SLIGHT FIRE.—A slight fire occurred yesterday afternoon on board the Houseboat, Doris, owned by Mr. J. P. Hood. The boat was lying in the dock at the foot of Queen Street at the time. Mr. P. Water was turned on and the blaze was quickly subdued with but little damage to the interior finish.

ISLAND HORSE WINNER AT HALIFAX.—Arkola, 2.18½, the winner of the 2.30 trot at Halifax, is sired by Dr. Nicholson's well known stallion, Aquiri, 2.27½. Arkola looks to be the best young trotter in the lower provinces.

ISLAND HORSES SUMMARY.—In yesterday's summary of the Halifax races, the 2.30 trot was marked with its cross. The only distinction is in the color of the crosses. The French are white and the Germans are black. And on each is printed a number, the number of the regiment to which the dead belonged. There is seldom anything else. Now and again, where the name of the man was known, where his being an officer served to identify his body, the name is on the cross and a wreath from his comrades or his family who have a pilgrimage to the spot where he lies. Otherwise, he is only a soldier of France, and all soldiers of France are equal in death.

On July 14 the countryside of this part of the republic, which since the days of the Capets has been known as the "Isle of France," was scattered with living people, soldiers on leave from the front, young widows in heavy black leading, little children, older people bowed with age and sorrow, come a long way, stumbling along the sunny roads, peering into the fields, all searching for their own. Most of these searching groups carried new flags to replace the wind-washed and sun-bleached emblems that had marked the graves since the battle of the Marne. Some of the comrades carried many, one for the grave of each man of his regiment who died on the hilltop or who lies buried in the valley. When he returns to his regiment "down there" in the

IN MEMORAM
MRS. HANNAH TRACY

There passed away on Aug. 23, 1915, one of the oldest and most respected residents of Covehead Road in the person of Mrs. Hannah Tracy at the advanced age of 75 years. The deceased had been in failing health for the past few months, but her death came as a shock to her many friends. Her funeral took place to St. Eugene's Church, Covehead, and was largely attended. Rev. J. B. MacIntyre officiated at the church and grave where all that was mortal of a kind and charitable woman was laid to rest, there to await the final resurrection. May her soul rest in peace. THE LATE NEIL MACNEILL.
A deep gloom was cast over Milton when it learned of the death of one of its oldest and most respected citizens. Neil MacNeill at the advanced age of 76 years. All that medical skill and loving attendance could do proved unavailing, and after suffering for some time with paralysis, which he bore with Christian firmness and patience without a complaint or murmur, his spirit took its flight on Thursday night, Sept. 3th, and leaves to his only daughter, Annie, two sons, Wallace and George, and one brother, William, who were all with him in his last hours, also two sisters, Mrs. Anthony Essory of Loyallists and Mrs. Alex. Cobb of Milburn, besides a host of relatives and friends. His wife Philippa Tinney predeceased him by eight years. His funeral, which was held on Saturday, was largely attended, service at the house and grave being conducted by her pastor Rev. Mr. McHattie. Interment took place at Bloomfield Cemetery.

FRESH FLAGS WAVE.
Since July 14, in many of the smiling fields of the "Isle of France," fresh, tricolor flags have thrust their standards proudly above the brilliant stalks of grain, where almost every sunny hillside, in almost every valley between the Marne and the Aisne, in the growing barley, the alfalfa, the clover at the roadside; in clusters under fruit trees, the red, white and blue of France, like a more vivid fleur-de-lis, pale the poppies and daisies and cornflowers that sprinkle growing grain.

For here, 10 months ago, the battle of the Marne was fought, and here today, the fields are sown with graves, each with its four posts thrust solidly in the ground with wire stretched between to mark the spot where some soldiers lie. No farmer ploughs above them, though his field be patchworked with hundreds of the tragic mounds, as many fields are. More, he cuts the weeds or the aggressive grain

GERMANS MAKING USE OF MOVING PICTURES

TORONTO, Sept. 12.—A new method of the agents of the German Government in North America to alienate the sympathy of neutrals and of Canadians against certain members of the allied nations was brought to light at a meeting of the Board of Police Commissioners. In this latest propoganda the Germans have made

use of the moving picture films. Lately in Toronto there were exhibited films depicting life in Siberia and another showing a French court-martial in session. These pictures, according to the information placed before the commissioners were inspired by agents of the German government in the United States for the purpose of discrediting Russia and France in the eyes of Canadians and of prejudicing the people against these nations.
