FINANCE

NEW YORK, Sept. 16—(AP)—Leading stocks tilted forward in today's market as traders took a more optimistic view of the war and domestic business prospects. Canadian issues were fairly steady. Distillers Seagram, International Nickel, Walkers and Lake Shore Mines advanced fractions. Marconi and Imperial Oil held unchanged. The principal fly in the market ointment was the slackness of dealings throughout. At that, the turn-over of 292,810 shares compared with 268,180 last Friday. The volume was aided by two blocks of 10,000 shares and one of 5,000 for Graham-Paige at 50 cents a share, unchanged from Saturday. The Associated Press average of 60 issues retained a net advance of 4 of a point at 43.5, best day's performance since Sept. 5. In front of the finish were U.S. Steel, Bethlehem, General Motors, Chrysler, Santa Fe, N.Y. Central, Great Northern, Westinghouse, Dow Chemical, Du Pont, Union Carbide, Allied Chemical, Eastman Kodak, United Aircraft, Sperry, Glent, Marconi, Montgomery Ward, Kennecott, North American and American Smelting.

The following letter was received by the Minister of Finance. Permission to publish it has been granted providing the writer's name be withheld.

"My son has gone to war..."

Honourable J. L. Fisher, Minister of Finance, Ottawa.

Toronto, Canada, September 13, 1940.

Dear Sir: My son has gone to war. In that he is no different from thousands of other young men; but naturally, his mother and I are proud of him. Before he enlisted we talked it over... for he was at the threshold of his career—a junior partner in this business—with "all the flame of his bright youth unspent." "God knows, Dad," he said, "I hate war... I have read and heard of what the last war meant to you and to others. But there's a job to be done and my job is to help to do it." "How about trying for a commission?" I asked. "You have the qualifications." "No," he answered, "I'm not going to wait for a commission. If I earn it, all right, but I'm enlisting as a Private." Which he did. He is now a Sergeant. If such men as these are not worth backing to the limit, when it comes to investing in Canada's Second War Loan, there's something tragically wrong with the Spirit of Canada. At any rate, my last dollar, and all that I can borrow from my bankers has been invested in Second War Loan Bonds. I was in Germany and Italy last year. I know both countries well. I've seen what it means to men to be deprived of freedom... sometimes I wonder whether we in Canada prize freedom as we should.

Yours very truly, A. Signature

What else need be said to those who are able—and who should—but who have not yet done their duty and bought Canada's Second War Loan Bonds?
