MacNeill-Rodd Wedding

The Baptist Church, Knutsford, was the scene of a pretty wedding on Thursday, July 17th, at 3 o'clock when Rev. C. O. Howlett officiated in marriage Miss Mabel Glenn, daughter of Mrs. Velda MacNeill and the late Raymond MacNeill of Knutsford, P.E.I., and Harold Lemuel, son of Ambrose and the late Mrs. Rodd of Milton, P.E.I.

The bride entered the church on the arm of her cousin, Mr. Rupert MacNeill, and looked very charming wearing a floor-length gown of white satin with broad-ecrued nylon and a fingertip veil held in place with pearls.

She was attended by her sister, Miss Jean MacNeill, who wore a floor-length gown of pink nylon with a headdress of orange blossoms. She carried a bouquet of Tallisman roses.

ADOPTED IN 1946 The distress signal S O S was first adopted officially for International radio uses in 1905.

Immigration Laws Hamper Romance

HALIFAX, July 20 - (CP) - A 26-year-old immigrant girl, bound for a new home in Canada, was given a 50-50 chance of recovery from serious illness tonight after the Canadian Navy rushed medical aid to her cabin in an ocean liner far at sea.

In a week-end mercy mission marked by pin-point navigation and high speed through fog and heavy seas, the destroyer Nooka carried two naval surgeons and a load of medical supplies and equipment to the French liner De Grasse, 15 hours after the ship called for aid.

Surgeon Cmdr. C. E. Brooks, R. C. N., of Montreal, who held consultation with seven other surgeons in the woman's crowded cabin, said it was decided not to operate on her for an acute internal hemorrhage until the liner reached New York tomorrow or Tuesday.

Surgeon Cmdr. Brooks, who was accompanied by Surgeon Lt.-Cmdr. R. C. Ower, R.C.N. (R) of Edmonton, an expert anaesthetist, returned here today on the Nooka.

He did not identify the sick woman other than to say she was a Flemish immigrant on her way with her husband to a new home in Delhi, Ont.

Micmac's Radar Was Not Working

OTTAWA, July 20 - (CP) - Reconstruction Minister Howe, commissioning a ship for radar experimental work in aiding marine navigation, said Saturday the radar equipment of the destroyer Micmac was not working when she collided with the freighter Yarmouth County of Halifax this week.

He told a group of National Research officials, as he commissioned their vessel "Radel," that "we have all been shocked" by the Micmac tragedy and expressed the hope the new ship would help perfect radar. Once perfected, he said, it would be of great usefulness to all forms of navigation.
