—KINSMEN MEETING — The regular meeting of the Kinsmen Club of Summerside was held on Tuesday evening in Coyle's Restaurant with Bill Roach in the chair. A number of community service projects were taken up and passed. Cleve Whalen reported for the committee in charge of the annual toy raffle to be held next Saturday morning. The price of admission will be a new or good used toy and the toys collected will be given to the orphanages. Harold Gaudet reported for the committee investigating the needs of the High School and St. Mary's Academy in regard to further installation of loud speakers. Two years ago the club at a cost of \$1,800 installed radio systems in both schools. Now new rooms have been opened in both schools and the club decided to complete the installation of speakers in the new rooms and in the auditorium of the High School. It is estimated that this will cost about \$350. Elmer Offer presented the report of the Sports Committee for the winter season and it was adopted. The club will operate Juvenile, Midget and Bantam hockey and coaches and managers were appointed. Hockey for the younger boys and the girls will be operated by the supervisor, Jim Hogan. Harold Gaudet reported that the dressing room for the outdoor rink had been completed and that the town have the lights up. He said that flooding was taking place and with favourable weather there should be ice in the near future. President Elmer Murphy reported that three dozen copies of the official Kinsmen song book which had been ordered have arrived. — S.
