THE Edmonton Journal of the 6th inst has this paragraph referring to the Rev. C W Corey, who formerly was paster of the Baptist Church in this city. "Rev C Corey preached his farewell sermon as pastor of the First Baptist church here. Mr Corey leaves next week for the Maritime provinces to enter upon his duties as representative there of Western Baptist Missions. During his three years of residence in Strathcona, Mr Corey has become an ardent westerner and the west will certainly profit by his influence in the province down by the sea. Mrs Corey and family will continue in the Baptist parsonage until spring. The pulpit committee of the church have arranged for Rev D Alexander to preach regularly until a permanent pastor can be secured as successor to Rev Mr Corey."

ON Saturday morning at 9 o'clock the West Kent school hockey team lined up for a return match with C. B. C's. Although there were some changes made in the college team, which were considered for the better, they met with a worse defeat than in the former match. At half time the score was 2 to 0 and finished 5 to 0 in favor of the school boys. Isaac Pound made an excellent referee. The teams lined up as follows:

WEST KENT SCHOOL		C. B. C.
A. Rattenbury	goal	Geo. Brown
Frand Daziel	point	John McDonald
Will Stanaway	C. point	N. Winchester
Geo. Stanaway	forwards	Percy Cox
Percy Younker	"	E, Nicholson
Pike Newsom	"	Louis Lafferty
Arthur McLeod	"	Ham Steele

It is worthy to note that the West Kent Street School hockey team has not met defeat this season. They have defeated Prince of Wales College second team, and have won twice from the C.B.C. The management of the West Kent School team has been endeavoring to complete arrangements for a friendly game with Summerside High School. At first, the westerners were to come down, and after all arrangements were made with the rink managers here, word was forwarded that they could not come, then arranegments were made for the West Kent School team to go to Summerside. All preparations were made for the trip, and on the evening before they left the following message was sent over the wires "cannot get rink tomorrow." A friendly game between these teams is being looked forward to by all the younger lovers of sport.

ALBERT WEBSTER, the Prince Edward Islander who was severely injured by a falling tree at Cocagne River, New Brunswick, recently, is doing well under the care of his physician, Dr. R. L. Botsford.

THE crowd grows larger each night at the Hillsboro, and in consequence the Directors may have an announcement to make to the skating public which will render this Rink even more popular than it is now growing.

THE funeral of the late David A. Bears, of North River, has been postponed until Wednesday, when it will take place at the hour of two o'clock p.m. from his late home. This has been done in order to await the arrival of the deceased's son A.H. Bears, from Winnipeg, Manitoba.

BY a typographical error in the advertisement of Robert Bagnall, Hazel Grove, the number of acres of land is given as 196½ in place of 169½. This farm is excellently situated in one of the best farming centres in the Province and should readily obtain a purchaser. For further particulars see and in another column.

THE New Glasgow Chronicle says: New St. Andrew's congregation is moving to extend a call to the Rev. Dr. Sinclair, who preached to them for a couple of Sundays lately. Rev. Dr. Sinclair is a son of the minister at Montague, P.E.I. and a nephew of Rev. Mr. Sinclair of Springville in this county. We do not know Dr. Sinclair personally, but he looks and preaches like a sane, level headed man.

DR. HENRY JOSEPH GAFFNEY, a physician of thirty five years' practice, died in Salem Saturday. He was born in Charlottetown, P.E.I., in 1847, and was educated in private schools, at National Academy and St. Dunstan's College in Charlottetown. Upon graduating at the Harvard Medical School he returned to Charlottetown, where he practised for a year, and was Government medical inspector of Indians. He came to Salem in 1872. He was a member of the board of overseers of the poor five years, and of the school board for nine years. He was a member of the Massachusetts Medical Society, of the Essex South District Medical Society, and a fellow of the Royal College of Physicians of London.—Boston Transcript.

THE Guardian is indebted to the Chief Passenger Agent of the North Eastern Railway with headquarters at York, England, for one of the neatest and most attractive leaf calendars ever received. It is printed on exceptionally fine heavy calendared paper, beautifully lithographed, and contains views of Bamburgh Castle, Robin Hood's Bay, Scarborough, Aysgarth Falls, Barnby Moor, and York Minister and Bootham Bar, all among the beautiful scenery of the popular North Eastern Railway. The back of each leaf contains suggestions of general information for holiday seekers, and no person should fail to include the north eastern part of England, especially Yorkshire, when making a trip to the mother country.
