THE WEATHER THE TEMPERATURE, TIDE, MOON, ETC.

(Special to The Guardian.)
TORONTO, May 14.—Moderate winds, light showers in morning in local parts. Not much change in temperature.

The temperature at three o'clock this morning by the Rexall Store Tested Thermometer with a northern exposure was thirty-eight degrees above zero and with a southern exposure was forty above.

THE WEATHER.—Yesterday was beautifully mild with bright sunning and moderate west to south wind; clear and mild at night.

The highest temperature recorded yesterday was fifty-two degrees above zero and the lowest was forty-three degrees above. The lowest recorded the previous night was thirty above. At nine a. m. it was forty-three above and at nine p. m. it was forty six above.

The tide will be high this afternoon at 4.46 and tomorrow at 6.15; it will be high tomorrow morning at 8.22 and Friday at 7.40.

The sun sets this afternoon at 7.24 and tomorrow at 7.25; it rises tomorrow morning at 4.27 and Friday at 4.28.

The moon sets tomorrow morning at 2.17.

The first quarter of the moon was on Tuesday, May 13, at 7.25 a. m.

The full moon will be on Tuesday, May 20, at 3.48 a. m.

The length of today will be fourteen hours and fifty-eight minutes.

(From Yesterday's Evening Guardian)
The temperature at 10.30 o'clock this morning by the Rexall Store Tested Thermometer with a northern exposure was thirty-eight degrees above zero and with a southern exposure was seventy degrees above.

UPSET LAUNCH AND DROWNED

EVANSVILLE, Ind., May 12.—Weighed down with \$150 in coins which he had taken in at his saloon Saturday night, Edward Muckmar, a saloon keeper, was drowned in the Ohio River near here yesterday, when his launch upset. Muckmar together with Frank Yeager, were running a trout line, and when both leaned over the side of the launch to pull in a large fish, the boat upset.

C. P. R. DECLARES

SUBSIDY DIVIDENDS.

MONTREAL, May 12.—At a meeting of the directors of the Canadian Pacific Railway Company, held today, a dividend of two and one-half per cent. on the common stock for the quarter ended March 23, last, being at the rate of seven per cent. per annum from revenue, and three per cent. per annum on the stock, on the proceeds of land sales and from other extraneous assets, was declared payable June 30 next to shareholders of record at 1 p. m. May 13.

IN MEMORIAM

MR. WM. FERGUSON

Death is always sad, but when it comes to a home and takes therefrom the father, leaving a wife and small children bereft of his kind and loving care, it is doubly sad. Such was the case in the death of Mr. Wm. Ferguson of Hampton, which took place on Thursday, May 1st, 1913, in his 50th year. He was in his usual health and attending to his farm duties up to less than two weeks before his death when he was stricken with pneumonia and all that loving hands and tender care could do was done, but to no avail. His death came as a shock to the whole community, as he was well known and beloved by all. He was always willing and ready to lend a helping hand whenever needed. He will be greatly missed in the community as well as in the Church and Sunday School where his place was rarely vacant. His funeral was held on Saturday, May 3rd, to Grand Cemetery was very largely attended. There being over one hundred carriages present. The services at the house and grave were conducted by Rev. G. M. Young. The pall bearers were William, Walter and Frederick Tait, Joseph and Charles Ince, and Allan Ferguson. There were left to mourn a sorrowing widow and four small children—Victor, Evelyn, Russell and Harold, a babe of nine months; also four brothers and one sister. The sympathy of the community goes out to the bereaved ones.

500,000 GRAFT BY MEDIUMS' TRUST

CHICAGO, May 12.—New arrests of men higher up in the police-protected "clairvoyant trust," so-called, are expected today. Three or four more arrests are expected, and police men will be in custody by nightfall. State Attorney Hoyne announced upon reaching his office today that Hoyne says \$500,000 tribute was collected annually.

FINE ADDRESSES IN ST. PAULS

(Continued from page 5.)
most striking things in life was this that when we seem to have known everything else, we are swallowed up in all knowledge, all culture, everything, in the great need of forgiveness everything was swallowed up in this; sin had to be put away. All through the Bible was the revelation of God's love in the forgiveness which was always associated with His Son, Jesus Christ. It was the Cross made it possible for God to forgive sin. God's righteousness and God's life made it possible to forgive sin. God's great gift to man was the forgiveness of sin and the assumption of fellowship. It was a full and absolute redemption; it was eternal, wiped out never to come back in judgment. The usefulness of this knowledge was incalculable; it meant pardon, peace, power, purity, progress, permanence, and the prospect of life in Christ. The experience of forgiveness gave us reality. Nowhere else could they find forgiveness except in Christianity. None of the other religions had it; they had nothing to say about sin, nothing to say about forgiveness—the one great need of the human heart. Forgiveness was only possible by the grace of God through His Son, Jesus Christ. The moment God became real, forgiveness became real.

This afternoon's subject is "The Part of the Church" and the evening's, "Need Sin Defeat Us?"

Mr. A. E. Wilkenson, Traffic Manager of the I. C. R., arrived in Charlottetown last night by the Northumberland.

BAD PRISON CONDITIONS

ALBANY, N. Y., May 12.—Stories of torture of prisoners in the middle ages sound like descriptions of luxuries in comparison to the tales that have been told of the lives of some of the prisoners in Sing Sing.

This striking indictment of conditions alleged to exist within the walls of New York State's oldest penal institution is contained in a report of the investigation of the prison made by George W. Blake, of New York, a special commissioner appointed by Governor Sulzer, to probe the prison affairs.

The worst feature of the prison management is that dealing with the morals of the convicts. Blake says cannot be discussed in a public document, but should be called to the immediate attention of those competent to deal with the situation.

The investigator describes conditions as "frightful." The prison cells he says, are dark, small, damp, filthy and infested with vermin. In them contract rheumatism and go out crippled for life. Into none of the cells but in the lower tiers, has a ray of sunshine entered for eighty years.

CAUSES MILD SENSATION

LONDON, May 12.—At the moment when politicians are at a discount, Mr. H. W. Massingham, editor of the Nation, has caused a mild sensation by reference to a certain Cabinet Minister. Sir R. B. Lytton is said to have repeated last autumn, because of his dealings in Mirreel shares, and a new scheme is advocated, says Mrs. Lloyd George, where his brilliant but restless mind could find a fresh field. Mr. Massingham would apparently like to see him supplant Mr. Balfour as President of the Local Government Board, where it is believed he could do great good.

Mr. Massingham's interest in the case will increase but in the opinion of the press, the progress of the country there is a far more important post for Mr. Lloyd George to fill when the opportunity arises, than President of the Local Government Board.

WILLIE GARRY AS NEW BANNER

TORONTO, MAY 12

It is expected that 5,000 men will march in connection with the annual demonstration of the Archdiocese of Holy Name Societies on June 1. The procession will be formed near St. Mary's Church, and the members four abreast will proceed by way of Bathurst, Queen, University and St. Joseph to St. Michael's College grounds, where services will be held.

A new banner has been secured for the occasion by the different Church societies, and will be carried at the head of the line. All the men in the ranks will wear badges, and His Grace the Archbishop will personally review the parade en route.

Mr. James O'Hagan is the President and Mr. Francis R. Boylan Secretary of the Demonstration Committee, while Dean Hand is the Diocesan Director.

CHILDREN RANGE OUT

OF STEAMSHIP LANE WHEN BERG STRUCK.

WASHINGTON, May 12.—The British freighter Chiltern Range, which collided with an iceberg to the east of the Newfoundland Banks, on her voyage from Hull to Montreal, was fully 200 miles out of the steamship track, according to a report by the naval hydrographic office today. Officials said the freighter was in a field which, by calculation, must have been full of ice.

(Photo of "King Dodds" at four years of age)

"KING DODDS" 46236

Standard Bred and Registered Stallion

(Pure Bred Errolment No 44 Dept of Agriculture)

In presenting the claims of "King Dodds" for the consideration of the breeding public, his owners will endeavor to submit his particular merits as an individual, rather than those of his ancestors, as, while ancestry is of the utmost importance it must, to attain its greatest value from the breeder's point of view, be associated with the highest type of individual, and in "King Dodds," his owners believe that they have secured the finest combination of these requisites to successful breeding to be found in the Maritime Provinces, today.

Breeding. We wish to state however that in breeding "King Dodds" is the peer of any, as his pedigree, published herewith will readily show, and is strictly along the most fashionable lines of today, while in the earlier generations, he traces directly through such sires as "Harold," "George Wilkes," "Mambrino" and the great "Onward" and through dams such as "Miss Russell," "Vera," "Sable," "Green Mountain Maid" and "Miss Patchen" and has no less than five crosses to the great "Hambletonian, 10" the very foundation stone of the American trotter of today.

As a race horse. "King Dodds" has started in four races, and was always inside the money, finishing second in one race in 2 2 1/4 but as yet, is without a record. His principal race was the 2.35 trot in Halifax, in the fall of 1911, in which he showed to splendid advantage as the following extract from the "Halifax Recorder" the official Organ of the Halifax Exhibition Association will prove.

Halifax Recorder:—2.35 Trot: "King Dodds" went a splendid race; he proved himself a splendid trotter and capable of beating 2.25. The second heat was another victory for Our Protein, who led throughout, closely pressed by "Frenchie" to the three-quarters, where "King Dodds" carried the latter off his feet. "Dodds" trotted in splendid style, closing up on the leader. **WON 14 RED RIBBONS** at 5 years of age.

As a Show Horse. "King Dodds" has the proud distinction of being the only Stallion in the Maritime Provinces, that had won fourteen red ribbons at five years of age, and on six of these occasions, the competition was open to the three Provinces, and the following extract from "Canadian Farm" dated April 9th 1911, gives some idea of the opinion entertained of him by unbiased foreign experts.

"There was nothing to it but Dodd Dwyer's King Dodds against all comers in the Standard Bred stallion class, of which the judges said that no better class had ever been seen in these provinces, and that the 'also-rans' could also win at many good horse shows. The second in this class was a Kentucky importation with a record of 2 1/4, while the third had a mark of 2 0 1/4."

"In the Roadster Class for stallions it was also King Dodds all the way, beating the same field. He is in the same class as Mambrino King, who never got less than first in the many years he competed in the largest shows in the United States," was the announcement made when the Pictou bred stallion was trotted up, amid cheers, to be decorated with the championship ribbon. Grace Abbott with King Dodds colt "Kaintuck" by her side, bowed acknowledgments to the tumultuous applause that greeted the announcement regarding the sire of her colts."

As a Sire, and this is of vital importance to the breeding public, "King Dodds" has proved himself to be absolutely sure, and his colts are large, rugged, and healthy. At the Pictou County Exhibition, last fall, prizes were offered for best "King Dodds" colts, with a very large list of entries, and Mr. Starr the well known Judge of horses, pronounced the colts shown for this prize, "the best lot he ever saw by any one horse."

Mr. Alfred Webster of Marie has a colt by "King Dodds" coming three years and he is a beauty, with every indication of speed.

"King Dodds" is a magnificent animal, a beautiful bright chestnut, in color, is broad chested, deep in the withers, close ribbed, very round in the barrel, short back with splendid joints the best of legs and feet, and strongly muscled, beautiful head and arched neck, is absolutely sound with a very kind disposition, stands 15 3 hands high, weighs 160 lbs and will be 7 years of age on June 12th next.

Terms

"King Dodds" will stand for the season of 1913 at \$10.00 payable by note due Nov. 1st which must be given at time of service, 5 p. c. disc. will be allowed for cash.

Being anxious to do all they can to assist the breeding industry the owners of "King Dodds" have placed the service fee at this low figure, for this season only, as breeders in the U. S. are paying today \$25.00 to \$50.00 service fee, to stallions bred along similar lines, but his owners reserve to themselves the right to reject any undesirable mare. Mares at owners risk.

His Home—The home of "King Dodds" for the season will be at the "Klondyke Stables" Souris, and all interested are cordially invited to call and see him for themselves. Should several breeders in the same locality however require his services at about the same time, we will arrange to send him to them, at a few days notice. Mares coming by train will be taken care of free of charge.

Jos H. Cheverie
