## Why Gum-Dipped Cords Carry You Farther at Less Cost

How far a tire goes depends upon how much friction is generated inside the carcass, for friction causes wear in a tire just as it does in your motor. In Firestone Gum-Dipped Cords a special Firestone process thoroughly insulates each cord in a solution of new, live rubber. Cords cannot rub together, so friction is guarded against and wear minimized. You can reduce your tire expenditure this season by equipping with Gum-Dipped Cords. They will carry you farther at less cost and help make every mile safe and pleasant.

There is a dealer near you who likes to give value. He sells Firestone Gum-Dipped Cords and Steam-Welded Tubes—the tube that increases mileage because it is leak proof.

INSTITUTE MEETING. — The monthly meeting of the Hazel Grove Women's Institute was held at the home of Mrs. Garfield Stevenson on Wednesday evening, April 2nd. Fifteen members and two visitors were present. Meeting opened with the Ode. The minutes of the previous meeting were read and adopted. After the regular business had been finished the election of officers took place. The following officers were elected for the coming year: President, Mrs. Garfield Stevenson, (re-elected); vice-president, Mrs. Benjamin Craswell; secretary-treasurer, Mrs. Ella Ferris; auditors, Mrs. John Pound and Mrs. Leslie Weeks; directors, Mrs. Catherine Buchanan (re-elected), Mrs. Pope Bagnall, Mrs. Angus Nicholson, Miss Rita Pound and Miss Alma Weeks were appointed delegates to attend the convention. After the officers were elected the following program was then well rendered: Recitation, Mrs. Ella Ferris "Don't You Tell"; solo, Mrs. Garfield Stevenson "Beautiful Isle of Somewhere"; instrumental music, Miss Rita Pound and Mrs. Frank Nicholson; chorus, by the members, "My Mother's Prayers." WONDERFUL FOR BREAD. — The St. Lawrence Flour Mills have reason to feel greatly pleased with the success of "REGAL" FLOUR in Prince Edward Island. The sales of this flour now give promise of eclipsing the combined sales of several of the old favorites in the local market. The explanation is that "REGAL" FLOUR has such wonderful bread making qualities, that its attraction for housewives is irresistible. Are you a housekeeper? If so, we warn you that sooner or later you will fall under the spell of this wonderfully fascinating flour.

"THE DEACON" AT HUNTER RIVER. — On Tuesday, April 8th, the Dramatic Society of New Glasgow presented their popular five-act comedy drama "The Deacon" in the Hall at Hunter River to a fairly large audience. Owing to the fact that the roads were not good and the play had been presented in several places near Hunter River, the hall was not so crowded as on former occasions, but all were pleased with the clever work of the performers, and a very enjoyable evening's entertainment was given. All the parts were well taken, but the proposal scene in which "Pete," the colored servant man (Mr. Cecil Laird) substituted, in turn, first the "Deacon" (Mr. R. Houston) and then Miss Amella (Mrs. B. Dickleson) creating a sensational situation amid the great consternation of the whole household, provoked an outburst of mirth which lasted several minutes. The part of the "boy" in the play was well taken by Revel Dickleson, for Revel is "some boy." After many vicissitudes the story ended happily (as most stories do) with the villain punished, the innocent exonerated and the family united. The last was brought out in the singing of "Auld Lang Syne," which served as a very fitting conclusion for this splendid play. The specialties between acts were thoroughly enjoyed by the audience as testified by the hearty encores. It is not unfair to the rest to make special mention of the quaint little

## If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them. Like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a class of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes, and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

action duet of "Ye Olden Times" given by the Misses Clark and Stewart. This number certainly made a hit. The National Anthem brought the entertainment to a close. After the play the performers were entertained at the Globe Hotel, where lunch was served by some of the ladies of Hunter River. On behalf of the club, Mr. Preston Campbell extended a vote of thanks to Mr. and Mrs. Taylor and the ladies for their kindness.
