Amherst Pianos Ltd. 159 Queen Street.

ENLIST NOW

ADDING HIS NAME TO THE COUNTRY'S HONOUR ROLL.

HAPPENINGS OF THE WEEK

It is still sometime till Christmas, but it is interesting to learn from the English exchanges that the King and Queen will spend Christmas at Windsor Castle. As it is many years since Windsor has been thus honored, there are great rejoicings over the prospect but as Christmas will be soberly observed this year by King and Country it does not seem to matter much where the court chooses to be located. Perhaps the most suitable place would have been at Balmoral, Aberdeenshire, where Christmas is no generally observed by the rank and file.

Word has been received here that Lady Sybil Grey, youngest daughter of Lord Grey, formerly governor-general of Canada, and Lady Grey, has been sent to Russia with Lady Muriel Paget to organize a hospital in Petrograd. Lady Sybil, when in Canada, took a keen interest in and active part in philanthropic work. When the war broke out she belonged to a voluntary aid detachment in Northumberland, and was one of the most efficient volunteer nurses. After she did such good service that she has been allowed to lend her assistance in the Russian capital. The two English nurses have taken with them from Paris a complete staff and supplies for their undertaking.

Mrs. J. A. Matheson, who accompanied the Premier to Ottawa, was quite widely entertained during her short visit there where she was the guest of Mrs. Percy Aylward. Among the hostesses were Mrs. Yada wife of the Japanese Consul-General who entertained informally at tea for Mrs. Matheson and Mrs. Archibald R. Tibbits who gave a small bridge party in her honor.

Mr. and Mrs. A.E. Morrison, Prince Street had as their guests for a few days this week, Mr. and Mrs. Hector McInnes of Halifax. Mrs. McInnes is Mrs. Morrison's sister and was gladly welcomed even for so short a visit by her host of friends.

Mr. R. G. Wallace of the Bank of Nova Scotia, St. John, left this week for the west. Mr. Wallace's many friends here will be sorry to hear he has not been well lately but trust the change will be most beneficial.

Mrs. Robert Morton, of Charlottetown, a lady with many friends in Halifax will go to that city next week and has taken apartments at Hillside Hall. Mrs. Morton is a sister of Miss Pope, of the Military hospital here.

The Halloween social held in St. Paul's School room for the No. 2 Siege Battery on Monday evening was greatly enjoyed by the boys in Khaki.

The ladies of St. Peter's Church were at Home to the Siege Battery and also the Infantry in their hall on Thursday evening when several hours of genuine fun were enjoyed by all. All the boys are jolly good fellows, well worth entertaining.

Mrs. John McLean of Souris was a welcome visitor to the city this week.

Mrs. W.S. Stewart entertained a few friends informally at the Tea hour on Tuesday for her friend, Mrs. Hector McInnes of Halifax.

Colonel Weston of Halifax was among the visitors here this week.

Mrs. Preston MacLaine received on Tuesday afternoon and evening at the home of her parents, Senator and Mrs. Frowse, the house being very handsomely decorated with chrysothemsus, smilax and ferns for the occasion. Mrs. MacLaine attended in white and was assisted in receiving her guests by her mother, Mrs. Frowse and Mrs. A.J. MacLaine. Mrs. George McKinnon, poured tea while the Misses Worthy, McGregor and McPherson, passed the day re-

IN A NUTSHELL

Sir.—As prohibition of the liquor trade during the war is being earnestly discussed let us briefly consider whether such action is necessary and whether the people would favor it. About one hundred million dollars are spent in drink every year in the Dominion. Even if it did no harm it could be the part of wisdom to save that large sum especially during the war. But when we consider that it does do much harm and entails so much further expense it seems needless to discuss it.

In England and the United States it is conceded that ten percent of all deaths are caused directly or indirectly by drink. If we adopt one half of that percentage for Canada it gives us about five thousand deaths caused by drink in Canada every year. Where there are so many leaths there must be a much larger number who are more or less injured by it. We shall certainly be within the mark, if we say that ten thousand persons are killed and injured every year by drink.

It has been shown in several places that it costs about five times as much as the revenue receives from the traffic to care for the paupers, orphans and criminals it causes. It has also been shown that if the money spent in drink were spent in useful articles it would give employment to eight times as many persons as are engaged in the manufacture of liquors.

Reports from many places show that the burden of taxation is greater in wet than in dry towns. In some places the tax rate is double. The saving in police expenses alone is more than the license fees. These statements are not mere theory they have actually occurred in many places and the prosperity following prohibition confirms them.

So much for the needed prohibition even in peace times but do the people want prohibition? In Ontario they have voted on three different occasions by large majorities in favor of prohibition and there is no evidence that they have changed their lines. Again nearly three-fourths of the municipalities of Ontario have adopted local prohibition of their own accord and are so well satisfied with it that not one has repealed it in the past five years notwithstanding all the efforts of the powerful liquor traffic.

A strong indication of the trend of public opinion is found in the fact that a number of our best papers and magazines refuse to carry liquor advertisements into the homes of their subscribers. It will be asked when all these are in favor of prohibition who are they that are against it and I answer the liquor interest and the barroom brigade. The liquor interest is composed not only of the manufacturers and sellers of liquor but all those who make

profit out of the business either directly or indirectly. This is only a partial survey of the question.

I am, Sir, etc. H. ARNOTT, M. B., M. C. P. S. Toronto, Nov. 2, 1915.

WANTED BOY FOR DELIVERY

Apply Worthy's Bakery. 3724-11-2Mtr.

RUSH TO THE COLORS AFTER KING'S APPEAL

LONDON, Oct. 27.—The Chronicle says: King George's appeal to the nation, combined with Lord Derby's scheme and the indignation aroused throughout the country by the execution of the nurse, Miss Cavell, has created a new boom in recruiting. Birmingham today recruiting meetings were held in the large factories and these will continue daily for some time. Amongst yesterday's recruits were a large number of clerks, and postal employees. More single men are now coming forward at Birmingham than ever before, but the number of ejections on account of physical unfitness is rather heavy. Not since the early days of the war has recruiting in Bath been so brisk. The head of the recruiting office was besieged Monday and yesterday by young men in such numbers that the staff was hard pressed in dealing with them. Fifty-three Bath tax-drivers marched in a body to the recruiting office and offered their services as motor transport drivers. In Leicester 24,000 men have been raised in a fortnight. Recruiting is also reported exceedingly brisk in South Wales.

ROYAL YEAST CAKES BEST YEAST IN THE WORLD. Broom made with Royal Yeast will keep fresh and moist longer than that made with any other. MADE IN CANADA.

PROOFOF POSITIVE She—I don't think you love me any longer. He—Why do you say that? Gentlemen—Last Winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of LaGrippe, and I have frequently proved it to be very effective in cases of inflammation. Yours, W. A. HUTCHISON.

IMPORTANT Relatives of soldiers returning from the front are asked to communicate with the Secretary of the Patriotic Society at Charlottetown, Captain T. Edgar McNutt, indicating the date of expected arrival, cause of return and any other particulars in order that preparation may be made for a fitting reception.

No Serious Illness Follows King's Dangerous Mishap

LONDON, Nov. 3.—The Lancet says it is in a position to state with authority that the accident to King George resulted in severe shock, much bruising and pain. But there has been no more serious outcome to his dangerous mishap, adds the Lancet. "There is no evidence whatever of any visceral lesion, or any fracture. Although His Majesty is still confined to bed, this is necessitated solely by the muscular stiffness following the bruising."
