So she passes it on to others: To one quart of stoned cherries add four quarts of sugar and one large desertspoonful of ground ginger. Boil 30 minutes and seal in self-sealers.

PROMINENT BUSINESS MEN VISIT.—Three prominent Montreal business men, Senator Lundy, C. Webster, Mr. Coltart and Mr. Fred Shaw, who have been enjoying a holiday trip through Nova Scotia and New Brunswick, arrived in the city on Monday night, feeling their outing would not be complete without a visit to P. E. I., the home of the celebrated silver black fox. Senator Webster has been here on former occasions, but the other two gentlemen were making their initial visit to the Garden Province and they were duly impressed as they motored to Summerside yesterday afternoon, later going to Bordentown to cross by the car ferry. While in the city, guests at the Victoria, the party had the pleasure of meeting several of our foremost fox men and talking with them on the future outlook of the fur business here and of the coming fur sales in Montreal. They emphasized in no uncertain voice the advantages for the Province of a central fur sales Market in Montreal, where there is a substantial and growing demand for the island's silver foxes. Senator Webster is an enthusiast and feels that the central fur sales in Montreal will be the popular place for P. E. Island foxmen to send their skins and harnesses for the coming September and January sales every support.

DR. SMALLWOODS office will be closed until Aug 15th.

TWO EXPRESS COMPANIES Operations of Canadian Express and Canadian National to Be Under One Management.

PUBLIC TO BENEFIT Will Increase Available Supply of Express Cars and Other Vehicles, Says Management.

A further step in the coordination of the services of the Canadian National and Grand Trunk Railways under Government auspices is announced today. A circular signed jointly by Mr. D. B. Hanna, Chairman of the Board of Directors, Canadian National Express Company and Mr. Howard G. Kelley, Chairman of the Board of Directors of the Canadian Express Company, says: "Effective September 1st, 1921, the operation of the Canadian National Express Company and the combined business will be continued thereafter under the name of the Canadian National Express Company. Mr. John Pullen, heretofore President of the Canadian Express Company, will be President of the Canadian National Express Company and Mr. W. C. Muir, heretofore General Manager of the Canadian National Express Company, will be Vice-President and General Manager."

News of the consolidation of the operations of the two express companies will be received with interest by the commercial community. The Canadian National Express Company and the combined business will operate over 22,000 miles of railway extending across the continent from St. John, Halifax and Sydney, on the Atlantic, to Vancouver and Prince Rupert on the Pacific, and will have in addition an extensive organization in Europe. The two express companies, operating as units, had a combined annual gross revenue in excess of \$12,000,000 and did business with the public through nearly 1,500 established agencies. That the consolidation will mean increased facilities for the public in the conveyance of goods by express is the view of the management.

"The advantage to the public of this unified express service will be found in the larger car supply of the combined railways," said Mr. John Pullen, who has been named as President of the Canadian National Express Company. "The cars of various types, such as ventilated cars, refrigerator cars, horse stable cars and steam-heated cars for winter service, can be more readily obtained, as they can be used interchangeably throughout the national system of railways. Furthermore, the vehicles it possible to respond more readily to calls from the public. There is also being worked out a consolidation of local offices in various cities under a single direction, thus making it possible to add to the public convenience and avoid duplication."

"Between the large centres such as Montreal and Toronto," continued Mr. Pullen, "exclusive special express trains will continue to be operated, the arrival and departure times being arranged as to allow of forwarding packages as late in the day as possible with delivery to consignees early on the following morning. The new company will continue to give special attention to the development of the heavy fish traffic from the Atlantic and the Pacific Coasts and the inland lakes, as well as the heavy fruit traffic of Ontario and British Columbia, and to the movement of certain farm products, articles of value, etc., for which the express service is especially adapted. There will also be carried on, as in the past, such

That Tired Feeling Loss of Appetite Weakness

so common at this season are promptly relieved at little expense and with no inconvenience by

Hood's Sarsaparilla

Efficient and economical blood purifier and general tonic.

Financial operations as the issuance of express money orders, travellers' cheques, telegraphic transfers, etc. Every officer and employee of the extensive system of national railways can be depended upon to co-operate heartily with the Express Company to render to the public a safe and expeditious express service."

Asked if this consolidation would be likely to result in a reduction in force and loss of position by old employees, the management expressed the opinion that there would be ample work for all the worthy and experienced employees of both companies.

DOMINION WOOL MARKET REPORT

Week Ending Aug. 2nd, 1921

Reports of new orders received by Canadian mills and the generally greater activity in textile manufacturing give a more cheerful tone to the Canadian wool market. Orders are being placed steadily although buyers are operating cautiously. Prices have remained steady and according to the Bradford reports, are almost identical with British prices for similar wools.

The Wool Record and Textile World of Bradford, England, reports very favorably on samples of Canadian wools shown there by Mr. G. E. O'Brien, Manager of the Canadian Co-operative Wool Growers, Ltd., during his recent trip to England.

The American wool market is reported as doing a fair business, especially in the finer grades and there seems to be a general optimism there as to the immediate future of the trade.

THE MARKETS

MONTREAL, Aug. 4.—Receipts of butter at Montreal yesterday were 743 packages as compared with 4,959 packages on Tuesday of last week, and 1,327 packages on the corresponding day in 1920. Yesterday's market was very quiet, there again being an almost absolute absence of inquiry over the cables. Prices remained firm with a slightly weaker undertone. At Gould's Cold Storage 900 packages were offered yesterday, this being sold at the co-operative prices which prevailed on Monday.

Local wholesale prices were quoted yesterday as follows: Pasteurized creamery 39 1/2 to 40c. Finest creamery 38 1/2 to 39c. Fine creamery 37 1/2 to 38c.

Receipts of cheese yesterday were 18,919 boxes as compared with 19,339 boxes a week ago yesterday, and 18,875 boxes on the corresponding day a year ago. A decidedly weaker trend developed in this market, only 447 boxes out of a total of 2,296 boxes of Ontario goods offered at the United Dairy-men Co-operative sale being sold, the sale being of No. 1 colored at 23 1/2c. At Gould's Cold Storage 6,000 boxes of Eastern goods were offered. This offering was bought in at 23c, at Montreal.

ISLE VERTE, Quebec, Aug. 4.—At the dairy board there were 900 boxes butter sold at 38 5/16c.

COUNTRY PRODUCE

There was no new feature to note in the local egg market yesterday, there being a steady demand from domestic buyers and prices remained unchanged. Foreign inquiry was practically nil with little business passing over the cable. Receipts of eggs here yesterday were 1,935 cases as compared with 1,427 cases last Tuesday with 2,680 cases on the corresponding day a year ago.

Wholesale jobbing prices were quoted as follows:

Table with 2 columns: Item and Price. Includes Extras 43c to 44c, Extras 40c to 41c, No. 1 candled stock 34c to 35c, No. 2 candled stock 31c to 32c.

Wonder Land

There is a Wonderland—not merely for the Alice who found it long ago, but for all who can shut the world out once in a while and let their fancies flow.

At such times Blue Bird Tea, bearing a breath of Romance from the India, laden with the scented fragrance of Ceylon.

Brings Happiness!

Trade in maple products remains quiet as usual at this time of year with prices nominally unchanged, maple syrup in 4 1/2 gallon capacity being quoted at \$1.50 and maple syrup at 15c to 17c per pound according to quality.

The local potato trade is confined almost entirely to a new crop stock, which is selling in small lots of immediate requirements at \$2.75 per hundred pounds. As for the old crop stock offerings are few and demand slow. Green Mountains being quoted at 50c, and Quebec stock at 45 per bag of 90 pounds, extra.

Armistice Day May Be Chosen

WASHINGTON, Aug. 5.—Great Britain's willingness to accept any date the Washington administration might desire for the opening of the forthcoming disarmament, led to the definite suggestion of November 11th, Armistice Day, as an appropriate occasion.
