Cleaning Carpet Sweepers. Try using a very coarse scrubbing brush. It removes the threads, hair, etc., which are so difficult and disagreeable to remove from the carpet sweeper brushes.

Saving the Stair Carpet. In buying stair carpet I always buy one-half yard more than is needed, which I turn under the lowest step. When the carpet begins to show signs of wear the extra piece allows for drawing up so that the worn part falls to the back of the step instead of on it, adding length of life to the carpet.

GOLF

After a lapse of four year the Charlottetown Golf Club this year resumed its old established practice of holding a Club luncheon on Thanksgiving Day. Favored with the finest weather of the Fall the event proved one of the most successful in the history of the Club. There was a record of the of wear the extra piece allows for drawing up so that the worn part falls to the back of the step instead of on it, adding length of life to the carpet.

When lunch was over the President called upon the members to drink to the health of the King and, after complimenting the ladies composing the House Committee upon the completeness of their arrangements, proposed a vote of thanks to them, which was warmly responded to.

The presentation of the prizes for the season then took place, the following being a list of the respective winners with the names of the donors of the prizes.
