The gold and silver medals awarded as prizes in the typewriting department of the Union Commercial College have been won by Miss May McMillan, first, and Miss Lizzie Harris, second. Both these young ladies are expert touch operators and graduates of the shorthand department. Since the opening of the Union Commercial College quite a change has taken place in the methods of operating the machines, where formerly students did nearly all their work with one or two fingers of each hand, they now use all the fingers and operate the machines without looking at the keyboard. WHEN YOUR CHILD SUFFERS.

For lack of knowledge of the value of Dr. Chase's Ointment as a cure for eczema, many a mother has been worn out in the effort to relieve her child of suffering. Eczema, scald head and other forms of itching skin disease are common to children, especially during the teething period. Though readily cured by Dr. Chase's Ointment, eczema, if neglected, becomes chronic and may last for years.
