CANDLEMAS CANDLES FOR POPE

ROME. February 2—In accordance with ancient tradition, all the heads of religious orders and of Roman basilicas and colleges, today presented the Pope with most beautiful candles made purposely for the occasion, the Feast of the Purification, usually known as Candlemas.

BARED PRISONER'S TEETH TO JURORS.

LOS ANGELES, Cal., February 2—Bert H. Conners, on trial here for conspiracy to dynamite the Hall of Records building, was led up and down in front of the jury box yesterday with the hand of Deputy District Attorney G. Ray Horton pulling his lips away from his teeth as the teeth of a horse are bared before a sale.

In concluding his arguments, Horton declared dents on fulminating caps, introduced as evidence, were the imprints of Conner's teeth, showing where he had clinched the caps to fuses attached in turn to the sticks of dynamite found near the building. As Horton spoke, Conners was seen to close his lips firmly.

"Look at him," cried the prosecutor. "He does not dare open his mouth, he does not dare show his teeth."

Conner's attorney, Lecompte Davis, pulled him from his chair and stood him up before the jury box.

Horton grasped the prisoner's jaw, pulling the lower lip away from the teeth, calling attention to the fact that Conner's teeth are far apart. When he had finished and released the prisoner, he passed the fulminating caps into the jury box, declaring they bore the marks of the teeth the jurors had just seen.

HOBOES IN CONVENTION.

CINCINNATI, February 1—The "Hoboes" of the United States opened a four days convention here today, the order for the arrest of the delegates should they assemble having being withdrawn by Major T Hunt. He said they must hold their meetings in an orderly manner.

The convention is under the auspices of the Unskilled Migratory and Casual Workers Association, as the official name of the "Hoboes" organization is called. According to the officers of the association the purpose of the convention is to wake up the public to the needs of the people out of employment.

James Eads How of St. Louis, the "Millioniare Hobo", called the convention to order. Mrs. Coro D. Harvey of Oklahoma City, Okla., acted as alternate secretary.

MISSING PAPERS WERE NOT MISSING

QUEBEC, February 2—The pandemonium which reigned in the House the day before yesterday, when the Opposition charged the Government with the deliberate loss of documents regarding the contracts for the Montreal jail, has turned out to be a tempest in a teapot. Last night Hon Mr. Tashereau, pointed out that every document referred to by Messrs Cousineau and Lavergne, was printed in the book, and in its proper place. He placed the book on the table and gave them the pages to refer to. They made no reply.

SKI JUMP 144 FEET

BELOIT, Wis., Feb. 1—The longest standing jump this winter in the American Ski Association, 144 feet, was made here yesterday by Sigurd Hansen, a professional from Fergus Falls, Minn. The jump was made at the dedicatory tournament of the new 240-foot slide of the Beloit Ski Club.

...*The 9.45 a. m. meeting of the Young Men's Guild, Montague, was held as usual on Sabbath morning, it being a devotional meeting with William Mellish in the chair. Next Sabbath, the eleventh instant, a paper will be read by Ernest Parkman on the "First Epistle of John."

...*The many friends of Gordon Baker, Souris, who has been receiving treatment at the P. E. I. Hospital, for a broken limb, will be pleased to learn that he had sufficiently recovered to return to his home by the afternoon train yesterday. He was accompanied by his wife and little daughter.*

...*On Monday last Alex White and Richard Kickham, Souris West, came near having the misfortune of losing their horses in Souris River. They were returning from New Zealand with two loads of wood when the ice gave way. Fortunately their cries for help were heard by John Kickham M. P., and Peter Longapie who ran to the rescue, and it was only with the utmost exertion of the four men, that they succeeded in getting the horses on the solid ice again.*

...*Report of examinations in the Souris High School for month of January are as follows:—Joseph DesRoche—Grade VII—1 Louis Marcou; 2 Daniel McPhee; 3 Alex McPherson. Grade VI—1 Grace Mitchell; 2 Cecil Wightman; 3 Pius Doiron.—Ethel McEwen—Grade V—1 Annie Garrett; 2 Ralph Wightman; 3 Elsie Mitchell. Grade IV—1 Frank Morris; 2 Winnie Sterns, 3 C. McAllum and C. ...*All who attend the moving pictures at Fairyland in Souris tomorrow evening will be delighted with the show and will eagerly look forward to similar events. The photo tories will be aptly chosen, interesting in the extreme, and whatever the subject is, drama or comic, the moral left will be uplifting. These pictures are much appreciated wherever shown. They not only entertain but are educative, for nothing lingers in one's mind as pictures portrayed here in the above manner, and how could one cover so much ground, at so little expense, except in this way. Don't forget to attend this show.

Itching and Burning on Face and Throat

Sores Disfigured So He Dreaded to Appear in Public. No Rest Night or Day. Cuticura Ointment Cured.

"Six months ago my face and throat all broke out and turned into a running sore. I did not bother about it at first, but in one week's time the disease had spread so rapidly over my face and throat and the burning itching sores became so painful that I began to seek relief in different medicines, but none seemed to give me any relief. The sores disfigured my face to such an extent that I dreaded to appear in public.

"I suffered terribly and could get no rest night or day. At last a friend advised me to try the Cuticura Remedies. I had about given up hope, but thought I would have one more try, and so I used a little Cuticura Ointment, and it helped me from the start. I continued using it and in six weeks' time was completely cured, and can say I would advise anyone suffering from skin disease to use Cuticura Ointment, as it is the best healing balm in the world." (Signed) Roscoe Good, Seven Persons, Alta., Feb. 18, 1911.

FOUND RELIEF ONLY FROM CUTICURA SOAP AND OINTMENT

"My little girl when only a few weeks old broke out on the top of her head and it became a solid scab. Then her cheeks became raw and sore and after trying different remedies found relief only from using Cuticura Soap and Ointment. It lasted six months or more, but after a thorough treatment with the Cuticura Soap and Ointment never had any return." (Signed) Mrs. W. S. Owen, Yadkin College, N. C., May 26, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the most successful treatment for skin and scalp troubles of infants, children and adults. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 32-p. book on the skin, will be sent free, on application to Potter Drug & Chem. HOUSEHOLD HINTS.

If the ink is spilled on the carpet saturate the spot with vinegar and put on top of that a handful of common salt. With a large spoon scrape the first supply up and add fresh vinegar and salt to the ink spot. Repeat the process several times and then rinse with clear cold water. The ink spot will have disappeared entirely, leaving the carpet in perfect condition.

Keep a larger strainer over the drainage pipe in your sink all the time, Always pour waste water, dish water, etc., into this strainer. This leaves the sink free from all trash. Empty the contents of the strainer into the garbage every morning or give it to the chickens. This device is especially convenient after washing vegetables, as the strainer catches the refuse and keeps the drain from clogging thus possibly saving a plumber's bill.

When lemonade is made with cold water much of the sugar lies undissolved at the bottom of the pitcher or glass. This can be prevented by pouring a little boiling water over the sugar. When it dissolves add the lemon juice and then fill with cold water and ice.

To keep fruit or vegetables perfectly fresh for a week or more look over and pick out only the sound ones. Do not wash, hull or otherwise prepare, but fill fruit jars, screw covers on tightly and place in ice box. They will keep perfectly, thus enabling a housekeeper to buy more advantageously in large quantities.

When one owns a large quantity of blue china, it is not a bad plan to have a plain cream distempered frieze, with a shelf below it for the blue plates, etc.

A writer on house decoration says: "The great secret of successfully furnishing a small room is to hang as much as you can upon the walls, and put as little as possible upon the floor."

When laundering madras curtains place them one at a time full width on the rod at the window, run another rod through the hem at the lower edge, removing when perfectly dry, They look much better and newer than when ironed.

MEXICO IS AGAIN TORN BY A REVOLT.

NEW ORLEANS, Feb. 1—An alliance ha been effected between Emiliano Zapata, the leader of the rebellion in southern Mexico, the Reyistas of northern Mexico and leaders of last year's insurrectionary movement in Lower California, according to apparently reliable information gleaned here by secret service agents. It was stated today that Col. Pryce, a former British soldier, leader of the Lower California uprising, and Col. Mosby, an American soldier of fortune, conferred in New Orleans last week with several prominent Reyistas and others and decided to 'enter Mexico again with "Viva Zapata" as their battle cry.

Col. Pryce was followed to New Orleans from San Antonio by agents of the United States and Mexican governments, but mysteriously disappeared after being under close surveillance for two days ago.

and it is shrewdly suggested that the reason for this rather unusual step is the necessity the present directorate feels of calling attention to the continued existence of Truth, which in the mind of the general public, was inseparably connected with "Labby," and might have been supposed to have passed away with him.

NO MORE RAILWAY PASSES?

REGINA, Sask., Feb. 1—Passes for members of the Sasketchewan legislature have not arrived from the Grand Trunk Pacific, and it is understood that the railway will shut down on the free transportation. It is rumored that the action of the Grand Trunk Pacific foreshadowes the enactment of a "no-pass" law for the Dominion such as exists in the United States.

THE CHEQUE.

From the Manchester Guardian comes the following:—It is fairly well known that this country is unique in the use of the cheque, but other countries are trying to imitate us. The French Parliament has just passed a law authorizing the crossed cheque. A law of 1865 introduced the cheque, but the definition was so arranged, appearently through a misunderstanding of the instrument, as to make it necessary to meet a cheque by an actual payment of money. In other words, settlement through a clearing house, that ingenious device for economizing the use of currency, was rendered impossible, although in practice the Bank of France did some of the work which the clearing houses do with us. The new law seems to follow the law of 1865 in this matter, and French financiers fear that it will not lead to the establishment of a clearing-house.

THE WEDDIN' TOWER.

He holds her little hand in his'n.
There ain't no hand so nice like her'n;
Her digits he yearns to imprison
And makes good each and every yearn.
The relatives all watch and blubber,
The train has been due for an hour.
The natives stand around and rubber,
Because it is a weddin' tower.
They set and build an airy castle,
It is a day they ne'er forget.
You see they ain't commenced to rassle
With old High Cost of Livin' yet.
So let 'em dream till the last minute,
Until the honeymoon is through,
For then there'll be no dreamin' in It—
You can't hold hands and rassle, too.

A BRIGHT FUTURE FOR P. E. I

(Continued from page 1.).

open for only a month, and the prospects in that time have fully met the expectations. The company, (capitalized at over a million dollars) has been in existence for only a year and now has offices all over Canada, the farthest East being in Charlottetown. In a short time an office will be opened in Newfoundland.

The growth of the Canadian business on the whole is certainly very gratifying being one hundred per cent more than that done by companies operating on the same plan in the United States. The opening of offices in the United States is being vigorously carried on and in a short time it is expected that the total number of employees which now amount to six hundred will grow to thirty or forty, thousand. The success of the Company's operations in Canada is attributed to their up-to-date methods and progressiveness combined with Canadian conservatism. Throughout the West the Canadian farmer is taking hold of the proposition enthusiastically as he finds it of great assistance to him in buying land and establishing a home, the system of quarterly, semi-annual and annual payments proving very popular.

Mr. King gave some interesting facts concerning the policy and methods of the company. He claims it is the only one that issues certificates of honor to employees. The utmost care is taken that all are men of the highest honor and integrity. Each man is under bonds and if it is found that he in any way makes misrepresentation of facts in dealing with patrons or prospective patrons he is immediately dismissed. Every Monday at the various offices the different representatives hold a conference in which instructions are given to efficiently carrying out their duties. A newspaper called "The Canadian Home Investment Standard" is published solely for the benefit of employees. It bears the significant motto "Truth and energy assure success" and this motto is being lived up to. Mr. King claims that in no other institution is the standard of morality maintained on a higher plane than in the Canadian Home Investment Company. It is interesting to note that among the leading officials of the institution are two former Prince Edward Islanders, namely, A. McKechnie and his brother Dr. R. E. McKechnie. The former is Treasurer, and the latter one of the leading Doctors on the Pacific Coast, is third Vice-President.

Mr. King is at present making an impression concerning the capabilities and possibilities of this Province, and looks forward to a marked advance in our commercial and agricultural progress as a result of the establishment of a car ferry.

Mr. King is at present making an inspection of all the branch offices, and after a tour through the States will return to Vancouver.

He will carry back with him the most favorable impressions of this Province, and we trust that his more extended visit here next summer will serve to deepen the impressions formed on his flying trip.

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would be competitors imitators."
