MISSING MAN'S BODY FOUND IN CLYDE RIVER

The body of John A. McKinnon, aged 30 years a returned soldier, belonging to Riverview was found on Wednesday in the Clyde River, about five miles from his home. Deceased had been missing from his home since Tuesday, the 18th inst on which day he was last seen alive. On that day he drove to Charlottetown and was returning home in the evening. Near Clyde River Bridge Mr. Robert McPhail saw a man who he afterwards learned to be McKinnon standing in the road near his horse as if adjusting the harness. Later the horse and empty wagon passed Mr. McPhail, and the latter thought there had been a runaway.

Subsequently Mr. McKinnon was seen sitting on the side of the road by parties who were passing in automobiles. It is understood that he afterwards went to a house in the neighbourhood, and accompanied by the man of the house proceeded to call on another party who lived near the river. McKinnon's people felt no uneasiness concerning him as they were under the impression that he was remaining in the city.

On Wednesday after the man had been missing a week the search was organized with the result of the finding of the body as mentioned above.

THE SOLDIERS STILL REMAINING IN LONDON

Of 1,500 Canadians Still in London 500 Will Remain for Six Months to Complete Work. Less Than a Dozen Wounded Men Remain Undergoing Treatment

(Special to The Guardian.) LONDON, Nov. 26.—Fifteen hundred Canadian soldiers are still here, five hundred of whom will probably remain another six months to complete the work of minor departments. These comprise the historical section, the war graves registration, including the photographing of graves. Five thousand requests for photographs have been received from Canada. Incidentally the British authorities have announced that no more applications for such photographs can be received. The expense has been borne by the British Red Cross and order of St. John. The British authorities have taken 120,000 photographs and requests for 36,000 photographs have still to be handled. Another Canadian section is still here busy packing the hundred airplanes presented by the British authorities to the Canadian Air Board. A quantity of military equipment which the Military Department has decided to retain has still to be shipped. The Buxton depot which held 5,000 men awaiting repatriation is now reduced to less than a hundred and closes altogether within a fortnight. Less than a dozen wounded and sick remain here the majority whom are undergoing lengthy and delicate operations. The advance in the price of going through a process of skin grafting on the face.

Twenty-eight Burned to Death in Louisiana

VILLE PLATTE, La., Nov. 24.—Twenty-eight persons, most of them women and girls, lost their lives here last night in a fire which quickly destroyed a frame building in which 300 of the village folk were making merry at a dance. Fifteen others were seriously hurt and search of the ruins was expected to add to the list of the dead. Ten of the dancers were burned to death, and others were crushed in the dance hall were rescued by mothers who had taken them there along with their children of dancing age. Some of the youngsters were picked up and hurried bodily into the outstreached arms of people in the street below. The fire started in a grocery store and a tongue of flames reached out and started a crowd in a moving picture theatre in the same building with the grocery and dance hall. A man standing near the door shouted to the audience to move out quickly and none were hurt. The flame spread so rapidly the whole lower floor was a roaring blaze before the dancers in the big hall above were aware of their danger. Instantly there was a panic and the whole crowd, men, women and children made a mad rush for the single exit, to the narrow stairway leading down the side of the burning building. This soon was choked and many of those trapped escaped through windows to the roof of an adjoining building. Many of the victims were burned beyond recognition and bits of jewelry were the only means of identification of the bodies.

GREAT OPPORTUNITIES OFFERING FOR EXTENSION OF CANADIAN TRADE

Firms Formerly Manufacturing Munitions May Still Obtain Contracts in Britain. Preference Given to Canadian Goods in Great Britain.

(Special to The Guardian.) LONDON, Nov. 27.—Despite the end of the war and the cancellation of munitions contracts the British and Canadian Governments promise to be large buyers of Canadian goods on a peace basis. Canadian manufacturers who have filled war orders can continue to get business if they go after it. The Admiralty, Ministry of Munitions, War Office and Crown Agents for the Colonies have stated their intention of considering Canadian tenders for all supplies purchased in future and, in view of the shortage of goods for domestic markets in the United Kingdom, opportunities comparable with those during the war still exist for Canadian manufacturers. Four contracts for electrical machinery for Edinburgh recently went to a Swiss firm because British manufacturers could not complete. Canadian manufacturers will be given preference over all outside sources of supply and the buying power of the departments mentioned totals many millions while the purchases range from needles to locomotives.

GREAT PREPARATIONS IN LONDON FOR WELCOMING PRINCE OF WALES

(Special to The Guardian.) LONDON, Nov. 27.—There is every indication that the Prince of Wales' welcome home will be such as to wind up worthily the tour which has been so successful and which evoked such remarkable enthusiasm. On his arrival in London the Prince will be met by the King and Queen, the various members of the Royal Family and the Ministers of the Crown. The drive from Victoria Station to Buckingham Palace is very short if taken direct so the plans are to make a considerable detour in order to permit the people to greet the Royal Traveller after his 15,000 miles trip.

WAGE INCREASE TO THE MINERS

(Special to The Guardian.) WASHINGTON, Nov. 27.—A wage advance of 14 per cent for all mine workers, maintenance of Government control over coal prices, and no increase in prices at this time, were the conclusions of Fuel Administrator Garfield announced tonight to the operators and miners wage scale committees that Secretary Wilson, acting President of the Mine Workers asked if the Government intended to repudiate the acts of Secretary Wilson. Dr. Garfield replied that Mr. Wilson made his proposal as a mediator to facilitate negotiations and that Mr. Wilson told him today it was the duty of the Fuel Administrator to fix prices and that it was not the function of the Secretary of Labor. Death Yesterday of Mr. Reaney Gay

Many friends were shocked to learn yesterday of the death in the Prince Edward Island Hospital of Mr. Reaney Gay, the well known meat dealer of this city. He had been in his usual health until Friday when he was taken suddenly ill. He was taken to the hospital on Saturday where he underwent an operation on Sunday for appendicitis. His condition was very critical for the past four days and yesterday afternoon at 2.30 he breathed his last. His death is deeply regretted for he was a young man in the prime of life, only 37 years of age, and in the natural course of events one to whom it could be supposed many years of life were still in store. But it has proved otherwise and one of the city's best known business men has been called suddenly away from the activities of this life to the unseen world. He was a man who was very popular with all who had the pleasure of his acquaintance and there will be genuine regret on the part of his numerous friends both in town and country to learn that he is gone. There are left to mourn a widow and two young children, Robert and Herbert, also his mother who resides at Hazelbrook, two brothers, one of whom is Vernon of this city, and also four sisters, Pearl at home, Mrs. Campbell of Pownal and the others in the United States. Deceased was married to Lilla, daughter of Mr. Robert VanDerstine, City Collector. To all of the bereaved The Guardian extends its sincere sympathy. The funeral takes place on Sunday at 2 p. m. from his late residence 27 Passmore Street to the Peoples Cemetery.
