Tariff Increases Running Up To 500 Per Cent Ordered By Min. Of Economics And Agriculture — States Will Be Hard Hit.

A Recluse

FOUND AFTER SIXTEEN YEARS
Alois G. Buyers, world-famous sculptor who has been mysteriously missing for over sixteen years, and who was found February 2, on an isolated chicken farm at Richmond, Rhode Island. Mr. Buyers (pictured above in the studio on his farm) is now eighty-eight years of age and has lived as a recluse ever since he vanished.

HOLD UP NETS BANDITS \$325,000

SACRAMENTO, Cal., Feb. 9.—(C.P.)—More than \$325,000 in currency and Bank of America bonds were stolen by three bandits in a daring holdup at the main post-office at seventh and 18th street here tonight.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

**Announcements are inserted in this column at 2 cents per word, strictly payable in advance.

**Skate, Mount Herbert tonight. Hawks vs. Pownal Saturday night. 8043-11

BERLIN, Feb. 9.—(A.P.)—Tariff increases running up to 500 per cent, calculated to curtail drastically if not to prohibit imports of lard and livestock were ordered today by Alfred Hugenberg, Minister of Economics and Agriculture.

The new duties, effective Feb. 15, will hit exporters in North America and South America particularly. About two-thirds of Germany's lard is imported from the United States. The 1931 import value of that American commodity was \$12,000,000. Last year's figures have not been compiled.

A statement accompanying the order explained that the tariffs are intended to protect German livestock prices which are now about 40 percent under the pre-war level. Items which will be affected, with the new and old rates in marks are: Livestock, 50 against 24.5; sheep, 45 against 22.5; swine, 50 against 40; fresh meats, 100 against 45; ordinary cuts, 150 against 60; choice cuts, 280 against 120; lard, 50 against 10.

MOLLISON SUCCESSFUL IN FLIGHT

Intrepid Flyer Covers 4,000 Miles In Four Laps.

NATAL, Brazil, Feb. 9.—(Canadian Press Cable)—Captain J. A. Mollison scored another signal victory over fatigue, mileage and time today when he brought his little four-cylinder plane down here in time for supper after a 1,750 mile hop across the South Atlantic Ocean which was the last lap of a 4,800 mile journey from England. The popular British aviator, concluded this, his latest great flight, in good health and high spirits.

"She's a sweet little ship," he said with a caressing glance at the "Heart's Content", just after it had finished the trans-Atlantic flight from Thies, Senegal, on the west coast of Africa in roughly 18 hours. His total elapsed time from Lymington Aerodrome, England, which he left Monday morning, was three days and 10 hours.

His habitual aversion to praise (Continued on Page 3)

War Debts

LONDON, Feb. 9.—(Associated Press) Speculation was aroused in parliamentary circles tonight as to whether Sir Ronald Lindsay, Ambassador to the United States who is conferring with the government on the debts issue, has communicated again with President-elect Franklin D. Roosevelt.

He remained at the Foreign Office with Sir John Simon, the Foreign Secretary, most of the day while the five members of the cabinet principally concerned with the debts issue continued their deliberations without him. It was made known that Sir Ronald will meet the cabinet committee again tomorrow.

A golden silence on the debts prevailed in the House of Commons today, but Prime Minister Ramsay MacDonald took occasion to make it clear that for the present Great Britain is not prepared to return to the gold standard, thus probably eliminating any American hope of raising this question effectively during the conference at Washington next month.

LINDBERGH'S SECOND SON THREATENED

Two Youths Charged With Attempting To Extort \$50,000 From "Lindy" Or Kidnapping Of His Baby As Alternative To Payment.

ROANOKE, Va., Feb. 9.—(A.P.)—Two youths were arrested here today and charged with attempting to extort \$50,000 from Colonel Charles A. Lindbergh with kidnapping of his second son as the alternative to payment.

Joe Bryant, 19, and Norman Harvey, 26, both residents of Roanoke, were taken into custody shortly after they attempted to cash a \$17,000 cheque which police operatives, masquerading as representatives of the famous flyer, had planted in a tree stump.

The second threat to Colonel Lindbergh was made public less than 12 months from the night his first born was spirited away from his crib and murdered in the Sourland Hills of New Jersey.

Bryant and Harvey denied knowledge of threatening letters sent to Colonel Lindbergh and asserted they did not correspond with Robert C. Johnson, chief of the Roanoke police identification bureau, who registered at a local hotel and posed as a representative of Colonel Lindbergh, depositing letters in a hollow stump.

Mrs. Harvey, apprehended by police when Harvey sought to get in an automobile she occupied, was held tonight for questioning.

N.B. UTILITY BOARD PROBES LIGHT CHARGES

City Of Fredericton Lodges Complaint Of Rates Charged For Electricity.

(Canadian Press) SAINT JOHN, N. B., Feb. 9.—An outline of charges he felt would be reasonable was given to the New Brunswick Board of Public Utilities this afternoon by Prof. John Stevens, University of New Brunswick engineering dean, because of complaints of the city of Fredericton against the Maritime Electric Co., Ltd., regarding rates charged by the company for electricity.

He suggested a fixed service charge of 50 cents per month for domestic purposes and one of 90 cents per month for commercial purposes. The fixed charge for domestic service is now 90 cents per month while a varying scale of service charges prevails for commercial service.

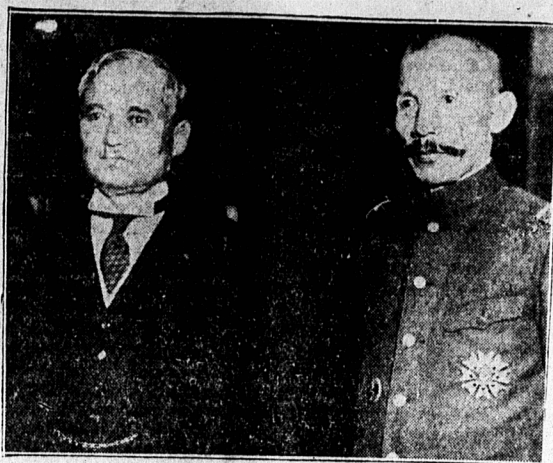

Frenchmen Will Try To Break Record

ISTRES, France, Feb. 9.—(A.P.)—After chafing for hours at a strong wind that delayed their take-off on a projected long distance flight, Lucien Bossoutrot and Maurice Rossi, French flyers, announced tonight they expected to start Friday morning.

Their goal, they have announced will be either Java or South America, and their aim will be to break the distance record set Wednesday by the two British officers, O. R. Gayford and G. E. Nicholls, who flew 5,340 miles from Lympne, England, to Walfish Day, South Africa.

The Frenchmen had their sturdy monoplane made entirely ready for a start early today.

Disagree On Policies

FOREIGN POLICY ASSAILED AND DEFENDED

Count Yasuya Uchida (left), the foreign minister, and General Saeko Araki, the minister of war, are seen here in a discussion. Uchida is a strong supporter of a strong imperial policy on the continent of Asia, while Araki is a proponent of a policy of co-operation with the army.

Heavy Gale Does Little Damage

Mercury Drops As "North West-er" Sweeps N. S. Coast And Gulf Shore, Storm Warnings Lowered

(Canadian Press) HALIFAX, Feb. 9.—A whistling south-west gale which swept the Province in the past 24 hours had abated tonight to a 25-mile wind which blew an icy breath from the north-west as the mercury fled downward with a drop of over 40 degrees.

Nova Scotians buttoned up their overcoats as the temperature dropped to 10.5 degrees above. It had stood at 51.3 while rain lashed the Province a few hours before, swept along in the teeth of Wednesday night's gale.

DAMAGE LIGHT

Known damage caused by the wind and rain storm throughout the Province was fairly light, according to reports received tonight.

Ferry Caught In Heavy Ice

After Twelve Hour Battle The Steamer Was Still Three Miles From Borden.

Heavy ice in the Straits prevented the car ferry steamer, "Charlottetown" from making its afternoon crossing from Tormentine to Borden yesterday, and at a late hour last night the big steamer was three miles from her destination with no immediate prospect of making further progress.

A change of wind or tide will probably enable the steamer to reach the dock without further difficulty. The "Charlottetown" left Tormentine at 3:50 p.m. The morning crossing to Tormentine occupied two hours, from 9:20 a.m. till 11:20.

Hope For Lives Of Little Boys Who Ate Mercury

ROME, Ga., Feb. 9.—(A.P.)—Hope for the lives of two little boys who thought mercury poison was candy and ate it, flared higher tonight with the completion of tests that disclosed a vital internal organ has not yet been damaged.

Everything is gay during the day at the home where Jimmy Doss, three and his brother, Clayton, two, ate the poison in their play Tues-

SMALL VILLAGE THREATENED BY HIGH WATERS

Residents Of Sandy Point, Nfld., Forced To Take Refuge In Upper Stories Of Their Homes.

(Canadian Press) ST JOHN'S Nfld., Feb. 9.—The telegraph operator at Sandy Point today had all the thrills of a wireless man who stays at his set on a water-logged vessel. While the sea lapped at his doorstep he tapped his key and told St. John's that high tides had broken through one of the breakwaters protecting the little village on a virtual island in Bay St. George; that water had reached his door, three feet above the ground.

Many of the village's people had "taken to the rigging." They took refuge in the upper stories of their dwellings as the encroaching sea found a way into down-stairs living quarters. Others of the 450 who live there had splashed six miles to the mainland over the six mile sandspit which is the settlement's only connection with the coast.

Prophesies Coalition Gov't. In S. Africa

(C.P. Cable) JOHANNESBURG, South Africa, Feb. 9.—(C.P. Cable) — Tielman Roos, Supreme Court Judge who left the Bench to agitate for a National Government, prophesied tonight "Coalition will be an accomplished fact within a day or so and there will be a general election in the near future."

Mr. Roos made his statement during the course of a political speech before a large Johannesburg audience.

FREE STATE SENATOR ON WAY TO STATES

Will Investigate Possibilities Of Floating A Loan For His Government.

(C. P. Cable) DUBLIN, Irish Free State, Feb. 9.—(C. P. Cable) — Senator Joseph Connolly, new Minister of Lands and Fisheries and former representative of Irish Republican organizations in the United States, left here tonight for the United States on orders of President Eamon De Valera.

Senator Connolly was said to be going to New York on an important mission connected with payment of outlawed Dail Republican loans raised from American subscribers largely through Mr. De Valera's efforts. He will sail from Southampton on the German liner New York.

It was understood he would investigate possibilities of floating a loan for the Free State Government.

Observers attached some significance to the fact his departure coincided with the eve of Anglo-American war debt conversations. It was thought he might avail himself of the opportunity to canvass Irish-American opinion regarding the Anglo-Irish dispute on land annuities and find if its reaction might be useful in a request for concessions from the United Kingdom.

President De Valera is known to think Irish-Americans might adopt an attitude demanding Britain pay her debt in full to the United States if she insists on full payment from the Free State.

Wheat Must Be Shipped Through Canadian Ports

Second Test Shipment To Liverpool Has Been Refused The Six Cents A Bushel Preference.

WINNIPEG, Feb. 9.—(C.P.)—A second test shipment of Canadian wheat, forwarded from New York to Liverpool on the steamer Britannic a month ago, has been refused the six cents a bushel preference according to a cable received here today from the Liverpool consignees.

The reason given by customs authorities, according to the cablegram which was addressed to the shippers, was that the shipment did not comply with the regulations under which the preference was granted.

The first test shipment was made on the Laconia last December and English customs authorities ruled that it was not entitled to the preference. Following this decision a second shipment was decided upon, and this time a change was made in the documentation which shippers thought would meet requirements of British customs regulations. However, according to the cable, the purchaser had been notified he cannot procure the grain (Continued on Page 3)

DUTCH GOV'T. LOSES VOTE OF CONFIDENCE

THE HAGUE, Holland, Feb. 9.—(A.P.)—A crisis was threatened tonight after the government was defeated on a question of confidence in the lower chamber of the States General (Parliament). The vote was 51 to 38.

Queen Wilhelmina, who is in Switzerland, was informed of the situation.

The lower House of the Parliament lately has been considering the naval mutiny in the East Indies.

Que. Budgets For Surplus

(Canadian Press) QUEBEC, Feb. 9.—Surplus of \$62,214 for the coming fiscal year which ends June 30, 1934, was estimated by Hon. R. F. Stockwell, Provincial Treasurer, in his first budget speech delivered today in the Quebec Legislative Assembly.

Faces Charge Of Manslaughter

(Canadian Press) YARMOUJN N. S., Feb. 9.—Albert Hatfield, 17 year old youth accused of killing John Jeddy at St. Alphonse De Clare on January 24, was committed for trial before the next session of the Supreme Court by Magistrate Emil Stehelin at Little Brook today on a charge of manslaughter.

Hatfield had been charged with murder after Jeddy dropped dead with a bullet through his body in the post office at the little Acadia village. On arraignment a week ago, Magistrate Stehelin adjourned the hearing to ascertain whether the matter of reducing the charge came under his jurisdiction. V. J. Pottier, K. C., defence counsel, had asked for a change, which was opposed by Crown prosecutor Frank Jones, K. C.

Jeddy's death followed several altercations with Hatfield, who after shooting came to the home of his foster mother, she told the coroner's jury, and said "I have just shot Johnnie; it is too late now; I should have let him beat me."

WOODSWORTH RESOLUTION IS DENOUNCED

Liberals And Conservatives Join In Criticism Of C. C. F. Proposals.

OTTAWA, Feb. 9.—(C.P.)—The resolution of J. F. Woodsworth (Lab., Winnipeg North Centre) as a Co-operative Commonwealth came under discussion again in the House of Commons this afternoon. The conclusion of the resolution was that "in the opinion of this house, the government should immediately take measures looking to the setting up of a Co-operative Commonwealth in which all natural resources and the socially necessary machinery of production will be used in the interests of the people and not for the benefit of the few."

R. K. Anderson (Cons., Halifax) voiced his opposition to anything that savored of communism. Dr. Anderson strongly advocated the "back to the land movement." Congratulating the government on what it had done on his subject, Dr. Anderson urged continued action.

He did not know what the resolution meant so he proposed "to ask the mover 55 questions," remarked J. F. Pouliot (Lib., Temiscouata) at the outset of his speech. This raised a laugh.

"Put them on the order paper," suggested J. D. Chaplin (Cons., Lincoln). One could not condemn capitalism because of the abuse of capitalism, continued Mr. Pouliot. If the proposal of Mr. Woodsworth was (Continued on Page 3)

APPLES ARE NOW SAID TO BE GOOD FOR REDUCING WELL THEY WORK ON ADAM!

METEOROLOGICAL OFFICE, Toronto, Feb. 9.—Minimum and maximum temperatures: Dawson 12B 101; Victoria 13 28; Vancouver 12 24; Edmonton 22B 38; Banff 22B 2; Calgary 22B 16; Saskatoon 12B 41B 2; London 41B 2; Kingston 16B 6; Ottawa 13B 6; Montreal 12B 41B 2; Quebec 12B 41B 2; Saint John 12 32; Halifax 12 32; Charlottetown 9 24.

FORECASTS
