Weekly Live Stock Report

SUMMARY

Reduced offerings of cattle at stock yards resulted in a much improved trade during the week in review. Nearly, if not all of the price declines incurred in the previous week were regained. Trading as a rule was active, with stock moving over the yards readily, with the exception of inferior grades, notably at Toronto. The havy daily carryovers of cattle so prevalent lately were not experienced this week, largely due to the improvement of the labour situation in packing plants, which enabled them to clear up all classes of live stock. Veal calves held previous price levels but grassers were under pressure and were as much as 50 cents lower in some cases. Hog prices showed no change at all but lambs were variable in a price way, steady to easier in the east but generally firmer in western Canada.

Eastern Cattle Markets

A decline of 15 cents was experienced on the lower grades of steers and heifers at Toronto and 25 cents to 50 cents on cows and bulls. The movement of cattle, however was better even at the reduced prices, and only about 400 head were unsold at the close. The best of the weighty steers sold at $11.50 to $12.25 and butcher material closed up to $10.75 and 11. The trade at MONTREAL was active and prices steady to 25 cents higher, with good steers at $11.50 to $12 and a few $12.25. In the MARITIMES, quality continued to be extremely plain but prices steady, with choice steers and heifers quoted at $10.50 f.o.b. country points, and commercial grades $10 to $10.25.

Western Cattle Markets

Reduced offerings in western Canada served the markets well and much of last week's losses were regained. At WINNIPEG a number of classes worked 50 cents to 75 cents higher, with all buying interests in a more receptive mood. A few of the best steers rated $11.26 to $11.50, and medium to good kinds of slaughter steers $9.50 to $11, while good quality feeder steers were scarce up to $10. CALGARY closed steady, except for bulls which were 50 cents lower. The best of the steers made as high as $11.50 and the general run up to $11. There was improved trading at EDMONTON after Monday, and suitable material looked 25 cents higher, with good steers quoted up to $10.50 and mediums as high as $10. At PRINCE ALBERT the top was $9 on an odd steer sale, while MOOSE JAW had odd sales up to $10, REGINA up to $10.50, SASKATOON $10.50, and VANCOUVER $11 to $11.25.

Exports to United States

Exports of dairy cattle to the United States during the past week were lower than in the previous week at 364 head compared with 397 head in the same week last year. Exports to date this year since January 1st totalled 35,862 as against 20,115 in the same period last year.

Grass Calves Lower

While there was no change in the price of veal calves, grassers sold at lower levels. Toronto paid $15 to $15.50 for the best of the veal offering, Montreal up to $16, Winnipeg $12 to $13 and $13.50, Calgary as high as $11, Edmonton $12, Prince Albert $10, Moose Jaw $11, Regina $12, Saskatoon $12 and up to $12.50 and Vancouver $10.50 to $11.50.

Hog Market Unchanged

There was no change reported in the hog market, all prices appearing to hold the levels of the previous week. At Toronto the general price was $16.75 for the basic grade, Montreal $16.60, Winnipeg $15.60, Calgary $15.25, Edmonton $15.25, Prince Albert $15.35, Moose Jaw $15.15 to $15.35, Regina $15.15 to $15.35, Saskatoon $15.35, Vancouver $16.25, and Moncton $16.75.

Variable Lamb Prices

There was considerable variation in the trend of the lamb market. Toronto was steady, with best lambs at $11.50 to $12, but Montreal was easier with the best of the offering at $11.50. On the other hand, Winnipeg advanced 50 cents, closing with good lambs at $10.50, Calgary was steady at $9.50 to $10; Edmonton unchanged up to $9.75; Prince Albert firmer at $9; Moose Jaw up to $9.50; Regina also $9.50; Saskatoon $9 at the close; and Vancouver $11.

Well Known S'side Lady Dies Suddenly

The sudden death occurred at her home on Granville Street on Sunday morning of Mrs. William S. Steeves at the age of 65 years.
On Saturday night she had retired, apparently in good health, and when her husband went to her room to call her he found that she had passed peacefully away during the night.
She was formerly Miss Jessie S. Muttart, daughter of the late Mr. and Mrs. Eliphalet Muttart of Tryon. Mr. and Mrs. Steeves moved to Summerside about forty-two years ago and have been highly respected residents of the town ever since.
A wide circle of friends will sympathize with the bereaved husband and also their son, Sayre in the civil service at Ottawa. At the time of going to press the final funeral arrangements have not been completed and will be announced later. S.

English Wife Is Delighted With Canada

MONTREAL, Que., Nov. 5—"Just fancy how easy it is to get a glass of milk in Canada"; that was the immediate reaction of Mrs. Amy Hanley, wife of Corp. C. L. Hanley of Hamilton Ont., the English wife of a Canadian soldier who was one of the arrivals on a special train operating over the Canadian National Railways from an Eastern seaport. Having an interval of leizure between the time of the arrival of the army special and the departure of her train for Hamilton, Mrs. Hanley, carrying her year old infant, Carol Susan, walked into the soda bar at the Canadian National Central Station where the request for a glass of milk was met promptly "without coupon or argument", as Mrs. Hanley explained.
Mrs. Hanley had other enthusiasm. The youthful English wife expressed herself as being "delighted" over every experience. "We were well looked after on board ship," she said, "and afterwards when we were travelling on the train towards Montreal the Canadian soldiers on board could not do enough to help the wives and the children. These Canadian boys were particularly kind towards the children and I assure you they are a fine lot."
Afterwards, when the Canadian National special reached the Central Station, the soldiers were helpful towards the women and children, giving a hand with their belongings and getting them away to a good start. "I feel that I will be very happy in Canada," commented Mrs. Hanley after she had taken advantage of the amenities of the Central Station, the nursery making a definite appeal to this new Canadian.
There were other English and Scottish wives of Canadian soldiers on board the special train, the majority being destined for points west of Montreal. Each one expressed satisfaction at being in Canada and recorded instances of kindnesses on the part of the soldiers who travelled on the trip across the Atlantic and on the train journey.

Millions In Chinese Bills Were Destroyed

PORT ELIZABETH, South Africa, Nov. 5 — (AP) — How Manila's industrial and domestic gas supply was furnished for four days by burning millions of Chinese dollars was told aboard the Gripsholm by two repatriates. Clifford Billings of Buffalo, N. Y., representative of the Manila Gas Holding Company of New York City, and George Lynott of the Bronx, N. Y., representative of the American Bank Note Co.
New bills of different denominations for the Chungking National Government, packed in 460 metal and wood cases and totalling $260.000,000, arrived in Manila aboard the S. S. Grant while the city was under Japanese aerial bombardment. The greater part of the shipment was landed before the Grant hurriedly sailed with about 58 crew members to escape the Japanese air menace.
When it became evident that Japanese forces would enter the open city of Manila, it was decided to use the furnaces and retorts of the Manila Gas Company and the Philippine Government's Bureau of Science. For four days and nights the only fuel that entered the furnaces and retorts was crisp new bills.

STALIN SAYS

(Continued from page 1.)

The Marshal reviewed the crises brought to the Soviet Union during three years of war and the Russian successes in overcoming them. He said the past 12 months "brought the turning point of the war."
He said the Germans had lost more than 4,000,000 casualties on the Russian front in the last year, of which 1,800,000 were killed, with 147,200 dead buried at Stalingrad.
As a result of this severe mauling, he continued, "untrained young troops have been thrown in by the Germans while "Red Army cadres have become stronger and will grow still more strong."
As the Soviet deputies cheered he told them "no army can surpass ours in equipment and in the quality of its equipment" and "any numerical superiority the Germans may have possessed at the beginning of the war has been liquidated."

P. E. I. Handicraft Display Creates Favorable Impression

The display of Prince Edward Island Handicraft shipped from this Province in October to The Canadian Folk Society Exhibition in Vancouver arrived back Friday together with a letter telling of the great interest shown in the Island display. The materials for the Prince Edward Island Exhibits were collected by Miss Mary MacDonald, Secretary of the Women's Institutes in co-operation with B. Graham Rogers of The Travel Bureau who looked after all details of the Exhibit, arranging for space, etc.
The Exhibition was held in the large Georgian Room of the Hudson's Bay Company store in Vancouver and all Provinces of Canada were represented.
The following extract from the letter received at the Travel Bureau Office is especially interesting: "We feel that the Folk Festival was a success this year and judging by the number of people in attendance the public are interested in Handicrafts and the future of such work as a livelihood for many. The pamphlets you sent on Prince Edward Island were very much in demand. It seems there are a number of people here who originally came from your province. I might also say your quilts and hooked rugs were very much admired. We have had photographs taken of all the Provincial Exhibits and one will be sent you soon. You will readily see that your Exhibit was very attractive. It was one of the biggest and best."
The above extracts from the letter received should be very encouraging to the many people in this Province interested in Handicraft and congratulations are certainly in order to the women who made these Exhibits which won such high commendation at Vancouver.

Italian Bomber Surrendered To Allied Fighter

Written for the Canadian Press By FO. Bob Francis, R. C. A. F.

WITH THE R. C. A. F. IN ITALY, Nov. 5 — (CP) —One of the first concerete prizes to come into Allied hands after the capitulation of Italy was a three motored Savoia medium bomber which surrendered in mid flight to a single Allied fighter.
The machine was seen over the sea north of Sicily and an R. A. F. Spitfire squadron, with which PO. Bruce J. Ingalls of Danville, Que., was flying, was warned to be on the lookout. When the Spitfires did find the Italian aircraft, Ingalls said, a Grumman Marlett fighter already was shepherding it towards Sicily.
I. F. (Hap) Kennedy, D. F. C. of Cumberland, Ont., veteran fighter pilot with a score of seevn enemy aircraft destroyed, has been promoted Flight Lieutenant and placed in charge of a flight in an R. A. F. Spitfire squadron in Sicily.
Kennedy was one of the several Canadians flying with the squadron from which he transferred on receiving his promotion and in his new unit he again found himself among members of the R. C. A. F. He had five aircraft destroyed to his credit when he joined his first squadron in Sicily, then commanded by Sqdn. Ldr. George Hill, D. F. C. and two bars, of Pictou, N. S.
Other Canadians with his present squadron include PO. Bill Hockey, Kentville, N. S.

THE KIRK PULPIT

Preaching yesterday morning on the text "what time I am afraid I will trust in Thee" (Psalm 56:3) the Minister, the Rev. T.H. Bussell Somers, said: "As a matter of fact, many people approach religion with an entirely different mentality from that which they bring to anything else. If a man went to his office with the regularity, concentration, and expectation of benefit without effort, with which he goes to Church, what would happen to his business? Precisely what has happened to his soul. If he cared for the fabric and furnishing of his home with the same interest and expenditure he devotes to his place of worship he would be ashamed of himself and a by-word among his neighbors. He would never dream of accepting for his body the unqualified physicians who prescribe his religion and politics. He would think it dreadful were he as unconcerned about his children's day school as he is about their being "brought up in the nurture and admonition of the Lord."
He buys "the necessities of life" but when he gives money to religion—the chief necessity of all—he feels himself a benefactor of charity, instead of considering himself as unable, with all he gives, to do more than pay an infinitesimal part of the interest on the impossible debt he owes Christ and His Church. Jesus did not commend the widow's mite because it was the smallest coin she could find, but because it was all she had. I grow weary of the cant of those who copiously lavish expenditure on their comfort and amusements but make loud complaints about the heavy demands of religion, whose pitiful evasions and subterfuges leave those with better consciences, both rich and poor, to make good their default, but who yet expect that their casual largess will provide whenever they need it, the comforts of religion and the ministrations of the Church. As was not by payments of such people that Chiang-Kai-Shek and eighty percent of China's leadership became Christian! In religion as everywhere else, you get exactly what you pay for, not because faith and grace can be bought but, because, whetner you have much or little, your open hand means an open heart and only such a heart can God garrison with His peace.
