Magnificent Bequests Of Late Monsignor Gillis To Island Institutions

INJURED BY RUNAWAY HORSE

Struck by a driverless runaway horse attached to a truck wagon, Mr. Allan McPhail, Bonshaw, sustained a very painful injury as he was walking along Prince Street near the Polyclinic Saturday afternoon about 4.30. Mr. McPhail received a deep scalp wound, severe cuts about the face, and bruises on various parts of the body. When examined by nurses of the Polyclinic, who were the first to reach him, Mr. McPhail was unconscious, and was bleeding profusely. He quickly recovered consciousness and was rushed to the Prince Edward Island Hospital, where he is reported to be resting comfortably.

\$20,000 To Saint Andrew's Society For Education And Other Purposes—Bequests In All Amount To \$55,000.

(Special to The Guardian)
SUMMERSIDE, April 26.—In his will, dated February 14th, 1930, and in a codicil dated February 19th, 1931, the late Monsignor D. J. Gillis, pastor of Indian River Roman Catholic Church for thirty years, left to St. Andrew's Society for education of boys, the sum of \$10,000. He also made the following bequests: The Kensington Parish for the purpose of building a new Catholic church, the sum of \$10,000 to be paid to the parish priest and trustees of the church at Kensington.
To the church at Indian River, the sum of \$5,000.
To the convent in Miscouche, \$4,000.
To St. Dunstan's University, \$5,000.
To the Roman Catholic Orphanage, \$2,000.
To the Parish of St. James, Free-town, \$3,000.
In the codicil were the following additional bequests:
To St. Andrew's Society, the additional sum of \$10,000 in all twenty thousand.
To Chinese Missions, \$1,000.
To the Prince County Hospital, \$1,000.
To the Church Extension Society, \$1,000.

WORLD WILL BE COMMUNISTIC IN 200 YEARS

Soviet Is Convinced Rest of The Universe Will "Line Up"—The Situation in Russia.
(British United Press)
NEW YORK, N. Y., April 26.—The Soviet is convinced the rest of the world will be converted to Communism in 200 years and that the United States will be the last nation to yield, Clarence Warren, San Francisco mining engineer, who spent a year working in Russia, said on his return today. China and India will come under the "Red" banners in three years, in the opinion of leading Communists, Warren declared, and England and the remainder of Europe will follow by 1945.
"I never saw anyone smile while I was in that country," Warren said. "Even Americans seem to become influenced by the seriousness of the Russians, especially American women who live in Russia." "From an industrial standpoint, there is a tremendous amount of waste in the Soviet. Production costs are about three or four times what they are in the United States." "Just now there is a surplus of highly trained technicians in the country, but there is a shortage of skilled labor. Another factor that causes waste is the inability of the Russian factories to make standardized products; for instance, bolts, supposedly identical, often vary so much they are useless. One trouble is that women are doing much of the technical work, while the men are being trained to be soldiers. I have heard rumors that a plant that has been turning out tractors was going to be converted into a war tank plant."
Warren said he believed Russia would work its way to some degree of efficiency in 30 years if unimpeded by other nations. When the time limit for the five year plan is up, he said, there will be another plan, perhaps similar in many ways, to spur the people on. "I am convinced," he declared, "that many of the people in Russia, who do not belong to the Communist party, are tired of the whole system, but they dare not protest, because the Communists control the army."
"Another interesting feature was the fact that Communist technicians despite the fact they receive only 280 rubles a month regardless of the troubles a month look prosperous. I asked one of them about it and he winked, which may mean there is some form of semi-legal graft for them."

Premier Holds War Time Spirit Is Needed Today

BENNETT PRAISES VALOR OF CANADIAN TROOPS IN FRANCE—ADDRESSES VETERANS.
OTTAWA, April 26.—Paying an eloquent tribute to the valor, courage and determination displayed by Canadians in the Great War, Premier R. B. Bennett struck a highly optimistic note for the future of Canada. The Prime Minister spoke at the Red Cheveron dinner on the sixteenth anniversary of the second Battle of Ypres.
"I assure you," the Conservative Premier exclaimed, "how greatly I appreciate the contribution you are making, in addition to what you have already done, to the national life of this country. The valor, courage and determination, those high qualities displayed during the Great War, are needed as much today and will make this Canada of ours a finer country in which to live and die."
Feelingly, the Prime Minister recalled his visit to the Ypres salient last fall, his reading of the names of fallen Canadians written on the Menin Gate monument and the names of departed fellow Canadians written on the crosses in the cemeteries on the Ypres sector. "It made one think," he declared, "that a country that can inspire such men is a country worth living for." As he visited Vimy Ridge and other war

Princess Like Queen Victoria

WHERE PRINCESS BETSY GETS HER GOOD LOOKS

An interesting photographic study of late Queen Victoria, with Princess Mary, daughter of present King and Queen, sister of Duke of York and, of course, aunt of the five-year-old Princess Elizabeth, who had her birthday party last week. The resemblance of Princess Mary, who is the great granddaughter of Queen Victoria, to the wee Princess Betsy, the great great granddaughter, is quite striking.

WOULD ENTER NAVAL ACCORD WITH ITALY

Result of British Gov't's Rejection of Her Naval Proposals Regarded as Rebuke to French Attitude.

(British United Press)
PARIS, April 26.—France would be willing to consider entrance into a naval agreement with Italy exclusive of Great Britain, as a result of the British Government's quick rejection of the French building proposals, it was learned today. The British reply to the French proposal, it is regarded as a rebuke to the French attitude on the naval treaty. The British note, handed the French yesterday, disagrees with the French interpretation of the replacement clauses in the proposed Franco-Italian naval pact, arranged some weeks ago at Paris through the urgent mediation of the British Government. France wanted to replace 66,000 tons of warcraft which would be obsolete between now and 1936, when the London naval treaty calls for another naval conference—and Britain insisted that this was outside the terms of the London Pact and that replacements should be left up to the next conference.

Dom. Census Will Be Exhaustive

Mr. A. J. Pelletier, Assistant Chief of Census Bureau, Here To Instruct Commissioners On Census Taking. Stupendous Task Begins June 1.

The Dominion census which is to be taken during the month of June will be more comprehensive and detailed than any yet taken in the history of the country, states Mr. A. J. Pelletier, Assistant Chief of the Census Bureau, Ottawa who is in the city at the present time to meet and instruct the census commissioners of the three provinces.
In the schedule regarding population, there will be many new questions in connection with occupation and unemployment, from which it is expected it will be possible to ascertain the cause of economic depression throughout the country. Mr. Pelletier says that each person living on June 1 will be enumerated. Any person dying after that date will be included in the population while those born subsequent to June 1 will not. The jury system of crediting to each individual their place of permanent residence will be followed, rather than the de facto system in vogue in many countries.
Statistics regarding institutions will be made much more complete than heretofore, due to the fact that much detailed information is required by social organizations. More complete information will also be available on merchandising and service establishments, and much light will be thrown on the distribution of the Dominion will fill will be particularly exhaustive. An advance copy of this schedule has been already sent to each farmer, and the farmer will save much time by filling it before the enumerator calls.
To carry out the stupendous task of census taking, 232 census commissioners have been appointed, one for each constituency in the Dominion. In each constituency there will be appointed 50 to 150 enumerators.

Make Successful 'Chute Jump

(Canadian Press)
OTTAWA, Ont., April 25.—As nonchalantly as bathers taking a morning plunge, twelve officers and non-commissioned officers of the Royal Canadian Air Force tumbled into space from a height of 2,000 feet here today in one of the most spectacular exhibitions of parachute jumping ever staged in Canada. The display was remarkable in that every flier who went aloft completed what is probably the most hazardous part of the air force training with landings that were perfect or near perfect.

EMPLOYMENT Proceeds From Customs Seizures

(Canadian Press)
OTTAWA, Ont., April 25.—Employment in Canada was lower than for the preceding three years, but higher than the other two years of the record compiled by the Dominion Bureau of Statistics. At the beginning of the current month 809,823 persons were employed by the firms reporting and on whose reports the record is made. This compares with 902,833 on March 1st. "Maritime Provinces, there was a further decrease in employment in the Maritime Provinces on April 1, with the 549 co-operating employers reduced their payrolls by 6,584 persons to 69,546. Construction was slack and logging showed important seasonal losses, while manufacturing and shipping were decidedly brisker, and trade also showed improvement.

Early Potato Planting In N. B.

(Canadian Press)
FREDERICTON, N. B., April 25.—One of the earliest plantings in the record of New Brunswick potato growing industry has been made during this year by unusually early season and the good condition of the ground for farming. The season is about three weeks ahead of the average time. Several growers in the central part of the Saint John valley and Carleton County, began seeding this week. The planting of early varieties for the local market is well advanced in some places. The majority of the large growers, however, fearing May frosts, have not started operations and will likely not do so for another week or two. Experience gained in former early seasons has provided a warning. A curtailment in the acreage of potatoes this year, amounting to about fifteen percent is now in prospect.

Princess Mary 34 Years Old

(Special to the Guardian)
LONDON, April 25.—Princess Mary, Countess of Harewood, was 34 years old today. From early morning messages of congratulation poured into the Chesterfield House, Mayfair, where she and her husband known formally as the Viscount Lascelles, but recently raised to an Earldom, live.

ODDFELLOWS CELEBRATE NATAL DAY

Members of I. O. O. F. And of Alpha Rebekah Lodge Attended Divine Service at Central Christian Church Yesterday.
The Oddfellows of the city celebrated the 112th natal day of the order yesterday by their annual church parade. At 11 o'clock yesterday morning the members of the lodge marched one hundred strong from their Lodge Room to the Central Christian Church, where they were met by the Rebekahs. There an appropriate sermon on the subject "Fraternalism and Service," was preached by the pastor, Mr. W. L. Outhouse. The Oddfellows' Ode was sung, Mr. B. G. Aorn taking the solo part. At the conclusion of the service the parade returned to the Lodge Room for dismissal.
Col. H. M. Davison marshalled the parade. The course was from Richmond Street to Queen Street, along Queen Street to Kent, along Kent to the church.
Mr. Outhouse preached from the text found in Luke 22, 27. He dealt chiefly with the principles of the order, friendship, love, truth. Much could be written or said about each. The ideals of the Oddfellows are ideals of righteousness, and the lodge is peculiar in the type of service it renders. When one thinks of the Rebekahs, one naturally thinks of the same service. It is right that people should set themselves apart for distinct service. Christ set Himself apart, and took the form of a servant, with His aim of redeeming the world. Benevolence is supposed to be the watchword of every fraternal organization. One's friendship should not be confined to those whom one loves. Each should remember the injunction "Love your enemies." The greatest weapon against enemies is non-violence, the overcoming of evil with good.
On Tuesday evening the members of the order, including the Rebekahs, will continue their celebration by a social gathering in their Lodge Room, which will include cards and dancing.

New Governor Of Alberta Is Appointed

(Canadian Press)
OTTAWA, Ont., April 25.—Hon. W. L. Walsh, Judge of the Supreme Court of Alberta has been appointed Lieutenant Governor of Alberta. Official announcement of the appointment was made by the Government today. The new Lieutenant Governor succeeds Hon. William Egbert.

Million Dollar Conflagration

(Special to the Guardian)
LENOX, Mass., April 25.—Fire swept the fashionable summer resort colony in the Berkshire Hills here today destroying the largest hotel, several cottages and a large stretch of woods before it was brought under control. Damage was estimated by the Lenox Police Department at \$1,000,000. Hundreds of which burned rapidly.

Will Have Record Crop

(Special to the Guardian)
TOPEKA, Kas., April 25.—Kansas has prospects of breaking all wheat production records this year, according to the State Board of Agriculture. Its reports disclose farmers are planning to feed or pasture their wheat because the wheat prices are lower than they have been in 35 years. The record breaking Kansas wheat crop for all time was slightly under 180,000,000 bushels. The crop reported by the Board estimates the probable yield at 177,000,000 bushels, showing that the farmers do not reduce their wheat acreage just fall when urged to do so by the Federal Farm Board.

King George At Derby On Own Birthday

(Associated Press)
WINDSOR, Eng., April 26.—The King will become just a plain citizen tomorrow for a short time, while he answers the prying questions of the census taker. Among the many million census papers which are to be collected beginning tomorrow will be that of the King, who insisted that he wished to chronicle the personal information in precisely the same way as the humblest of his subjects.

Will Become Just A Plain Citizen for Day

(Associated Press)
LONDON, April 26.—Arrangements are being made, it is understood, for the King and Queen to attend the Derby this year. Derby Day comes on the King's birthday, June 3.
To avoid conflict between the race and official celebration of his birthday, the King has asked that the trooping of the colors parade be postponed until June 6. A military pageant would take the place of the Horse Guards' parade at Whitehall.

The Weather, Etc.

(Special to the Guardian)
WASHINGTON, April 25.—Federal expenditures next year will be about \$315,000,000 less than this year if present estimates hold good, President Hoover has announced.

Temperatures
Maximum 55
Minimum 41
High tide this afternoon at 3.45
and tomorrow morning at 6.44.
Sun sets this evening at 6.55 and rises tomorrow morning at 4.55.
Full moon Saturday, May 2, 11.4 a. m.
Summerside tide eighteen minutes later than Charlottetown.

"Delicious Biscuits, Bread so Good, the Flour We Use is ROBIN HOOD"
