GERMANY COURTING AMERICAN GOOD WILL

Desires an Understanding with England and Suggests Manner in which it May be Brought About. England Must Stop Ramming Submarines but Latter not to Stop!

BERLIN, June 15.—The Lokal Anzeiger prints a noteworthy article on German-American relations by its general director, Eugene Zimmerman, which, coming on the heels of Friday's conciliatory article, is taken to mean that influential representatives of politics and business are standing behind this paper and exerting their efforts for a German-American understanding.

that there may be a second side to the question of arms shipments, on which the press for months has been harping. Herr Zimmerman pays his respects to what he terms "type-writer heroes," who, far from the front, are preaching war to the knife against everybody, and concludes: "We wish to act and write with blood and iron, but just because we are fearless and determined we may look for possible ways by which to arrive at an understanding with America. We need not close up our department of incoming and outgoing declarations of war, which heretofore has worked nobly, but it seems to me that we can curtail the output somewhat without incurring a reputation for excessive caution."

A new form might be given to naval warfare, Herr Zimmerman continues, on the basis that passengers on ships with special marks of identification and sailing under the government guarantee that they are unarmed, should receive proper consideration at the hands of submarine commanders. The compromise must also involve the withdrawal of the British Admiralty's instructions to merchantmen to attack and ram submarines on sight.

P.E. ISLANDER COMMANDS REVELSTOKE PLATOON

The Mail-Herald of Revelstoke, B.C., pays a high tribute to Lieutenant C. G. McLean, son of Mr. A. A. McLean, M.P., of this city, who has been placed in command of the Revelstoke platoon recently organized for overseas service. The Mail-Herald reports a meeting held on Thursday of last week in honour of Lieutenant McLean and his company, describing it as "probably the most remarkable meeting ever held in Revelstoke, in point of number, earnestness and enthusiasm."

WILL COST \$15,000,000 A DAY FOR THE NEXT THREE MONTHS

This was the Announcement Made by Premier Asquith in Moving Vote of Credit for One and a Quarter Billion Dollars for War Expenditure. Sounded a Note of Warning and of Confidence, Impressing Upon all the Duty of Helpfulness.

(Special to the Guardian.) LONDON, June 15.—Premier Asquith, in moving a vote of credit for \$1,250,000,000, informed the members of the Commons to-day that the expenditure in the next three months would not be less than \$15,000,000 daily (Special to the Guardian.) LONDON, June 15.—Referring to the construction of the new Government, Premier Asquith claimed on behalf of his new colleagues the staunchest adherence of their respective political parties. "The situation is without parallel in our history," the Premier added, "the demand which it would make upon the energies of the nation and upon the patience and foresight of the Government and the confidence felt by one in the other could not be measured by any precedent. But our national policy remains unchanged, to pursue this war at any cost to a victorious issue."

Dealing with the situation since March, the Premier emphasised the importance of the accession of Italy to the cause of the Allies. He said it was impossible to overestimate the moral and national value thereof. In concluding, he said: "In every speech I have tried to strike two notes, a note of warning as to the gravity of our task and a note of confidence as to the future. There is no discord between the two. We shall do well to continue to pay no heed to blind counsel or hysteria and panic. We have for the moment one plain, paramount duty to perform, to bring to the service of the State the willing, organised help of every part of the community. There is a fitting place and fitting work for every man and every woman in the land. Be it sooner or later, it will certainly come when our cause has been vindicated and there is once more peace on earth. May it be recorded on that day in the annals of this nation that there was no home and no workshop in the whole of this United Kingdom which did not take its part in the common struggle and earn its share in the common triumph."

ALLIED AIRMEN BOMBARD KARLSRUHE ON THE RHINE

(Special to the Guardian.) KARLSRUHE, June 15.—Five hostile airmen bombarded Karlsruhe for forty-five minutes this morning. Several persons were killed or wounded. A number of places suffered material damage. Karlsruhe is on the Rhine, a distance of 75 miles from the French frontier. It has a population of 100,000.

REPORTED LOSS OF AGAMEMNON DENIED

(Special to the Guardian.) LONDON, June 15.—Official denial was made to-day to a report circulated in the United States that the British battleship, Agamemnon, was sent down in the Dardanelles by a German submarine.

BRITISH TRAWLERS SUNK BY GERMAN

(Special to the Guardian.) LONDON, June 15.—The British trawler Argyle was torpedoed and sunk to-day by a German submarine. Of the crew of eleven men four were saved.

GERMANS REPORT TOWN CAPTURED

(Special to the Guardian.) BERLIN, June 15.—Official announcement was made to-day that Austro-German forces operating in Galicia captured the town of Mocsiska.

25,000 AUSTRO-HUNGARIANS TO MEET THE ITALIANS

(Special to the Guardian.) INNSBRUCK, Austria, June 15.—Twenty-five thousand Austro-Hungarian troops left Trent yesterday, advancing against the Italians on the Riva Roverto front.

BETTER TREATMENT FOR PRISONERS

(Special to the Guardian.) BERLIN, June 15.—As a result of American mediation the exceptional treatment which was being accorded German submarine boat prisoners in England and an equal number of British officers prisoners in Germany, has been discontinued. Germany to-day notified the American embassy that the British officers who were selected for retaliatory treatment here would, like the submarine prisoners in England, hereafter be confined with the other prisoners of war, and given the same treatment. With this incident out of the way it is hoped that the negotiations between Germany and Great Britain for the release by them of enemy civilians who are incapacitated for military service, which were interrupted when the captured crews of submarines were placed in confinement, may be resumed. The negotiations at that time were virtually complete.

GOVERNMENT'S GRANTS FOR RELIEF IN WEST

OTTAWA, June 15.—The Government has spent \$11,674, 958 in relief works in the West. The Minister of Finance makes the statement that since August last the Dominion Government had advanced for the purchase of seed-grain for the Saskatchewan and Alberta, the sum of \$8,159,958.25, and for relief to settlers in the drought-stricken districts of those two provinces the sum of \$3,515,000, making a total of \$11,674,958.25. It is expected that further amounts will be paid out on these accounts before the Fall, and to cover the probable additional expenditure, a further sum of \$750,000 will be required.

SUMMARY

(Special to the Guardian.) LONDON, June 15.—The Austro-German rush in Galicia is on again. Both Berlin and Vienna officially lay claim to progress along practically the entire southeastern front and Lemberg seems again to be in danger. Mocsiska, to the East of Przemysl, has been captured by the Austro-Germans, and according to German contention the Russians are falling back South of the railroad connecting Przemysl and Lemberg. All Russian counter attacks have been repulsed with gains for the Teutons from a point north of Przemysl into Bessarabia. Far off as this front is from England and France it is being watched more closely than the Western front because it would appear that these operations are being pressed in an attempt to clear Galicia of Russians preparatory to a breathing spell in the east likely to be followed by a crushing blow aimed at Italy. Fighting is growing harder daily along the Austro-Italian frontier and in view of past performances, it is considered reasonable to assume that Germany will throw a great mass of troops on this front and endeavor to sweep into Italy and hold her ground there, just as she has done in Poland, Belgium and France. Fighting in France around Arras, while bitter and marked by daily attack and counter-attack, has reached the stage where the German French official communications flatly contradict each other. On the whole it is believed here, the advantage has been with the French. That England is prepared for long siege operations is indicated in an official statement just issued, explaining the nature of the trench warfare prevailing, although asserting that the Turkish offensive is not so sharp as formerly.

BRITISH ADMIRALTY TO TAKE FURTHER STEPS AGAINST SUBMARINES

(Special to the Guardian.) LONDON, June 15.—The new activity of the German submarine fleet, which resulted in the sinking of more than thirty vessels last week, is expected to bring forth additional protective measures by the Admiralty. New First Sea Lord Jackson is known to be devoting most of his attention to the question, and it is believed will be able to arrange further safeguards for vessels along the British coasts.

DARDANELLES NOT YET FORCED

(Special to the Guardian.) LONDON, June 15.—There have been so many rumours recently that the Allies forced the Dardanelles, that Sir James H. Dalziel asked Premier Asquith this afternoon in the House of Commons if there was any truth in such reports. "None whatever," was the reply. The Premier said it was not in the public interest to say anything now about the Dardanelles. The operations there are of the highest importance, he added, and they will be pushed to a successful conclusion.

TOTAL BRITISH NAVAL CASUALTIES

(Special to the Guardian.) LONDON, June 15.—13,547 officers and men of the British navy, including marines and members of the naval division, were killed or wounded or reported missing from the beginning of the war up to May 31, according to announcement made in London to-day. Of this total 8,245 were killed.

DROWNING ACCIDENT AT TRYON, P.E.I.

Death entered Tryon on Saturday last with startling swiftness when Oscar Edwin, eldest son of Mr. and Mrs. Albert Mabey was drowned, while fishing from the Abolcou Bridge. His hook became entangled and in bending over the bridge to disentangle it, he lost his balance and fell in. His brother, who was with him, ran for his father. By the time they reached the spot he had floated under the bridge, and had come within twenty feet of the bank when he succumbed from exhaustion and sank before the eyes of his parents and sister. The body was found a few hours later. Oscar was in his thirteenth year, and was one of the best known and best liked boys of the community, always courteous and polite, he was long in need, and his cheerful good temper made him a favorite at school and home alike. Besides his father and mother, there are left to mourn two half sisters and six brothers and one sister. The funeral took place on Sunday from the Methodist Church and the crowds that thronged the church testified to the respect for the lad and to the deep sympathy the people extended to the family by the Tryon and the surrounding communities. The pall bearers were chosen from the young men of Tryon, Austin Smith, Percy Farrar, Douglas Metcalf, Brenton Howatt, Harrison Bell and Russel Dawson.—U.

SUPREME COURT IN SUMMERSIDE

Two Lewis Brothers Found Guilty of Jail Breaking. Now Arraigned for Shooting with Intent to Murder or Maim. First Panel of Jury Exhausted. Tales Called by Sheriff.

What probably was one of the strongest judicial charges ever made in Prince County and indeed in the province was delivered to the Jury yesterday morning by His Lordship, Mr. Justice Hazzard, in summing up the case which Calvin and Irving Lewis were charged indictably with having on the 20th March last broken out of the jail at Alberton, where they were confined in lawful custody. His Lordship's charge was uncompromisingly against the defence and the accused were found guilty after the Jury had been absent about an hour.

Mr. J. J. Johnston who on behalf of the defendants had closed the case the day before, yesterday morning addressed the Jury, speaking for an hour and ten minutes. He reviewed the evidence in detail, arguing that the defence had proved that the Constables, Barbour and Brown, when the shots were fired were standing in such a position that they could not possibly be struck. He claimed that the accused did not fire the gun with the intention of killing or injuring the constables but merely for the purpose of opening the case for the prisoners for which they were searching. He contended that if they had had any intention of striking either of the men they could have done so without leaving the barn. He also argued that the prosecution had failed to establish the charge of riotous behaviour and stated that the defendants left the jail not by force but by reason of the fact that someone else who had been in the lock-up before had broken the bars, thus leaving an irresistible exit to any one who might be there afterwards. He spoke at considerable length on the evidence of the defence, claiming that it was in such a state as to be absolutely uninhabitable.

He was followed by the Attorney-General who spoke for upwards of an hour. Mr. Mathieson went over the evidence drawing attention to the testimony of Brown as to the security of the jail when the prisoners were locked there. He dealt with the remark of the counsel for the defence challenging them and reviewing the evidence to show that the prosecution had fully established the case against the prisoner. With regard to the statements of Mr. Johnston respecting the witness Brown, who was described by him as being unfit for his position and only "a minion of the law with more ambition than brains in his head," the Attorney-General pointed out to the Jury the arduous and dangerous nature of the duties which Mr. Brown, who Prosecutor Barbour had to perform in Alberton and he asked the question, whether any sane and sensible man among them would imagine for a moment that the municipal authorities of Alberton, the Mayor of which, Mr. Agnew, was a former member of the members of which comprised the best element in the country, would keep Brown for nearly two years in the position which he held if he were the irresponsible character that counsel for the defence had endeavoured to make them believe he was. He urged the Jury to disregard the aspersions which counsel had passed on the characters of Brown and Barbour and to deal with the evidence as submitted to them.

ROMANSHORN, Switzerland, June 15.—The exploit of the Canadian aviator, Lieutenant R. A. J. Warneford, in destroying a Zeppelin in Belgium last week, may result in a change in design of Zeppelins manufactured hereafter.

Some of the engineers at the Zeppelin works at Friedrichshafen have been at issue with Count Zeppelin on the question whether the dirigibles could be attacked successfully by aeroplanes. The Count's technical assistants had insisted that the Zeppelins of the newest model should carry less weight in men and bombs so as to be able to rise more rapidly if attacked by aeroplanes. The Count, however, dissented from this view, deciding there was no danger of successful attacks.

CARS BLOWN UP AT TORONTO

TORONTO, June 15.—A terrific explosion of acetylene gas took place at the G.T.R. freight sheds, West Toronto, this morning. The freight sheds were damaged, three freight cars shattered and windows broken a mile away. Two men who were unloading the explosive were badly injured and taken to the hospital. Frank Ryding is not expected to recover and Mark Grebbel is badly burned. The damage is estimated at \$5,000.
