GERMAN TANKS CUT OFF BEHIND SOVIET LINES

CLAMOR FOR LAND, SEA RAIDS ON NAZIS

Car Accident Claims Man's Life

Pictured here is the car in which Mr. Jacob Hans of Mountain Road, near Moncton, met death yesterday when it left the pavement at Dunstaffnage and, after turning over several times, landed in a grain field. The photo was taken shortly after the accident occurred and shows the car in the position it landed. It was almost a complete wreck as the picture indicated. The vehicle was a 1941 DeLuxe sedan. The victim was thrown from the automobile as it rolled over. There were two other passengers but both escaped with slight injuries.

Fatal highway Accident at Dunstaffnage

Mr. Jacob Hans, 53, of Mountain Road, near Moncton, N. B., was killed in a highway accident eight miles from Charlottetown yesterday. The car in which he was a passenger left the road on a curve at Dunstaffnage. It plunged into a grain field and overturned four times.

Royal Canadian Mounted Police said Hans was thrown out. His neck was believed fractured and his back broken.

After leaving the pavement, the automobile went over the shoulder of the road and down the side of the bank which is about five feet high. It went down on an angle running along until it reached the bottom. There is no ditch at this spot and the car continued right through a wire fence, clipping off a post, into the grain field. There were large gouges in the ground where the car had apparently hit each time it rolled over. It finally came to rest on its four wheels far into the field. The curve is a rather sharp one and is a short distance past the district school going out

THE LATE HON. A. F. ARSENAULT

Prominent S'side Lawyer passes

Hon. Adrien F. Arsenault, 51, a former member of the Provincial Legislature died Saturday night at his home in Summerside. He had been unwell since last December but his condition did not become critical until the day previous to his death.

Mr. Arsenault was born April 12, 1889, at Egmont Bay, a son of Stephen J. Arsenault and Philomene Pitre, his wife, both of French descent. He was educated at St. Joseph University, N. B., where he received his B. A. degree.

His first wife, who predeceased him by several years, was formerly Miss Bernice A. MacDonald, daughter of Hon. J. A. MacDonald of Indian River, from whom he had two children, Leonce and Adrien.

He subsequently married Ellen MacNeill at Traveller's Rest, who survives. There are three children from that marriage, Leonard, Helen and John.

Four brothers also survive. They are, Joseph, Beloni and Philirome in the United States and Emilie Arsenault on the old homestead in Egmont Bay.

Dr. Bonnell says British spirit Is unbreakable

Island-born Pastor Of New York Church Reports On Visit To Great Britain.

NEW YORK, June 29—(CP)—The spirit of the British people is "absolutely unbreakable," with an unflinching determination to "see it through," Dr. John Sutherland Bonnell, pastor of Fifth Avenue Presbyterian Church told his congregation today in reporting on his six weeks visit to war-torn Britain.

"There is no whimpering, no self-pity, no hint of peace at any price," said Dr. Bonnell. "When the hour of final ordeal comes, these people will give a good account of themselves, and with the mounting help of the United States they cannot fail. They are fighting the battle of all freedom-loving peoples of the world and through their sacrifice immeasurable gain will come to mankind."

Dr. Bonnell, formerly pastor of Westminster United Church in Winnipeg and native of Prince Edward Island, went to Britain early in May as the representative of the Federal Council of Churches of Christ in

Suspect fire bug Loose in Saint John

SAINT JOHN, N. B., June 29—(CP)—Suspicion that a "fire bug" is loose in this city grew stronger today after two early morning fires destroyed most of a building on main street and damaged a nearby wagon shed.

The larger fire threatened the lives of 13 residents in four flats over Mahony's drug store. Trapped with both front and back stairways a mass of flames, they were rescued by ladder.

All of the three-storey building was burned out but the drug store and a Chinese laundry.

Both fires were believed set. The first, discovered quickly in the wagon shop, was soon extinguished. There were signs that papers and wood had been piled around a beam where the fire started.

Fire Chief C. A. Cunningham said the larger fire also had all the indications of having been set owing to the rapidity with which the flames spread.

There was no estimate of the financial loss.

R.A.F. resumes Attacks after Weather clears

Daylight Sweep Over Northern French Coast Fails To Encounter Enemy Plane.

LONDON, June 29—(CP)—"Extremely bad" weather compelled the Royal Air Force to suspend its night offensive upon Germany Saturday night and ended the air force record for consecutive nightly attacks upon Reich territory. It was the first night in the last 17 in which there was no air attack upon the Rhineland, the Ruhr and other areas of northwest Germany.

Today R.A.F. fighters resumed their daylight sweeps of the northern French coast, sweeping up and down throughout the afternoon without encountering a German plane.

On this side of the Channel, up to 8 p.m. there were no reports of any German air action.

German planes were over Britain in what was described officially as a very small number during the night. It was believed they took off

Pope Pius sees War punishment For Man's sins

VATICAN CITY, June 29—(AP)—Pope Pius XII, for the first time, attributed the war today to the hand of divine providence as punishment for the sins of mankind. He did not specifically mention the Russian-German conflict.

In a radio broadcast to the world, the Pope advised Catholics to "trust in God," who would restore "justice, calm and peace" in his own due time after "having let the hurricane loose for a moment on humanity."

The Pope said that to trust in God means "believing that God can permit at times here below" the "predominance of atheism and impiety, lamentable obscuring of the sense of justice, violation of law tormenting of innocent, peaceful, undefended and helpless men."

Trusting in God, the Pope said, means "believing that God at times thus lets trials befall individuals and peoples." These trials were "in the design of justice directed towards punishment of sin, towards purifying persons and peoples through expiations of this present life."

The Pontiff said "nothing in this world escapes" God's providence, and added that "nothing great or small happens which is not foreseen, wished or permitted, directed always by providence to ends which in this world are always inspired by love for men."

Vice-Regal Party Active in Halifax

HALIFAX, June 29—(CP)—Men of the Royal Canadian Air Force and the merchant navy were visited Saturday by the Earl of Athlone and the Princess Alice, and as they climbed into planes and aboard ships the Princess did just everything her husband did.

When they visited the R. C. A. F. base across the harbor in Dartmouth, the Earl climbed into the cockpit of a bomber and toyed with its instruments. The Princess got into the rear gun turret and had her inspection there.

When they went out into the harbor to see its sights, the Earl clambered up a 30-foot ladder to get aboard a grain ship. The Princess accomplished the same feat with the help of a naval officer.

The Vice-Regal party had a special interest in the ships flying foreign flags and in one tanker which limped into port with three torpedo wounds in her side.

Today, after attending a divine service of the navy in a huge new gymnasium, they went aboard a Canadian corvette. The Princess had launched the little craft on its career and she wanted to see how it had fared in its spell at war.

The Athlones will return to Ottawa Monday after inspecting two Upper Canadian army units, the Grenadier Guards and the Irish Regiment. They arrived here late Thursday.

Break Through In Minsk Area Is Acknowledged

Russians have counter claims to Nazi reports of successes; Tell of destruction of 2,500 of Hitler's tanks and 1,500 planes.

(By Henry Cassidy, Associated Press Staff Writer)

MOSCOW, June 30—(Monday)—(AP) — Strong German tank forces which thrust into the Minsk sector of White Russia have been isolated and are imperilled under a constant rain of Russian bombs, the Soviet information bureau declared today. It emphatically denied Nazi claims of gigantic Russian losses of men and equipment.

It countered with these statements of its own:—

Since the war began June 22, "the Germans have lost no less than 2,500 tanks, about 1,500 airplanes and more than 30,000 prisoners of war."

Noting German claims to have captured 40,000 Red army men, captured or destroyed more than 2,000 Soviet tanks and 600 cannon and destroyed more than 4,000 Soviet planes, the Soviet communique called this a "manifest lie" and said actually the Red army had last 850 planes, 900 tanks and 15,000 men missing or captured.

MOCOW, June 29 — (AP) — Charges of German tank brigades across the eastern European plains around the Pinsk marshes toward Minsk and Luck were reported stopped by the Red army today. Soviet troops were said to have met the German supporting motorized infantry in fierce hand-to-hand combat.

Elsewhere, it was announced, Soviet lines held firmly.

The Soviet information bureau communique declared the invaders —who have driven armored spearheads eastward to thrust back Russian defences on sectors about 150 miles apart—had suffered heavy casualties.

"By stubborn resistance and counter-attacks in these directions," the communique said, "our troops hold back the advance of the main body of the enemy forces, inflicting on them heavy losses."

Infantry Fighting Fierce

Infantry fighting was described as particularly fierce in the zones of the railroad towns of Baranowicze, in Old Poland, and Minsk, capital of White Russia, about 80 miles northeast.

Russian tanks and planes co-operated in "several devastating blows" at German tanks in the Luck area in the south, the communique said.

Nazis claim 4,107 Soviet planes, 2,233 Tanks destroyed

BERLIN, June 29— (AP)— The German high command asserted today that 4,107 Soviet Russian planes were destroyed and 2,233 tanks wrecked or captured in Nazi drives which it said had swept through Lithuania well into neighboring Latvia, trapped two Soviet armies and reached the region of Minsk.

(Reuters news agency quoted D. N. B., German news agency, as saying German motorized divisions had passed Minsk, White Russian, capital 20 miles east of the old Polish frontier, and had reached the beginning of the 400-mile motor road to Moscow.)

"New and great success is in preparation," the high command said in issuing its delayed review of the Nazi drive to the east on the eighth day of the campaign.

A series of 12 special communiques, released over a period of five hours, painted the picture of a vast campaign over a 500-mile front that ruptured Russian fortifications south of the Pinsk marshes, drove defenders across Sovietized Poland and pushed 350 miles northeastward from Warsaw along the railroad toward Leningrad.

Record spy Round-up in United States

NEW YORK, June 29—(AP)—J. Edgar Hoover, director of the Federal Bureau of Investigation, today announced the arrest of 29 persons charged with conspiracy to engage in espionage activities in the United States.

He said it was the biggest single roundup of spy suspects made since the passage of the Espionage Act of 1917.

Hoover said 22 of the men were born in Germany. Eighteen were arrested in New York and the others in New Jersey, Michigan and Wisconsin during the last 24 hours.

Beaverbrook Gets New, Vital Post

Churchill shuffles Cabinet to take advantage of Russian campaign.

(By Ernest Agnew, Associated Press Staff Writer)

LONDON, June 30—(Monday)—(AP)—Prime Minister Churchill, shuffling his cabinet for the second time in two months to take swift advantage of Hitler's Russian campaign, today appointed Lord Beaverbrook, Minister of Supply, with responsibility for one of the most important posts in the British war machine.

Simultaneously, Mr. Churchill abolished the post of Minister of State, which Lord Beaverbrook was given in the cabinet changes of May 2 and in which "the Beaver" had been called Vice Prime Minister.

Lord Beaverbrook replaced Sir Andrew Rae Duncan as minister of supply. Sir Andrew went back to his former post as president of the board of trade, replacing Capt. Oliver Lyttleton, who was selected for "special duties abroad." Sir Andrew will continue as chairman of the import authority.

The eight-member war cabinet previously had not included the minister of supply, but the Canadian-born peer, who quadrupled Britain's plane output as minister of air production, retains his important place in the war cabinet under the new set-up.

He was given wide responsibility for making war goods in all of Britain's factories.

The Prime Minister's action was interpreted almost unanimously as meaning Mr. Churchill was placing a new and greater emphasis upon increasing the speed of production of war materials to take the fullest advantage of Germany's engagement against Russia.

Well-posted circles said Lord Beaverbrook had been assigned to the new post because Mr. Churchill felt he would be most useful there.

"The ministry of supply now is certainly one of the most important in the British empire," one source said.

Lord Beaverbrook's duties as ref-

Jury Finds Pair Guilty Of Murder

Frederick Phillips and Earl Lund to be sentenced within few days.

Frederick Phillips and Earl Lund, both Charlottetown men were found guilty of murder by a Supreme Court jury Saturday. Mr. Justice A. C. Saunders, the trial judge did not set a date for fixing sentence but told Attorney General Thane A. Campbell there would be no delay.

The Court adjourned until Wednesday morning. Mr. Justice Saunders said he would pass sentence within a few days.

The jury announced a verdict had been reached after they deliberated a half-hour. Jury foreman Ralph Jenkins of Charlottetown said they found the prisoners "guilty as charged."

The trial occupied six days. A total of 27 witnesses gave evidence, including the two accused.

Attorney General Campbell and Mr. C. St. Clair Trainor appeared for the Crown and Mr. Lester P. O'Donnell for the defence.

Lund and Phillips were found guilty of the killing of 78-year-old Peter J. Trainor, Charlottetown storekeeper, last January 30. The shopkeeper was found dead in a storeroom attached to his small store when police broke into the building after their suspicions were aroused. Phillips was arrested in an unstairs room in the dwelling, attached to the store, while Lund, the other accused was arrested in the back yard after he jumped from an upstairs window in the Trainor residence.

Formal charges of murder were laid against the two in police court the next morning. A few days later they appeared for preliminary hearing and were committed to Supreme Court. They have been in Queen's County Jail since.

The jury which heard the case in Supreme Court was as follows: Ralph Jenkins (foreman), Charlottetown; George Sutherland, Charlottetown; Jerry Adams, Sea View; William O'Shea, Iona; James Doyle, North River; Leith Brown, York; Hector Darrach, Clyde River; John MacDonald, Rice Point; Gordon M. Crockett, York; Brecken Wood, Alexandra; William Molyneaux, North River; Wendelin Morrissey, Union Road.
