Eastern Canada Savings And Loan Company Stock

The greatest of all English bards wrote 'I'll bloweth the wind that profiteth nobody.' So it is with the Eastern Canada Savings & Loan Co., owing to the money stringency and the high interest rates prevailing, this Company's earnings should show the effects of loans made upon mortgages at the favorable rates now current.

This institution is making steady progress and owing to the extensive developments anticipated in Nova Scotia in the next few years should show even more gratifying advancement.

We offer a block of shares of this Company in lots to suit buyers. Price and full particulars upon application.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

Haliburton, P.E.I.—'I had a doctor examine me and he said I had falling of the womb, so I have been taking Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. All the bearing-down pains have vanished. I have gained ten pounds in weight, the discharge is all gone, and I feel better than I have for a long time. I think any woman is foolish to suffer as I did for the sake of a few dollars. 'You can use my letter as a testimonial. It may encourage other poor women who suffer as I did to use your Vegetable Compound.'—Mrs. GEO. COLLETT, Haliburton, Lot 7, P.E.I. Read What This Woman Says: New Moorefield, Ohio.—'I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter.'—Mrs. CASSIE LLOYD, New Moorefield, Clark Co., Ohio.

Riding in the FORD Car is the Acme of Luxurious Comfort

A trip in the Ford car will show you what real comfort is. No matter how rough the roads—in fact the rougher the better—for it is then you will find the luxurious comfort of the Ford. The upholstery of the seats, back and sides, ranges from four to eleven inches in thickness of fine leather covering and Ford spring construction is the strongest possible.

The springs are extra large, are semi-elliptical transverse, made from spring-tempered Vanadium steel—the strongest, lightest and most expensive steel on the market today. These springs give the easiest possible riding qualities to the car. Take a trip in the Ford and see what real comfort is. Call or phone for a demonstration.
