injuries or lost homes and families during the air raids.

Definite announcement has been received from London of the coming to Canada of four British Boy Scouts who have seen long and distinguished service in their home cities during the Nazi air raids. The boys are expected to arrive in April and will tour the Dominion, meeting Canadian Scouts and addressing public meetings on air raid precautions and rescue work as carried out in Britain. They will first cross the Dominion to British Columbia, and begin their tour there, working eastward. The boys are Stanley Bethell of Birkenshaw, Roy Davis of Southampton and Hugh Bright of Glasgow. All are troop leaders.

Speaking of national services rendered in the past by American Boy Scouts, Senator Arthur Capper of Kansas, addressing the Senate, declared that he felt considerably safer as an American, and far more hopeful of the future because of the strenuous efforts of the American Boy Scouts in the United States. "The trust we must impose in our boys is important, grave," he declared. "But that trust is well placed. You see evidence all about you of the way the Boy Scouts are assuming their responsibility to their country."

The 2nd St. Catharines Knox Church Boy Scout Troop is developing a Boy Scout pipe band, with three sets of pipes, a bass drum and three small drums.

The value of Boy Scout training in first aid was once more demonstrated recently when a young Kitchener woman on the way to church was caught between a post and one of two colliding taxis. A leg was almost severed and it was the Boy Scout who first reached her and applied the technique which prevented speedy bleeding to death.

During a Nazi air raid on Newcastle-on-Tyne, an 8-year-old Wolf Cub, Newton Shipley, was found hanging headdown in the debris of his home. Both legs were broken—one had subsequently to be amputated—and to all appearances the little lad was dead. Having freed him, the Warden, leath to put him through a holding in his arms, when the boy's eyes opened, and he smiled. "You're a very brave boy a-ent you," said the Warden. "Replied the boy, "Of course. Don't you know I'm a Cub?"

The incidence of Canada's first annual Boy Scout Week and the opening of the 2nd Victoria Loan campaign resulted in combined evening bonfire programmes in a number of centres. At Barrie a big bonfire was built by the Boy Scouts out on the ice of Lake Simcoe, and lighted with due ceremony. At Barrie a beacon was burned jointly by the Scouts and Girl Guides in City Hall Square, and at Leithbridge, Alta. in spite of sub-zero weather which kept many adults away, the Scouts celebrated with a big bonfire on the sports field of the R.C.M.P. barracks. At Moose Jaw's big municipal beacon two Scouts and two Guides bearing unit torches were escorted up platform steps to the official party, where members of

It was tough but they did it. The grinning group above is part of the combined Commandos Navy and Air Force raiding party which attacked the great French Port of St. Nazaire in one of the most spectacular actions of the war. They're pictured as they arrived back in England for a Hero's welcome.

Scout News and Notices

One of the war service projects of the Boy Scouts of Canada, was the making of a first-aid stretcher.

Four knitted afghans have been made by the Wolf Cubs of the Hamilton Scout Group, and sent to Scout Headquarters in London.

During the recent annual meeting of the Ontario Boy Scouts Association, Commissioners from all sections of the province turned in contributions to the Baden-Powell Chins-Up Fund for British Scout war sufferers totaling over \$600. To date Scouts of the province have sent nearly \$15,000 to London for the benefit of Wolf Cubs and Boy Scouts.
