was held yesterday with the President. Dr. J. A. Clark in the chair. Considerable correspondence was dealt with.

A letter re exemption under the Income Tax Act of incorporated companies received from the Minister of Finance was read in reply to a communication from the Board. A letter from Hon. J. A. MacDonald bearing on the same matter was also read. The letters were placed on fyle.

The matter of the change in car ferry rates was discussed. Wires of thanks and congratulations extended by the Board to the Island members and to Dr. MacMillan at Ottawa in connection with the securing of the implementing of the Duncan Commission's report.

Communications re the Shipping Act were read. It was pointed out that the port warden's fees for inspection of bagged grain should not exceed 50 cents. The correspondence was placed on fyle.

An offer of fifteen minutes free time for broadcasting the benefits of Charlottetown once a week was received from station CFCY. The matter was referred to the Publicity Committee in conjunction with the Civic Improvement Committee.

It was reported that several questionnaires regarding health and safety, and fire prevention had been filled out. Great assistance had been received from the Department of Health.

The annual meeting of the Canadian Chamber of Commerce which is to be held in Ottawa in October was referred to.

The president stated that he had received a letter from a group of business men in Montague, requesting that the airmail service be instituted as formerly when the double ferry service ceased.

The matter was referred to the Air Mail and Air Transportation Committee.

MORE ACTIVE TRADING IN MT'L MARKET

(Canadian Press)

MONTREAL, Aug. 1.—Under the leadership of the "wet" stocks, prices were stronger with trading more active in the closing minutes of trading on the Montreal Stock Exchange today. A steady trend prevailed throughout the major part of the day with small fractional advances being recorded by most of the limited number of stocks which made an appearance on the board.

Active Trading

The more active trading did not come until late in the day when wheat markets had closed with substantial gains. The upturn in wheat lent new life to a flagging stock market.

Canadian industrial alcohol issues were strong with the "A" gaining 1⅞ points at 18⅞ and the "B" 1⅛ points at 17. On the Curb market, walkers was the star performer, advancing to a high for tha dey at 37½, where it closed with a gain of two and one half points.

Nickel Feature

Pivotal issues in the list responded quickly to the late strength. International Nickel was a feature of the late sales, rising to 19.60.

Brazilian Traction was half higher at 14½ while reports were current of London buying of the South American Utility had reached considerable proportions.

Canadian Pacific Railway gained ⅝ at 17½ while Montreal Power was ⅜ higher at 27¼.

Sales 17,876 shares, bonds $13,725.

CANADA UNDER A DICTATOR SAYS KING

Liberal Leader Addresses Audience on Western Tour.

(By Ray Brown Canadian Press Staff Writer.)

SHELLBROOK, Sask., Aug 1—Canada is facing a new sort of dictatorship which may lead us from the Socialistic to the Communistic state," Rt. Hon. W. L. MacKenzie King, Federal Liberal leader, told an audience here.

Under the Bennett Government a form of distatorship was being practised, he said. With hard times as an excuse the present Government had taken to itself "powers which were autocratic in their nature and which had the effect of depriving the peoples representatives of their right to run the country." And, said the Liberal leader, partly as a result of this dictatorial attitude of the Government, a new threat had arisen Commonwealth Federation with in the country. The co-operative promises besides which those of Mr. Bennett at the last election were mild, was proposing to revolutionize conditions in Canada.

"There is danger of setting up another dictatorship," said Mr. King. "We've go tto watch the situation in this country. Once you give arbitrary powers you are in danger of getting what they have in Russia."

The important thing to do was to get back to Responsible Government in Canada. "You are the Government," he said to the audience, "Parliament is just what you make it. If you have high tariffs and increased taxation today it is because thise who supported Mr. Bennett at the last election gave him power to impose these things."

Duke Victim Of Army Ambush

LONDON. Aug., 1—(C.P.)—While taking part in military manoeuvres in Herefordshire and parts of Gloucestershire the Duke of Gloucester, as an officer of the Hussars, fell into an ambush and was captured by the opposing force.

Hereford was the centre of operations, the 11th Hussars, with armored cars, forming the defending force against the Scots Greys. At one period armored cars raced into the main square in the centre of the town and almost at once went into action.

Women autograph hunters had recognized the Duke and were trying to reach him when the cars opened fire and the women hurried off. One woman motorist, however, chased his Royal Highness for 10 miles and was an eye-witness of his capture in a Scots Greys ambush.

The Duke was in an armored car which was receiving wireless messages from other scouting cars over a wide area. He was captured near a hotel, and the woman who had pursued him wanted to invite him to have a drink. She plucked up courage to approach an officer of the ambush party. but when he suggested that she should herself ask the Duke her courage failed.

Shipbuilding Trade Better

LONDON, Aug. 1 — (C. P.) — It looks as if the tide has, or is turning. in the shipbuilding industry in the United Kingdom, the shipbuilding returns issued by Lloyd's Register of Shipping for the three months which ended on June 30 showing an increase of 35,101 tons in the work in hand in Great Britain and Ireland.

The present total of 267,502 tons is 6,810 tons in excess of the corresponding figure for June, 1932. New shipping to the extent of 50,050 tons has been begun in the past three months.

Though it is by no means certain that this slight improvement is evidence that the tide has at last turned in this country, it suggests that the steady decline in shipbuilding during the past two years has been arrested at least.

Fifty per cent of the British total of 287,502 tons is represented by ships on which work has been temporarily stopped, the suspended Cunarder No. 534 alone accounting for 73,000 tons.

LONDON. Aug. 1 — (C.P.) — The Duke of Connaught, former Governor General of Canada, distributed prizes to the students of the Royal Academy of Music, of which he is president, at the annual prize-distribution at Duke's Hall, Marylebone Road, London.

After listening to a concert by the students the Duke said: "Personally I know no greater pleasure than hearing good music. I think there has been a great advance in late years in this country, and a great many people take an interest in music and appreciate good mu-

$100 in PRIZES FOR COMPLETING THIS LIMERICK

There was a young man from Penzance
Found his pockets devoid of finance
So he just borrowed some
And he purchased Old Chum

Write a snappy last line here and win the

FIRST PRIZE of $25.00

in this 6th Old Chum Limerick Contest

Second Prize $15.00 • Third Prize $10.00

Twenty-five Prizes of $2.00 Each

A clever line that rhymes with "Penzance"—that's what will win the $25.00. A line like this for example: *"At no other tobacco he'll glance."* Chance, dance, lance, prance, entrance, romance, advance, enhance—these are just a few of the rhyming words you could use in writing a catchy finishing line that may bring you a cheque for $25.00.

You need not be a clever writer nor a poet—prizes are being won here, there and everywhere—by men and by women—everyone has an equal chance to figure in the prize money. Start now, if you haven't entered before—enter each of the Old Chum Limerick Contests—the next one appears in about one month's time.

Remember that with the awarding of these prizes, 130 cash prizes will have been distributed to successful contestants so far—your chance to win is as good as anyone's.

CONTEST RULES

Cut out this advertisement and write your "last line" in the space provided. Fill in your name and address plainly in the space indicated. Then attach a label from a package of Old Chum Coarse Cut or Old Chum Fine Cut.

Where additional entries are being made and copies of this advertisement are not available, copy the entire Limerick on separate sheets of paper, adding last lines. Attach an Old Chum label to each separate entry.

Address your Limerick entries to:

Old Chum Limerick Contest,
P.O. Box 1720, Montreal, P.Q.
on or before August 15, 1933.

Be sure to print name and address on each entry.

No correspondence will be entered into with any contestant.

• • •

Among pipe smokers, the subject of tobacco is a fascinating one—particularly among Old Chum smokers—for they know that they enjoy the utmost in cool, mellow fragrance, and that the quality never varies. For men who roll their own, nothing equals Old Chum Fine Cut Cigarette tobacco.

I agree to accept the decision of the judges as final.

Baroness Seeks Farm Home In Canada

(Special to The Guardian)

MONCTON, N. B., Aug. 1. — A world noted miniature painter the Baroness Von Ritschl has been in the Maritime Provinces looking over possible farm sites with a representative of the Agricultural Department of the Canadian National Railways. The Baroness, under her maiden name, Lorna Burgoyne, is well known in England as a miniature painter. She is looking for a farm upon which herself and the Baron, an Austrian, might settle.

The Baroness divides her time between Austria and her native Devonshire in England. Her miniatures have been widely exhibited in England, one being bought by Queen Mary. Before leaving for Italy the Baroness gave no indications as to what her preferences were. Before coming to the Maritimes she looked over possible farm sites in the United States, Maryland and West Virginia. Should the Baroness come to live in Canada she hopes to found an Association of Canadian Miniature Painters, there being no such association at present. Her grandfather was Captain Burgoyne of the famous racing clipper Titania, which brought tea to England from India. Her husband's family is one of the oldest in Austria.

"Well, and what did father's little precious learn at school today?"

"How to eat an apple behind a slate."
