- **Hogs not ready for the market should be held until properly finished. The prospect for a steady to better price appears assured. Remember hogs are scarce in the Maritime. Livestock Marketing Board. L-2505
- **A meeting of the Conservatives of Winsloe Hall, tonight at 8 p.m. to determine poll and appoint delegates to the convention in Charlottetown November 20th. (Sgd.) Roland Beaton, Secretary. L-2498
- **General meeting of potato producers and dealers will be held in Trenchon on Wednesday night, Nov. 21st, at 7.30 o'clock. The proposed Eastern Canada potato marketing scheme will be presented and discussed. You are invited to attend. Provincial Marketing Board, J. A. Gillies, Secretary. L-2498-11-17-21
- **Let the Livestock Marketing Board do your selling. We pass through any increase in price just as surely as the occasional drop we have to put up with, but with a much greater degree of satisfaction. Our job is to work in your interest. Give a chance. Don't obstruct us. Livestock Marketing Board. L-2505

DELIVERS ULTIMATUM TO COMBATANTS

Report Hints At Imposing Penalties As Empowered Under Covenant.

(By Joseph E. Sharkey, Associated Press Foreign Staff)

GENEVA, Nov. 18—After weeks of delicate negotiation and planning during which Paraguay and Bolivia have been fighting the most momentous series of battles in their two-year conflict in the Chaco Boreal, the League of Nations today met its obligations under the covenant squarely and delivered an ultimatum to the combatants.

The report hinted without actually saying so that the League may be forced to impose penalties on the warring South American Nations. Under the covenant the League is empowered to have members sever economic, financial and diplomatic relations with belligerents.

Could Be Averted

By laying down their arms and accepting the committee's peace plan, it was intimated, this possibility could be averted.

The committee's report embodying the most comprehensive plan ever created in the League of Nations, was published in full just as the news came from the Chaco Boreal that Paraguay had won a sweeping victory by the capture of Bolivia's long-coveted Fort Ballivian.

Referring to a breach of the covenant through resorting to warfare, the report said the League Assembly which meets tomorrow in special session to consider the Chaco war "might simply note the situation and draw its consequences, but it is its first duty to assist two belligerent nations to devise a basis of lasting peace."

The assembly was asked to record its hope that the belligerents would accept its recommendations, and also to record its judgment "that the parties have not fulfilled their undertakings under article 12 of the covenant."

Warning

Another solemnly couched warning was addressed to the belligerents in the preamble of the section which provided for creation of an advisory commission to follow the execution of the recommendations.

The text agreed to by the Chaco committee for submission to the League Assembly was as stated:

"High tea, bingo, bazaar, etc. Town Hall, Georgetown, Wednesday, Nov. 21. Dance after. L-2464-11-19-21

Mueller Will Fight To Finish In Church Dispute

(By John A. Bouman Associated Press Foreign Staff)

BERLIN, Nov. 18—Reichsbishop Ludwig Mueller opened a new phase of the Protestant church conflict today with the rallying call "I shall stay by my post as long as I can stand."

Lending support to the Reichsbishop was the belief that Reichsfuehrer Adolf Hitler would receive the German Christian representatives this week. Evidence that the opposition still fights, however, was contained in a reliable report that Bishop Julius Kuehlewien of Baden once a staunch friend of Mueller, had left the German Christian camp for the Confessional Synod.

Mueller declared before a large congregation in the fashionable suburban Stagliola church: "Once during the war I was

Patron

His Honour Lieutenant-Governor George D. DeBlois, Provincial Patron of the Boy Scouts Association.

\$50. Buys Apple At Auction

All records for apple sales here were broken on Saturday when \$50 was obtained for one Macintosh Red, and an average of 7.30% for ten apples auctioned on behalf of the Boy Scouts. The sale took place on the verandah of the Canadian National Hotel through the kindness of Mr. Mould, Manager, Provincial Commissioner Wm. Warren being the auctioneer. The sale began promptly at three o'clock in the afternoon in presence of a large turn out of Boy Scouts and a representative gathering of citizens. The principal attraction of the sale was the Premier Boy Scout Island Macintosh Red, for which there was keen competition between three bidders, one of them a lady. The first bid was for \$5, and quickly the offers came from the three, until \$40 was reached, when one of the bidders dropped out, and ultimately the apple was knocked down at \$50, the bidder, by proxy, being His Honour Lieut.-Governor DeBlois, Provincial Patron. Great enthusiasm prevailed while the bidding was in progress, and when it was announced by President J. O. Hyndman, that the successful bidder was Governor DeBlois, Patron, enthusiasm knew no bounds, three hearty cheers being immediately given the winner. The Provincial Commissioner unveiled the beautiful rosy red apple and presented it to the President to convey to His Honour.

The auctioneer then announced that he had nine other apples, which, while not of such outstanding value as the Premier apple, were well worth while possessing, and called for bids. A beginning was made at 50c and soon there was animated competition, number two being knocked down to a lady for \$6. Other eight were put up in succession, and all were disposed of at from \$5 down to \$1. The total realized for the nine second rate apples being \$23.50. The total for the auction was, as stated, \$73.50. Votes of thanks to Mr. and Mrs. Mould for their use of the hotel and patronage, and to the Lieut.-Governor for his spirited bidding up of the Premier apple concluded the proceedings.

SCOUTS HOLD SUCCESSFUL APPLE DAY

Total Amount Secured In Sale of Apples Saturday Some \$560.

Saturday was the Boy Scouts second Apple Day and it passed off with remarkable success, no less than \$560.26 being realized. Island Macintosh Red apples were on sale by Boy Scouts at Charlottetown, Summerside, Alberton, O'Leary and Montague from 8 a.m. to 3 p.m. and met with such hearty response that long before the closing hour the stock in the city was exhausted and more supplies had to be sought for. Altogether 25 1-3 barrels were disposed of which was five more than last year. The general comment was that people did not know we grew such large, delicious, luscious fruit, the opinion being expressed that we ought to do more to create a market for our apples. Each apple sold—before the extra supplies were brought in—was polished and wrapped in paper, and presented a handsome appearance when unwrapped. This work was done by the Rovers and Scoutmasters on the preceding evening and certainly proved worth while. Of the total apples sold, 21 barrels were Island, 4 Nova Scotia, and one-third barrel (bought in emergency) were British Columbia's. The Island apples were purchased from Messrs. Smallwood, Dewey and Stewart.

The sales in the various centres were as follows:

Alberton, 20 Scouts & Cubs	\$ 20.00
Montague, 14 Scouts & Cubs	20.00
Summerside, 18 Scouts & Cubs	53.60
Charlottetown, 132 Scouts & Cubs	393.16
C. N. R. Hotel Auction	73.50
Total	\$560.26

President

Mr. J. O. Hyndman, President of the Prince Edward Island Boy Scouts Association.

WALES MINE STRIKE AVERTED

(C. P. by Guardian's Special Wire) CARDIFF, Wales, Nov. 18—The threat of a strike in the South Wales coal fields appeared to have been averted today. A special conference of the South Wales Miners' Federation here reversed a previous decision of the Federation's executive council recommending strike notices be issued.

The executive council on Nov. 6 had recommended issuing 14 days' strike notice in an effort to bring to a head a dispute between rival unions at the Taffmerthyr Colliery. However, it changed its stand since, itself suggesting at the special conference that nothing be done which would prevent negotiations continuing with the owners of the Taffmerthyr colliery.

The anti-strike decision carried by an overwhelming majority.

DEATH OF PROMINENT CITIZEN

Mr. J. J. MacKinnon Passes Away After Lengthy Illness.

The death occurred at the Prince Edward Island Hospital yesterday, after a lengthy illness, of Mr. John J. MacKinnon, a prominent citizen of Charlottetown and for many years an outstanding figure in Odd-fellows' activities in the Maritime Provinces.

Mr. MacKinnon's long connection with the Independent Order of Odd-fellows brought him in touch with members of the society from all parts of Canada, and he was held in general esteem and appreciation. He was a member of St. Lawrence Lodge for over forty years. In 1907, at the Grand Lodge session in Charlottetown, he was elected Grand Secretary of the Grand Lodge, I. O. O. F., of the Maritime Provinces of Canada, the jurisdiction of which comprises the three Maritime Provinces and Newfoundland. This position he held for nearly twenty-six years. He was also twice appointed a representative of the Sovereign Grand Lodge.

At the Grand Lodge session at Moncton in 1932, on the occasion of the twenty-fifth anniversary of the death of the Grand Secretary, Mr. MacKinnon was the recipient of an address, beautifully inscribed on parchment by a member of the Rebekah Order, accompanied by the gift of a gold watch, the high honour in which he was held, and which he merited by his zeal and enthusiasm for everything pertaining to the interests of the Order.

About a year ago, all health compelled him to resign his position in the Grand Lodge, much to the regret of all concerned.

He was also a member of St. John's Lodge, A. F. & A. M., of which he was secretary for one time.

The late Mr. MacKinnon was born at New Glasgow, N.S., on May 7, 1869, a son of the late Alexander and Grace Ann MacKinnon, who he removed to Charlottetown when he was three years old. His father es-

New Cabinet Ministers Take Oaths Of Office

Hon. R.B. Hanson Becomes Trade And Commerce Minister And Hon. Grote Stirling Succeeds To Pensions Portfolio.

(C. P. by Guardian's Special Wire)

OTTAWA, Nov. 18—A long anticipated change in the Dominion Government was completed Saturday with the retirement of Hon. Murray MacLaren, Minister of Pensions and National Health, and the elevation of two private members of the House of Commons, Richard Burpee Hanson, representing York-Sunbury, N. B., and Grote Stirling, member for Yale, B. C.

The recent sensational resignation of Minister of Trade and Commerce H. H. Stevens hastened the cabinet shuffle which has also involved Hon. D. M. Sutherland, Minister of National Defence.

Selected

Mr. Hanson was sworn in as Minister of Trade and Commerce, succeeding Mr. Stevens in the portfolio, and Dr. MacLaren as New Brunswick's representative in the government. Mr. Stirling became Minister of National Defence replacing Mr. Sutherland who took over the portfolio of pensions and health, and Mr. Stirling also took over the acting Ministry of Fisheries which has been handled by Minister of Marine Alfred Durand since the appointment of Hon. E. N. Rhodes to the finance portfolio early in 1932.

This cabinet shuffle, associated, it is understood, with important plans for party organization, prevented the departure of Prime Minister R. B. Bennett on his projected visit to his constituency in Calgary. He had hoped to leave last night and may leave tomorrow night.

Busy Day Saturday

Saturday was an exceptionally busy day around the east block. The two ministers-elect arrived early in the day and cabinet met at noon for less than half an hour to put the final seal of approval on their selection. At 2.30 they visited Rideau Hall in company with the Prime Minister and several members of the cabinet and were sworn in before the Governor-General. An hour later they were attending their first council session as full-fledged ministers of the Crown.

Opportunity was taken at the noon session also of appointing W. J. Tupper, K.C., as Lieutenant Governor of Manitoba, succeeding Hon. James Duncan MacGregor. The appointment is effective from Dec. 1. No statement was made as to the future of Dr. MacLaren who is believed slated for the post of Lieutenant Governor of New Brunswick to succeed Hon. H. H. McLean, whose normal term expired nearly a year ago.

Announcements Anticipated

Important announcements relative to the political future of the government party are anticipated at any time according to indications prevalent on Parliament Hill. It is learned that definite plans are being laid for strengthening of the party in preparation for the general election which must come next fall at the latest and may be called early in the summer.

Appointment of a sub-committee of the cabinet with probably one or two workers who are not in the government to direct campaign activities is anticipated and there will also be a treasury committee. It is understood, to handle campaign funds. It is quite probable two party organizers will be appointed to work in the field, one French speaking.

Experienced Parliamentarians

In selecting the two new ministers sworn in Saturday Mr. Bennett promoted men of considerable parliamentary experience. Mr. Hanson has been in the House continuously since 1921 and Mr. Stirling since 1924, both making their first entries in by-elections. Widely differing in personality both are popular among their fellow members.

Mr. Hanson is outspoken and enthusiastic as a debater and a man of strong personal convictions. He proved an able and aggressive committee chairman, heading the house committee on railways for several years, and last year conducting the banking and commerce committee through its important handling of the central bank legislation. He is a leading barrister of Fredericton, N. B.

DEATH LIST IN MANILA TYPHOON GROWS TO 225

Reports Continue To Tell Of Devastating Effect Of Latest Tropical Storm In Philippine Islands.

(A. P. by Guardian's Special Wire) MANILA, Nov. 19—(Monday)—The drowning of 225 persons at Mauban in last week's typhoon was reported today by Gov. Maximo Rodriguez of Tayabas Province, while a ship captain wireless the southeast town of approximately 15,000 persons was flooded and "almost wiped off the map."

The Governor and other relief workers reached the stricken area, 65 miles southeast of here, by horseback yesterday. Governor Rodriguez's figure was greater than other estimates and the list, it was believed, may be exaggerated due to duplication of the victims.

66 Natives Killed By Lightning

(A. P. by Guardian's Special Wire) CAPE TOWN, South Africa, Nov. 18—Lightning struck suddenly into the little hut in Clarkesburg region where more than three-score natives were drinking beer Friday, killing 66 and burning nine others critically.

Fifty-six of the men were burned to death almost instantaneously. Ten others died later.

(Initial report via J.N.S.H.R.L. (Initial reports from the region said 61 were killed by the lightning bolt, three escaping).
