

THE CENTRAL GUARDIAN

IT PAYS to buy in the Province.

WESTMORELAND.—Prayer meet- on Tuesday Sept. 29th, at 7.30 o'clock.

NORTH WILTSHIRE.—There will be service at the North Wiltshire Meth- odist Church on Thursday evening, October 1st, at 7.30 o'clock. The Rev. D. McLean of Charlottetown will preach.

SUMMERSIDE EXHIBITION.—A special train leaves Charlottetown for Summerside Thursday morning, Oct. 1st, at 8.30, returning same evening; round trip, \$1.00. Intermediate stop- pings proportionate. \$799.

LITTLE SANDS SOCIETY.—An auxiliary of the Red Cross Society has been organized at Little Sands with the following officers:— President, Mrs. J. D. Livingstone; Vice-President, Mrs. Donald Livingstone; Treasurer, Miss Jessie MacKay; Secretary, Miss Mary G. Smith.

RECENT ARRIVAL.—Among the few immigrants recently arrived in the province is Mr. Thomas Doane, who has excellent recommendations and has secured employment in this city. Mr. Doane is from the Old Country and expects his wife and daughter to come to the island shortly.

SCOTCHFORTH.—Mr. Wm. McDonald, teacher, Souris, West, spent the week-end visiting friends in Scotch- fort.—X. Miss Adeline Peters, teach- er, Rollo Bay, spent the week-end vis- iting in Scotchfort, the guest of Miss Florrie Fisher.—X. Miss Florrie Fish- er, teacher at Glenroy, who was in Charlottetown attending the teacher's convention, returned home Friday evening.—S.

S.S. TYRIAN.—The Cable Ship "Tyrian," Capt. Dickleson, arrived in Charlottetown harbour on Sunday afternoon. She came down from Quebec to inspect the new cable which she recently laid down at Wood Islands, but there sprang up a rather brisk breeze, which later developed into a gale, and the Captain thought it advisable to call here for shelter. Just as soon as the weather clears up she will leave for Maine. She will probably sail today.

BOY SCOUTS.—The Y.M.C.A. Boy Scouts are very busy just now, meet- ings being held twice a week. About ten of the boys have already passed their "tenderfoot" test and are now trying for their second class. The work includes first aid and signalling so far, and later on some of the more advanced practices will be taken up. The troop under the direction of Mr. Morris, of St. Peter's School, are also working hard to get through the test. Later on competitions will be held be- tween the different patrols.

GYMNASIUM CLASSES.—On Tues- day evening the gymnasium classes of the Y.M.C.A. will begin their fall season. Now that the cold weather has set in, the opportunity for enjoying indoor recreation will be appreciated. Apparatus work, basketball, baseball, volleyball and many other games should make each session full of life and interest. The young men's class begins on Tuesday, the boys' class on Wednesday and the students' class on Thursday. Quite a few young men have already signified their intention of joining, and if a sufficient number do so the basketball league will be organized among the class, and every fellow will be on a team. In this way those who have not already learnt the game will be able to do so. The boys' class will be run in somewhat the same way, the idea being to give every boy a chance to play on a team.

WEDDING BELLS.—The Boston Globe of the 25th inst. contains the following marriage notice:—"The mar- riage of Miss Jessie Edwina Gillespie and Edward Pearce Shaw, of South Bend, Ind., took place last evening at 9 o'clock at the home of the bride's parents, Mr and Mrs W. G. Gillespie, of 15 Vancouver Street, Roxbury. Rev. Dr Cortland Myers, pastor of Tremont Temple, officiated in the presence of a small assembly of immediate friends and relatives. The ceremony was performed in the drawing-room, which was decorated with simlax, white roses and palms. The bride wore a gown of ivory white satin, and she wore a veil and wreath of orange blossoms. She carried a bouquet of American Beauty roses and lilies of the valley. The ushers were S. H. McCutcheon and E. E. Howe, both of this city. The bridegroom is a graduate of Harvard and the son of the late Edward Shaw of West Mel- ford. Following a wedding trip to New York and Washington, Mr and Mrs Shaw will reside in South Bend, Ind., where they will be "at home" after Jan. 1st, 1915. The bride, who is a daughter of Mr W. G. Gillespie, of Charlottetown, was attended by her sister, Miss Nellie. The bride- groom is also a Prince Edward Islander, having formerly resided at Brackley Point. A photograph of the bride appears in the Boston Globe.

MISS GORMAN RETURNS.—Miss Bertha F. M. Gorman returned to Charlottetown on Saturday night from a two months' visit to Boston and New York. While abroad, Miss Gorman learned all the new dances, of which she speaks enthusiastically. Miss Gorman will open classes very shortly.

HAMPTON, ETC.—The Sacrament of the Lord's Supper will be dispensed in the Presbyterian Church at Bon- shaw on Sabbath, October 4th, at 11 o'clock. The preparatory service on Friday evening at 7 o'clock will be con- ducted by Rev. J. H. McHattie. Ser- vices will be also conducted at Ham- pton at 3 p. m. and at Tryon at 7 p. m.

PATRIOTIC MEETINGS.—Meetings in the interest of the Army Field Ser- vice Fund will be held at Little York on Wednesday evening, 29th, at which Mr. R. H. Campbell, Superintendent of Education, Dr. Dewar and others will speak. At Corran Ban on Thurs- day a meeting will be addressed by several speakers, and at Fort Angus- tin on Friday evening will be addressed by Dr. Furtson, D. Nicholson, M. P. and others. All meetings begin at 7.30.

ARMY FUND.—A meeting in the interests of the Army Field Service Fund was held at Hartney Hall, Vil- lage Green, last night, at Little York being presided over by Mr. R. H. Dewar was appointed chairman and Fred Robert- son Secretary. After the chairman had explained the object of the meet- ing Mr. E. S. Weeks, Pownal, and Rev. W. McVie, of Hazelbrook, deliv- ered stirring addresses. Papers were appointed to canvass the different sec- tions of country in that vicinity in the interests of the Army Fund and the Belgian Relief Fund. The meet- ing was enthusiastic and closed by the singing of the National Anthem.

BACK FROM VALCARTIER.—Among the passengers arriving in Charlottetown by the express last night were two of the militiamen who went from this island to Valcartier to prepare for service with the Canadian contingent at the front. A few nights previously Gunner Frank Major, one of the militiamen who volunteered for this island for active service and was with the Valcartier troops, also returned to the island. His return was necessitated by the illness of his mother, at whose request he was re- lieved of service. These men have re- ceived their regular discharges.

PREPARING FOR WINTER.—The cold weather is already making itself felt, and householders are beginning to bring out their stoves from the lumber-rooms and such other places as these indispensable articles are kept. Messrs Bruce Stewart have re- ceived quite a number of orders for heating arrangements, the biggest and most important of these undertakings being the heating of St. Dunstan's Cathedral. The firm will also heat St. Peter's Cathedral and a number of private dwellings, including those of Mr. B. Stewart, James Stewart, Samuel Kennedy, Dr Alley and the business premises of Messrs Beer & Weeks. In Dr H. D. Johnson's house they will install a hot air furnace system.

HYMENEAL.—An interesting cere- mony took place at Watermen on September 22nd, at 7 p. m. when Miss Sadie Matheson became the wife of Mr. Athol Spurgeon Roberts. The nuptial knot was tied by the Rev. D. MacLean. They were unattended, immediately after the ceremony the happy couple drove to the house of the bride's parents, Mr and Mrs. Ken- neth Matheson, Oyster Bed Bridge, where a number of the immediate friends of the contracting parties had assembled to welcome them. A very pleasant evening was spent and the young couple start out on life's jour- ney together with the very best wishes of the entire community, as the bride is one of the most popular young ladies of the settlement. The Guard- ian extends its congratulations to Mr. and Mrs. Roberts, wishing them a long and prosperous journey through life.

CACOUNA WRECKED.—The intel- ligence will be received with regret by many persons, principally in the city and in Summerside, at which the vessel was a regular caller, that the Black Diamond Line steamship Cacaoua is a total wreck on the Newfoundland coast near Cape Race. Relief, however, will be occasioned by the fact that though the vessel will be a complete loss, her crew have escaped to safety. The disaster to the Cacaoua is only one instance of a consider- able amount of damage that has been caused to fishing, property and sea- board structure by serious hurricanes which for the past ten days have raged in those waters. The Cacaoua left St. John's for Sydney on Saturday and went ashore during a gale that night off Ferryland near Cape Race. Mr. Edward Cullen, Pownal street, received a telegram last evening from his brother, Fred Cullen, "First Mate of the ill-fated steamer, that he, with the rest of the crew, had arrived safely in St. John's, Nfld.

ST. DUNSTAN'S CATHEDRAL.—Construction of St. Dunstan's Cathed- ral is proceeding apace, and it is expected that at Christmas the work will have been sufficiently far ad- vanced to permit the use of the build- ing for the purposes of worship. The scaffolding has been shifted from the front of the Cathedral and in the course of the next few days the big derrick will be taken down and the towers removed. After this work on the front steps will be begun. The steps will be of concrete, inside faced with cut stone. The scaffolding has been re- moved from both spires, and all that remains to complete them is the put- ting in of the window frames and the copper work around them. The same remarks apply to the fleche in the middle of the roof. About 90 per cent. of the slating has been completed, and work is going ahead rapidly on the new sacristy. With the exception of the front steps, all the outside con- crete work is finished. Only four lintels remain to be set over the base- ment windows. Work is being pushed forward on the metal laths forming the vaulting of the main roof, and this will be plastered with cement. The plaster work in the basement will begin to-day, as will also the installa- tion of the heating system, for which Messrs Bruce Stewart & Co. will be responsible.

RED CROSS MEETING.—At Little York last night a successful meeting was held in connection with the local efforts on behalf of the Red Cross Society. Excellent addresses were deliv- ered by the Hon. Judges Fitzgerald and Haszard.

SPECIAL MEETINGS.—In spite of the inclement weather there was a large attendance at the prayer meet- ing last night in Zion Church. After the singing of many of the old favour- ite hymns and the offering of prayer for blessing upon the Church and com- munity in all their interests, the pas- tor spoke on the subject of "The re- pairing of the Altar" and pleaded for a revival of the grand old custom of reading God's Word and offering prayer at the family altar. He showed how in Israel the altar fell into decay through neglect and that was the secret of their apostasy and conse- quent suffering. Miss Maymie Ross sang very effectively the fine old hymn, "Softly and tenderly Jesus is Calling." The meetings begin every evening at 8 o'clock and all are heartily welcome. The subject to-night will be "Private and Public Religion."

THE PRINCE EDWARD.—Seats were at a premium in the Prince Edward Theatre last night, and long before the conclusion of the first show patrons were crowded in the aisles, on the stairs leading to the balcony and along the different corridors. The many followers of the serial photo- play, "Lucille Love," saw the girl of the film—just having got the missing ranch and pass through hostile lines safely to the American border. She was not content with her liberty, how- ever, and endeavoured to secure her stolen papers, and the instalment closed with Lucille in Lobeque's power, after having got the missing papers in the latter's house. The picture was featured with beautiful scenery and magnificent photography, and it was punctuated with loud bursts of applause. Two excellent films, "Testing Fire" and "The Peril of the Plains," were produced to the per- fect enjoyment of all. A whole reel of laughs was given in a really funny comedy entitled "Universal Ike's City Elopement."

THE PEOPLE'S.—The People's Theatre was crowded last evening, as it is hardly necessary to state. An excellent programme was put on, "The Musician's Daughter" being an un- usually strong drama, well acted, with a clever, winning heroine—the popu- lar actress Maude Fealy. Underlying the plot, which was well developed, was a good moral, and the picture was intense in interest. It was produced by the Thanhouser Company, the pro- ducers of the famous "Million Dollar Mystery" series of pictures which were begun at this theatre on Friday last. "The Right Man" was another splen- did drama, featuring the cleverest motion picture players of the day, Earle Williams and Lillian Walker. The ninth series of "Our Mutual Girl" was shown and was perhaps better than any of its predecessors, the popular character taking the leading part in many an interesting and most exciting incidents. "Our Mutual Girl" is perhaps one of the most interest- ing serials being shown, and nobody would think for a moment of missing any number of it. "Percy's First Holi- day" was a first-class comedy and supplied a pleasant relief against the seriousness of the dramatic part of the programme. It evoked continuous laughter from the first scene to the last and was highly appreciated. Two more pictures will be shown tonight.

RUSSIANS REACH HUNGARY. LONDON, Sept. 28.—Pursuing their success the Russians have pushed over the Carpathian range and captured Hszok (Hungary) near the source of the river Ungh with numbers of guns artillery, stores and prisoners, says a Petrograde correspondent to the Morning Post. Thence the Rus- sians have descended into the plains of Hungary.

DO YOU SUFFER FROM BACKACHE? When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be despondent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer. The old reliable medicine, Hood's Sarsaparilla, gives strength and tone to the kidneys and builds up the whole system. Get it today.

Meet Me At The Always Busy Store
